School/Student/Parent Compact 2023-2024

It is the goal of Neff Elementary School, in partnership with parents and the school community, to foster academic achievement while empowering students to reach their full potential. A child's success depends on a strong committed partnership between the school and the home.

Parent/Guardian Agreement

I want my child to achieve; therefore, I will encourage him/her by doing the following:

- Ensure that my child is present daily for instruction via online or face to face.
- Support the school in its efforts to maintain proper discipline.
- Show respect and support for my child, the staff, and the school.
- Establish a structured environment/time for homework and will review it prior to submission.
- Attend Parent-Teacher Conferences and stay aware of what my child is learning.
- Be aware of virtual communication platforms.

Student Agreement

It is important that I do my best in school daily; therefore, I will strive to do the following:

- Come to school each day prepared with the essential tools for my success.
- Believe that I can learn.
- Be respectful to my peers, my school community, as well as myself both in person and in virtual settings.
- Complete all classwork/homework assignments.
- Communicate with my teacher, be a cooperative learner, and carry out the teachers' instructions and expectations for learning.
- Ask for help when I need it.

School Agreement

It is important that students achieve to their full potential; therefore, we shall strive to do the following:

- Provide a safe, positive, and caring environment that fosters learning.
- Be prepared each day to provide student-centered lessons based on the state's curriculum.
- Keep an open line of communication with parents to inform them of their child's academic/behavioral progress in various ways. (Phone, Virtual, Email etc.)
- Provide opportunities for parental involvement.
- Always remain professional and positive.

Approach to Virtual Learning

Navigating Towards the Future, Neff's mission, doesn't stop simply because we are in a virtual environment. Leading means navigating towards the future regardless of *where* we are. School may look a bit different, but our approach to developing young leaders continues to guide our decision making.

- Our Campus Instructional Plan includes operational and instructional systems to keep the campus moving during interrupted, or virtual, schooling.
- Our main goal and commitment is to keep instruction at the forefront for all students. The Neff Community commits to providing virtual communication and collaboration, when needed and virtual professional development opportunities will be continuously provided for all stakeholders.
