2023-2024 Houston Independent School District Improvement Plan

Vision Statement

HISD empowers students to become critical thinkers, visionary leaders, and active contributors in their community, fostering a pathway to success for limitless opportunities in a competitive global landscape.

Comprehensive Needs Assessment

Student Demographics

The Houston Independent School District, with more than 189,934 students and encompassing 333 square miles within greater Houston, is the eighth-largest public-school system in the nation and the largest in Texas. There has been a decline in enrollment since the 2020-2021 school year. However, continued improvement in data quality and identification has led to increases in the at-risk and students with disabilities populations.

Achievement Indicators:

HISD consistently underperforms when compared to state and national data. Black and Hispanic students underperform when compared to White and Asian peers. Despite some progress, there are persistent gaps in performance of student with disabilities (SWD) and emergent bilingual students (EB) when compared to peers. Students earn grades in HISD courses that often do not align to standardized testing. Equity of access to college and career readiness programs affects equity of outcomes.

National Assessment of Educational Progress (NAEP) 2022 Results

- There has been a significant decline in the average scale scores for grades 4 and 8 math over the past ten years (2011 to 2022) and since the prior NAEP administration in 2019.
- Since the prior NAEP administration in 2019, the average scale scores for grades 4 and 8 reading have remained about the same, but over the past ten years (2011 to 2022) there has been a significant decline.
- Gaps in performance were compared to other Texas TUDAs (Austin, Dallas, Ft. Worth) and the state of Texas. The ELL/non-ELL achievement gap for HISD is significantly smaller than the gap for Austin for grades 4 and 8 math and reading, but larger than the gap for Dallas, Fort Worth, and the state of Texas for grade 8 reading. The NSLP-eligible/non-NSLP achievement gap for HISD is significantly larger than the gap for the state of Texas for grades 4 and 8 math and reading, for Fort Worth for grade 4 math, and for Dallas for grade 8 math.
- A higher percentage of students overall were at or above the STAAR Approaches performance level than were at or above the NAEP Basic achievement level in 2022. Since 2013, the percentage of students at or above the STAAR Approaches performance level has increased for grade 4 reading and grade 4 math, remained flat for grade 8 reading, and has decreased for grade 8 math, and the percentage of students at or above the NAEP Basic achievement level has decreased for grades 4 and 8 math and reading.
- For all students, there were more TUDA districts with average scale scores significantly higher than HISD in 2022 than in the prior NAEP administration in 2019 for grade 4 and 8 math and grade 8 reading, and less for grade 4 reading. The largest changes can be seen in grade 4 reading, with fewer TUDA districts with average scale scores significantly higher than HISD in 2022 than in the prior NAEP administration.

SAT Class of 2022

- The number of students who took the SAT from the Class of 2022 is 8,662. This represents 79 percent of the entire senior class, an increase of 18 percentage points from the Class of 2021 but a decrease of 14 percentage points from the Class of 2020.
- Using the highest ERW and mathematics scores over the past four years, the Class of 2022 scored an average composite score of 966, an average ERW score of 490, and an average mathematics score of 476.
- The district's Asian and White students continue to outperform the district's African American and Hispanic students, as well as Asian and White students from the state and total group.

PSAT 2022-2023

- The total number of tested students on the PSAT assessments by grade level has decreased when compared to 2019 and 2021 (exception: 10th grade testers from 2021 to 2022).
- PSAT 8/9 and PSAT/NMSQT district performance by subject and grade level was lower than the performance for the state and the total group (international and national testers) in 2019, 2021, and 2022.
- The inclusion of TCAH, a statewide online charter program housed in HISD, masks significant equity gaps in participation rates. Exclusion of these students from participation calculations highlights that African American and Hispanic students are not participating in the PSAT at the same rate as their White and Asian peers.
- Across all assessments, grade levels, and subjects, significant equity gaps exist between PSAT performance and student's race/ethnicity. Specifically, White and Asian students outperform their African American and Hispanic peers.
- Similar to PSAT 8/9 performance, HISD has a larger total score decrease on the PSAT/NMSQT since 2019 than the state and total group.
- Participation and performance differences existed across both assessments as well as across campuses.

International Baccalaureate (IB) 2022

1. For 2022, 1,097 IB students in HISD took a total of 2,942 IB examinations and 1,489 scored 4 or higher, on a scale of 1 to 7.
2. Although the number of students earning an IB Career-Related Program (CP) Certificate has increased from 49 in 2021 to 73 in 2022, the number of students earning an IB diploma has decreased from 197 in 2021 to 131 in 2022.
3. For students enrolled in grades 11 and 12 districtwide, eight percent were enrolled in at least one IB course.
4. Hispanic and African American students are less likely to enroll in IB courses compared to their White and Asian peers.
5. IB Exams taken in the Individuals and Societies academic area represented the highest number of exams for both 2021 and 2022.
6. Out of 40 IB Exams where 5 or more students tested, HISD exceeded world mean scores on four exams. These were Spanish B HL, Geography SL, Astronomy SL, and Music SL.
7. When looking at performance on IB exams by score distribution and race/ethnicity, Asian and Hispanic students had the highest percentage of exams scored at 7 (4.7 percent and 4.6 percent, respectively) while African American students had the highest percentage of exams scoring at 1 (17.9 percent).

