

At West Briar Middle School, we are committed to creating and sustaining a comprehensive, coordinated effort to improve the overall safety and well-being of our students, educators and administrators. The Say Something Anonymous Reporting System teaches students, teachers, and administrators how to recognize warning signs and signals, especially within social media, of individuals who may be a threat to themselves or others and *Say Something* to a trusted adult OR use its anonymous reporting system.

The reporting system allows students and adults to submit secure and anonymous safety concerns to help identify and intervene upon at-risk individuals BEFORE they hurt themselves or others. At West Briar Middle School, our school counselors, administrators, and law enforcement work collectively to create effective interventions that may prevent violence, bullying, self-harm, and other forms of threatening behavior.