Advanced Placement (AP) 2022

8. The number of students districtwide taking at least one AP Exam increased by four percent to 13,823 in 2022 from 13,297 in 2021.
9. The number of AP Exams taken districtwide increased by four percent to 25,339 in 2022 from 24,355 in 2021.
10. The number of AP Exams scored 3 or higher increased by 18 percent to 10,484 in 2022 from 8,884 in 2021, and the proportion of exams scored 3 or higher increased from 36 percent in 2021 to 41 percent in 2022.
11. History and Social Sciences represented the largest category among the seven AP categories with 45 percent of all AP Exams taken districtwide, followed by 17 percent in English.
12. For the 2021–2022 school year, 33.0 percent of high school students enrolled in at least one AP course.
13. Twenty-nine campuses earned more AP Awards in 2022 than in 2021 including eight campuses that increased the number of AP Scholar Awards earned by double-digits.
14. In 2022, the district had a total of 1,074 high school AP Scholars, with 335 recognized with Honor, 719 recognized with Distinction, and 4 earning the AP International Diploma.

Dual Enrollment (OnRamps) 2022-2023

15. A total of 2,074 dual enrollment courses were taken in 2022–23 by a total of 950 students across the district. This is approximately double the enrollment (1,004) and student count (420) in 2021–22.
16. Fifteen campuses offered at least one dual enrollment course in 2022-23 and a total of 16 different courses were offered among them. This includes 10 additional campuses from 2021–22.
17. Forty-three percent of students participating in dual enrollment qualified for college credit in at least one course, with 44 percent of courses being qualified for college credit.
18. Six hundred forty-one courses, or 31 percent, were accepted by the student, resulting in college credit on a UT transcript.
19. The total cost to Houston ISD to provide dual enrollment courses was $189,710 in 2022–2023, which breaks out to a cost of $209.85 per course that qualified for credit.
20. Only 1.9 percent of economically disadvantaged high school students in Houston participate in dual enrollment, compared to 6.1 percent of non-economically disadvantaged students.
21. Despite similar participation rates, achievement gaps exist between various demographic groups. For example, 83 percent of Asian students who participate in dual enrollment qualify for credit for at least one course, whereas only 39 percent of Hispanic students who participate qualify for credit.

Students in different populations graduate and experience post-secondary success at different rates.

Graduation and Dropout Analysis 2021-2022

- Out of 12,754 students in the class of 2022, 10,705 (83.9 percent) graduated. The graduation rate for the class of 2021 was 1.8 percentage points lower than the rate for the class of 2021.

- Among the four major demographic groups in the class of 2022, Asian students had the highest graduation rate (95.3 percent) but represented the fewest number of graduates (504). The lowest rate was Hispanic students (82.5 percent) but represented the largest number of graduates (6,499). Even when compared to the class of 2019, prior to the COVID-19 pandemic, the four major ethnic groups all experienced increases in graduation rates.
- The longitudinal dropout rate for the class of 2022 was 13.0 percent (based on 1,658 dropouts), 2.5 percentage points higher than the rate for the class of 2021, but 0.6 percentage points lower than the rate for the class of 2019 (pre-pandemic). Both the class of 2021 and class of 2022 are at or above 13 percent, reaching a high not seen in this decade.
- Hispanic students had the highest longitudinal dropout rate among the major ethnic groups (14.3 percent), which reflected nearly a four percentage point increase when compared to the previous class of 2021.   Asian students had the lowest longitudinal dropout rate (3.0 percent). Gaps between Asian student dropout rates and other ethnic groups continued to increase for the class of 2022.
- The gaps in performance between Ever English Language Learners in high school (EB/EL 9–12) and their peers persisted across multiple metrics for the class of 2022. These EB students graduated at rates 16.7 percentage points lower than the district average, and dropped out at rates double (26.6 percent) the district average.
- Students receiving special education services (SWD) have continued improving across multiple student outcomes for the class of 2022. Eighty-one percent of SWD graduated from class of 2022, which reflects a 1.3 percentage point increase since last year's class and a ten percentage point increase over the last decade. In addition, SWD dropped out at a rate of 15.5 percent, which is 4.5 percentage points lower than pre-pandemic (class of 2019) and 1.3 percentage points lower than ten years ago.
- In 2022, annual drop rates for students in grades 9–12 rose to the highest rate in a decade (4.3 percent). Annual dropout rates for students in grades 7–8 fell to 2.8 percent but remain significantly higher than prepandemic.
- Eighty-seven percent of the class of 2022 earned a distinguished diploma, and 94 percent of those earned at least one endorsement (10,075 students).
- The most common endorsement earned for the class of 2022 was multidisciplinary studies (40.2 percent) and 19.2 percent of endorsements earned were in STEM.
- The annual district Individual Graduation Committee (IGC) rate decreased by 3.9 percentage points between the 2020–2021 school year and the 2021–2022 school year, which is the lowest district rate since 2017-18. The district rate is below the 10 percent threshold outlined in TEC §39.003(a-10); however, 16 campuses remain above 10 percent and therefore are open to state investigation.

Postsecondary Enrollment: Class of 2022

- For the Class of 2022, the number of students enrolling in college immediately after high school graduation in the fall and within one year of high school graduation has increased back to pre-pandemic levels.
- College enrollment increased at more than half of HISD's high schools from the Class of 2021 to the Class of 2022.
- Among the four largest race/ethnicity groups, Asian students continue to have the highest college enrollment rate.
- Aside from a drop in 2020, the percentage of non-economically disadvantaged students enrolling in college has increased since 2015. However, since the pandemic, less than half of economically disadvantaged graduates have enrolled in college within one year of high school graduation.
- Seventy percent of the college enrollees from the Class of 2022 met college readiness benchmarks as defined by the state of Texas. Only 51 percent of college enrollees met the TSI criteria for both reading and mathematics.

Individual Graduation Committee (IGC) 2021-2022

- The HISD IGC rate fell from 12.3 percent in 2020–21 to 8.5 percent in 2021–22, below the 10 percent threshold.
- The number of campuses above the 10 percent TEC threshold fell from 21 campuses in 2020-21 to 16 campuses in 2021-22.
- Thirty–six campuses maintained a zero IGC rate or decreased their IGC rates from 2020–21 to 2021–22. Wheatley HS had the largest one-year campus decrease (15.1 percentage points).

Significant disproportionalities exist in the risks of different races of students to experience exclusionary discipline. *22-23 Discipline Report*

- In 2020–2021, disciplinary action rates were low due to the COVID-19 pandemic. In 2021–2022 and 2022–2023, the rates increased to similar levels from before the pandemic.
- In 2022–2023, students who were male, Black, received special education services, economically disadvantaged, or considered at risk received disciplinary actions at disproportionately higher rates. Black students were more than twice as likely than their peers to receive a disciplinary action.
- In 2022–2023 for students in prekindergarten (PK) through 2nd grade, the number of total in-school suspensions (ISS) was 20 and the number of total out-of-school suspensions (OSS) was 13.
- In 2022–2023, 9th grade students had the largest proportion of in-school suspensions (27.6 percent), out-of-school suspensions (23.3 percent), referrals to DAEP (26.7 percent), and expulsions to JJAEP percent).
- In 2022–2023, among the race/ethnicity groups, Black students have the highest percentage of missed days of school due to out-of-school-suspensions. Male students, students receiving special education services, students at risk, and economically disadvantaged students also have a rate higher than the district's rate.
- According to chapter 37 of the TEC, out-of-school suspensions are not to be given to homeless students for a discretionary discipline action reason. However, in 2022–2023, homeless students missed a total of 1,987 days due to discretionary out-of-school suspensions.
- In 2022–2023, 193 students in special education were removed from their regular instructional settings for more than ten days due to in-school or out-of-school suspensions.

STAAR 3-8

In spring 2023, over 78,000 HISD students in grades 3 through 8 took the State of Texas Assessments of Academic Readiness, or STAAR, assessments in reading, mathematics, science, and social studies.

Key Findings:

• Reading at the Meets Grade Level standard ranged from 38 (4th grade) to 47 percent (5th, and 8th grades), with a decrease in almost all grades apart from 6th graders at Meets proficiency, as compared to Spring 2022.

• Math at the Meets Grade Level standard ranged from 28 (8th grade) to 43 percent (5th grade), an increase in 3rd, 4th, and 7th grade Meets proficiency standards, as compared to Spring 2022.

• Science showed a decrease in performance for both 5th and 8th grade testers at all proficiency standards (Approaches, Meets, Masters) as compared to Spring 2022.

• Social Studies showed an increase in performance in meets standard, compared to Spring 2022.

• The percentage of HISD students scoring at or above the Approaches, Meets, and Masters Grade Level standards was lower than students at the State level across all grades and subjects.

STAAR EOC

In spring 2023, Houston Independent School District (HISD) students took over 79,000 STAAR end-of-course (EOC) assessments in the following five subjects: Algebra I, Biology, English I, English II, and U.S. History. In general, students must pass the five STAAR EOC assessments to earn a high school diploma from a Texas public or charter school, as required in Texas Education Code (TEC) 39.025.

Key Findings Include:

• The performance gap between the district and state has decreased across all proficiency levels on the Algebra I EOC assessment. However, for all other assessments at the Meets Grade Level standard, the gap has increased.

• The English I and II assessments have the lowest percentage of students meeting the minimum passing standards, but a higher percentage of students meet the grade level standards compared to the Algebra I and Biology EOC assessments. U.S. History continues to have the highest performance levels across all proficiency standards.

• Meets Grade Level performance on the English I EOC is higher than pre-COVID levels. However, for all other assessments, Meets Grade Level performance remains lower than preCOVID levels, with Algebra I showing the largest gap to pre-pandemic performance (15 percentage points).

• The Meets Grade Level standard performance gap between African American and nonAfrican American students has decreased for Algebra I, English I, and U.S. History, but increased for English II.

• The Meets Grade Level standard performance gap between Hispanic and non-Hispanic students has increased across all assessments, with a double-digit equity gap observed in all assessments except Algebra I. These gaps are particularly pronounced for non-economically disadvantaged Hispanic students.

Title I- Student Achievement 2022-2023

• The number of students enrolled in Title I schools was 176,724 (across 246 Title I campuses) in the 2021–2022 school year and 172,342 (across 250 Title I campuses) in the 2022–2023 school year.
• In Spring 2023, a lower percentage of students enrolled in Title I programs performed at or above the Approaches Grade Level standard compared to non-Title I students across the following assessments: STAAR 3–8 assessments in Reading Language Arts (RLA), Mathematics, Science, and Social Studies and STAAR End-of-Course (EOC) assessments in Algebra I, Biology, English I, English II, and U.S. History.

- Over the past two years, disparities between the percentage of Title I students and non-Title I students who performed at or above the Approaches Grade Level standard have narrowed on the STAAR 3–8 Social Studies assessment and on the Algebra I, Biology, English I, and U.S. History STAAR EOC assessments.
- Over the past two years, there has been an increase in the disparities between the percentage of Title I students and non-Title I students who performed at or above the Approaches Grade Level standard on RLA and Science STAAR 3–8 assessments.
- Title I schools experienced a decline in the percentage of students who performed at or above the Approaches Grade Level standard on the STAAR 3–8 assessments in RLA and Science and on the English II STAAR EOC assessment.
- Title I schools have shown an increase in the percentage of students who performed at or above the Approaches Grade Level standard on the Social Studies STAAR 3–8 assessment and on the Algebra I, Biology, English I, and U.S. History STAAR EOC assessments.

State Comp Ed 2021-2022

Program Cost and Funding Source: The annual budget for SCE programs in the Houston Independent School District (HISD) for the 20212022 academic year was $246,569,306.00. Under the guidelines of fund use, a minimum of 55% of this amount had to be allocated for direct services. This is a budgeted amount and not final expenditures for 2021–2022. The money allocated for state-funded compensatory education programs and/or services was based on the number of at-risk students in the district.

- Of the 194,141 students who attended HISD during the 2021-2022 academic year, 119,352 students (61.5 percent) were identified as being at-risk according to SCE criteria. More males than females were identified as at-risk (52 percent of males in the district were identified as at-risk and 48 percent of females were).
- The ethnic composition of at-risk students was 74.3 percent Hispanic, followed by 18.5 percent African American, 3.8 percent White, and 2.7 percent Asian/Pacific Islander. Less than one percent of at-risk students was either American Indian or Two or More Races. Economically disadvantaged students made up 90.2 percent of district at-risk distribution. A majority of Hispanic (73.6%) students, as well as those who were economically disadvantaged (77.2%), were deemed at-risk.
- Of the 119,352 students indicated to be at-risk during the 2021–2022 school year, 57.1 percent were identified as being Emergent Bilingual, and 13.7 percent were identified as having been retained in one or more grades. These subsets make up 35 percent and 8.4 percent of all students, respectively.
- Students indicated to be at-risk in grades 9–12 show a minority representation of Emergent Bilingual as compared to other grades. Districtwide, on the 2022 administration of the STAAR 3-8 assessments, the gaps in the percentage of students who achieved the Approaches Grade Level Performance Standard between not-at-risk and at-risk students were 19.7 percentage points in mathematics, 22.1 percentage points in reading, 26.7 percentage points in science, and 37.5 percentage points in social studies.
- Districtwide, on the spring of 2022 administration of the STAAR EOC assessments, the gaps in the percentage of students who achieved the Approaches Grade Level Performance Standard between not-at-risk and at-risk students were 33.8 percentage points in Algebra I, 30.4 percentage points in Biology, 43.6 percentage points in English I, 40.6 percentage points in English II, and 20.2 percentage points in U.S. History.
- Districtwide, on the winter of 2021 administration of the STAAR EOC assessments, the gaps in the percentage of re-testers who achieved the Approaches Grade Level Performance Standard between not-at-risk and at-risk students were 5.1 percentage points in Algebra I, 46.1 percentage points in Biology, 10.4 percentage points in English I, and 18.8 percentage points in English II. At-risk students exceeded the rate of not-at-risk students by 12.4 percentage points in U.S. History.

- Districtwide, on the summer of 2021 administration of the STAAR EOC assessments, the gaps in the percentage of re-testers who achieved the Approaches Grade Level Performance Standard between not-at-risk and at-risk students were 11.3 percentage points in Algebra I, 11.4 percentage points in Biology, 6.4 percentage points in English I, 12 percentage points in English II, and 18.5 percentage points in U.S. History.
- For the class of 2021, 92.4 percent of not-at-risk students and 79.1 percent of at-risk students graduated from HISD within four years of starting ninth grade. This reflects an overall increase for not-at-risk students, and a slight decrease for at-risk students since 2019.

Goals

Student Outcome Goals:

Goal 1: The percent of 3rd grade students in Houston ISD earning Meets Grade Level on the STAAR reading test will increase from 41% in June 2023 to 56% in June 2028.

Goal Progress Measure 1.3: The percentage of 3rd grade students that have a Conditional Growth Index (CGI) of 0.6 or higher on NWEA MAP in reading will increase from XX% in January 2024 to YY% in May 2028.

Alignment to the goal: Students need to grow at 0.6 or more to accelerate learning and achieve the Meets Grade Level standard on STAAR. More students meeting grade level will improve the school growth indicator performance.

Baseline data is anticipated January 29 following close of MOY MAP testing window. Baseline data will be set using BOY – MOY Conditional Growth Index. Summative Progress Measure data will be based on EOY – EOY Conditional Growth Index, which will not be available until June 1, 2025.

Goal Progress Measure 2.2: The percentage of 3rd grade students attending an NES or NESA campuses projected at Meets GL on NWEA MAP in math will increase from 12% in September 2023 to 32% in May 2028.

Alignment to Goal: NES/A campuses reflect superintendent's priority and are campuses with the highest needs.

Alignment to the goal: Students with a conditional growth index are growing at a greater rate than the national norm. This demonstrates a level of accelerated learning that moves students towards achieving the Meets Grade Level standard.

Baseline data is anticipated January 29 following close of MOY MAP testing window. Baseline data will be set using BOY – MOY Conditional Growth Index. Summative Progress Measure data will be based on EOY – EOY Conditional Growth Index, which will not be available until June 1, 2025.

This goal accomplishes responding to the community's values, the desire of the Board to incorporate the CCMR Outcomes Bonus higher threshold, and the alignment with the needs assessment that produced Destination 2035. Focusing on the career ready component of the outcomes bonus is the highest leverage because it is the lowest component of the OB measure, and it also addresses the needs assessment as outlined in Destination 2035 (Year 2035 competencies and experiences).

Goal Progress Measure 3.1: The percent of 11th graders meeting TSI criteria on SAT, ACT, or TSIA in both math and reading will increase from 15% in May 2023 to 30% in May 2028.

Alignment to goal: Demonstrating TSI readiness is one way to demonstrate College Readiness for the Texas Accountability system. By ensuring that students are meeting the Texas Success Initiative prior to their senior year, the district increase the percent of graduates who are college ready. TSI is one of the requirements of the outcomes bonus for both career and college ready.

Alignment to goal: CTE completers must complete 3 courses in an aligned program of study to be eligible for a CCMR point after passing the IBC exam. This metric also ensures that students are on track to obtain an industry-based certification before graduation. Success on an IBC exam is a component of the career readiness outcomes bonus funding.

Goal Progress Measure 3.3: The percent of 11th graders who qualify for college credit will increase from 33% in May 2023 to 48% in May 2028.

Alignment to goal: AP, IB, Dual Credit, and Dual Enrollment provide students the opportunity to earn college credit and earn a CCMR point. These are all areas leading to students being successful in TSI as well, aligning to the outcomes bonus career readiness component.

Current baseline data is missing 2021 Dual Enrollment data, which is a minimal portion of the dataset, given the scope of DE in that year and the fact that most students do not participate in DE as a freshman.

Superintendent Constraints:

Constraint #1: The Superintendent shall not allow the number of multi-year D or F campuses with a prior unacceptable rating to grow or maintain the same.

Note: Five-year targets are based on the campus component score aligned with a C in domain 2a of the accountability system for progress measures one and two and a C for CCMR for domain 1 for progress measure three. As campuses who are rated D/F are not at the C level yes, these constraint progress measures are the path to meeting the constraint.

CPM 1.1: The percentage of grade 2-5 students enrolled in a campus with a prior year unacceptable rating who have a Conditional Growth Index (CGI) of 0.6 or higher on NWEA MAP in reading or math will increase from XX% in January 2024 (beginning to middle of year) to 63% in May 2028 (beginning to end of year).

Counseling

Houston Independent School District- District Improvement Plan 2023-2024

Department Name: Counseling Department

Data/ Needs Assessment (Include your problem statement and root cause based on your data): All campuses were not providing a comprehensive counseling program. In addition, all students were not exposed to post-secondary options prior to entering high school.

Department Goal 1: All school counselors will submit their campus comprehensive counseling plans to the counseling department by September 27, 2023

Strategic Priority:
- Expand leadership density
- Improve the quality of instruction
- Strengthen central office effectiveness
- Improve reading instruction Pre-K through 4th grade
- Improve SPED and SEL services
- Improve safety of facilities

DIP Component: Evidence-based practices that address the needs of students for special programs:

1a) Suicide Prevention including parental notification procedures. (TEC 11.252(3)(B)(i))

Description of Work: HISD has a district crisis protocol that address suicide ideation, self-harm, and threat assessments. This protocol provides a comprehensive plan to support students and staff on behaviors associated with suicide ideation, self-harm, and severe psychiatric behaviors.

Action Plan*:*

- *Increase campus and district staff awareness of HISD Crisis Protocols, specifically addressing incidents related to suicide ideation and threat assessments. The protocol also includes a parent notification form so that parents/ guardians are informed and provided with resources and support. Reference Attachment: Parent notification form.*

- Support the establishment of campus crisis teams by training Administrators, Counselors, and School Nurses on suicide awareness and screening for suicidal ideation using the Columbia Suicide Severity Rating Scale.

- Facilitate weekly campus crisis protocol trainings in adherence with Senate Bill 11. This provides campus and district staff with the required steps to recognize the signs associated with suicide ideation and crisis protocols to ensure student safety. Virtual trainings are offered weekly.

- Partnered with Human Resources to develop a mandatory compliance course for all district employees on suicide prevention and awareness. This training is required by all district staff and must be completed annually.

Current Data:

- As of November 2023, we've received **173** student cases related to suicidal ideation and self-harm.

2023 - 2024 District Metric

- By June 2024, **95%** of campus and division leaders will have completed the crisis protocol mandatory training in accordance with Senate Bill 11. This increases their knowledge and best practices on crisis management for their campuses.

DIP Component:

2a) Integrate best practices on grief-informed and trauma informed care (TEC 11.252(a)(3)

Description of Work: The HISD Crisis Response Department provides crisis intervention specific to addressing trauma & grief informed practices related to crisis events. This includes increasing district campaigns and programs related to mental health and suicide awareness.

Action Plan*:*

- o Utilize Rethink Ed mental health suite of resources to provide targeted support for students to increase awareness and for post crisis support planning.

- o During schoolwide crisis events related to deaths, we provide group support to students and staff aligned to grief and trauma informed best practices.

- o Provide professional development on grief & trauma informed practices for 277 campuses.

Current Data: SY 23-24, HISD has supported 13 schoolwide crisis incidents related to student or teacher deaths.

Career and Technical Education (CTE)

Houston Independent School District- District Improvement Plan 2023-2024

Department Name: Career and Technical Education (CTE)

Data/ Needs Assessment (Include your problem statement and root cause based on your data): Due to the various degrees of specific work experience in program of study area for teachers and the length of time out of active industry participation, many CTE teachers demonstrate the need for additional knowledge and skill in latest industry-based practices. In order to prepare teachers to better serve the needs of students in IBC attainment and hands-on practice at current level of industry standards.

Department Goal 1: By June 2024, 25% of CTE programs of study to begin in SY 2024-2025 will be aligned to 2035 competencies.

Strategic Priority: • Expand leadership density • Improve the quality of instruction • Strengthen central office effectiveness • Improve reading instruction Pre-K through 4th grade • Improve SPED and SEL services • Improve safety of facilities	**List the Strategic Priority(ies) this Goal Addresses**: 2. Houston Independent School District- District Improvement Plan 2023-2024

Department Name: Curriculum Design

Data/ Needs Assessment (Include your problem statement and root cause based on your data): Despite efforts to enhance the reading proficiency of 3*rd*-4th grade students, the current percentage of students reading at or above grade level falls below the desired standard. This is caused by a lack of rigorous, high-quality standards-aligned, Tier 1 instructional materials.

Department Goal 1: Increase the percentage of 3rd and 4th grade students reading at or above grade level by 3% by providing high quality, rigorous reading language arts curriculum as measured by STAAR and monitored by NWEA.

Strategic Priority:	**List the Strategic Priority(ies) this Goal Addresses**:

Houston Independent School District- District Improvement Plan 2023-2024
Department Name: Program Compliance-Discipline/JJAEP
Data/ Needs Assessment (Include your problem statement and root cause based on your data): Campus discipline data must be audited and assessed for accuracy and compliance. New coding implementation has taken place and campuses must follow proper protocol when coding incidents.
Department Goal 1: By May 2024, 85% of campuses will be in compliance with all monitored program expectations established by AAC to reduce exclusionary consequences. STUDENT WELFARE	FFI
FREEDOM FROM BULLYING	(LOCAL)

Note: This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

[See FFI(LEGAL), the Code of Student Conduct, CQ(LOCAL), CQ5(REGULATION), and CQ(EXHIBIT–B)]

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Employee Report

Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

Report Format

A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.

Notice of Report

When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim within 24 hours after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.

Prohibited Conduct

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

Investigation of Report

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

Notice to Parents

If an incident of bullying is confirmed, the principal or designee shall notify the parents of the victim and of the student who engaged in bullying within 24 hours.

District Action

Bullying

If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Code of Student Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.

Discipline

A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Code of Student Conduct.

Corrective Action

Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.

Transfers

The principal or designee shall refer to FDB for transfer provisions.

Counseling

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

Improper Conduct

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Code of Student Conduct or any other appropriate corrective action.

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal

A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.

Records Retention

Retention of records shall be in accordance with CPC(LOCAL).

Access to Policy and Procedures

This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District's website, to the extent practicable, and shall be readily available at each campus and the District's administrative offices.

Effective Date

This policy shall be effective as of the adoption date, August 10, 2018.

STUDENT WELFARE	FFH
FREEDOM FROM DISCRIMINATION, HARASSMENT, AND RETALIATION	(LOCAL)

Note: This policy addresses discrimination, including harassment and retaliation against District students. For provisions regarding discrimination, including harassment and retaliation against District employees, see DIA. For reporting requirements related to child abuse and neglect, see FFG. Note that FFH shall be used in conjunction with FFI (bullying) for certain prohibited conduct.

Prohibited Conduct

In this policy, the term "prohibited conduct" includes discrimination, harassment, dating violence, and retaliation as defined by this policy, even if the behavior does not rise to the level of unlawful conduct.

Prohibited conduct also includes sexual harassment as defined by Title IX. [See FFH(LEGAL)]

Statement of Nondiscrimination

The District prohibits discrimination, including harassment, against any student. Discrimination is defined as treating a student or group of students differently from similarly situated students on the basis of race, color, religion, sex, gender, national origin, age, disability, ancestry, marital status, veteran status, political affiliation, sexual orientation, gender identity and/or gender expression, or any other basis prohibited by law. Retaliation against anyone exercising their rights under this policy is a violation of District policy and is prohibited.

Harassment

Harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student's race, color, religion, sex, gender, national origin, age, disability, ancestry, marital status, veteran status, political affiliation, sexual orientation, gender identity and/or gender expression, or any other basis prohibited by law, when the conduct is so severe, persistent, or pervasive that the conduct:

Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;

Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or

Otherwise adversely affects the student's educational opportunities.

Harassment includes dating violence as defined by law and this policy.

Examples

Examples of prohibited harassment may include offensive or derogatory language directed at another person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name calling, slurs, or rumors; cyberharassment; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

Title IX Sexual Harassment

As required by law, the District shall follow the procedures below at Response to Title IX Sexual Harassment upon a report of sex-based harassment, including sexual harassment, sex-based discrimination, gender-based harassment, and dating violence, when such allegations, if proved, would meet the definition of sexual harassment in an education program or activity and against a person in the United States under Title IX. [See FFH(LEGAL)]

Other Sexual Harassment

By an Employee

Sexual harassment of a student by a District employee includes both welcome and unwelcome sexual advances; requests for sexual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

A District employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or

The conduct is so severe, persistent, or pervasive that it:

Affects the student's ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student's educational opportunities; or

Creates an intimidating, threatening, hostile, or abusive educational environment.

Romantic or other inappropriate social relationships between students and District employees are prohibited. Any sexual relationship between a student and a District employee is always prohibited, even if consensual. [See DH]

By Others

Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;

Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or

Otherwise adversely affects the student's educational opportunities.

Examples

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, contact, or communications, including electronic communication.

Necessary or permissible physical contact such as assisting a child by taking the child's hand, comforting a child with a hug, or other physical contact not reasonably construed as sexual in nature is not sexual harassment.

Gender-Based Harassment

Gender-based harassment includes physical, verbal, or nonverbal conduct based on the student's gender, the student's expression of characteristics perceived as stereotypical for the student's gender, or the student's failure to conform to stereotypical notions of masculinity or femininity. For purposes of this policy, gender-based harassment is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;

Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or

Otherwise adversely affects the student's educational opportunities.

Examples

Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include offensive jokes, name-calling, slurs, or rumors; cyberharassment; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense.

For purposes of this policy, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;

Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or

Otherwise adversely affects the student's educational opportunities.

Examples

Examples of dating violence against a student may include physical or sexual assaults; name-calling; put-downs; or threats directed at the student, the student's family members, or members of the student's household. Additional examples may include destroying property belonging to the student, threatening to commit suicide or homicide if the student ends the relationship, attempting to isolate the student from friends and family, stalking, threatening a student's spouse or current dating partner, or encouraging others to engage in these behaviors.

Reporting Procedures

Student Report

Any student who believes that they have experienced prohibited conduct and any person who believes that a student has experienced prohibited conduct should immediately report the alleged acts to a teacher, school counselor, principal, other District employee, or the appropriate District official listed in this policy.

Employee Report

Any District employee who suspects or receives direct or indirect notice that a student or group of students has or may have experienced prohibited conduct shall immediately notify the appropriate District official listed in this policy and take any other steps required by this policy.

Definition of District Officials

For the purposes of this policy, District officials are the Title IX coordinator, the ADA/Section 504 coordinator, and the Superintendent.

Title IX Coordinator

Reports of discrimination based on sex, including sexual harassment, gender-based harassment, or dating violence, may be directed to the designated Title IX coordinator for students. [See FFH(EXHIBIT)]

ADA /
Section 504 Coordinator

Reports of discrimination based on disability may be directed to the designated ADA/Section 504 coordinator for students. [See FFH(EXHIBIT)]

Superintendent

The Superintendent shall serve as coordinator for purposes of District compliance with all other nondiscrimination laws.

Alternative Reporting Procedures

An individual shall not be required to report prohibited conduct to the person alleged to have committed the conduct. Reports concerning prohibited conduct, including reports against the Title IX coordinator or ADA/Section 504 coordinator, may be directed to the Superintendent.

A report against the Superintendent may be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

Timely Reporting

To ensure the District's prompt investigation, reports of prohibited conduct shall be made as soon as possible after the alleged act or knowledge of the alleged act.

Notice to Parents

The District official or designee shall promptly notify the parents of any student alleged to have experienced prohibited conduct by a District employee or another adult. [For parental notification requirements regarding an allegation of educator misconduct with a student, see FFF.]

When the District receives a report of prohibited conduct that includes dating violence, the appropriate District official shall immediately notify the parent or guardian of the student who has been identified in the report as the alleged victim or perpetrator.

Investigation of Reports Other Than Title IX

The following procedures apply to all allegations of prohibited conduct other than allegations of harassment prohibited by Title IX. [See FFH(LEGAL)] For allegations of sex-based harassment that, if proved, would meet the definition of sexual harassment under Title IX, including sexual harassment, gender-based harassment, and dating violence, see the procedures below at Response to Title IX Sexual Harassment.

The District may request, but shall not require, a written report. If a report is made orally, the District official shall reduce the report to written form.

Initial Assessment

Upon receipt or notice of a report, the District official shall determine whether the allegations, if proved, would constitute prohibited conduct as defined by this policy. If so, the District shall immediately undertake an investigation, except as provided below at Criminal Investigation.

If the District official determines that the allegations, if proved, would not constitute prohibited conduct as defined by this policy, the District official shall refer the complaint for consideration under FFI.

Interim Action

If appropriate and regardless of whether a criminal or regulatory investigation regarding the alleged conduct is pending, the District shall promptly take interim action calculated to address prohibited conduct or bullying prior to the completion of the District's investigation.

District Investigation

The investigation may be conducted by the District official or a designee, such as the principal, or by a third party designated by the District, such as an attorney. When appropriate, the principal shall be involved in or informed of the investigation.

The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.

Criminal Investigation

If a law enforcement or regulatory agency notifies the District that a criminal or regulatory investigation has been initiated, the District shall confer with the agency to determine if the District investigation would impede the criminal or regulatory investigation. The District shall proceed with its investigation only to the extent that it does not impede the ongoing criminal or regulatory investigation. After the law enforcement or regulatory agency has finished gathering its evidence, the District shall promptly resume its investigation.

Concluding the Investigation

Absent extenuating circumstances, such as a request by a law enforcement or regulatory agency for the District to delay its investigation, the investigation should be completed within ten District business days from the date of the report; however, the investigator shall take additional time if necessary to complete a thorough investigation.

The investigator shall prepare a written report of the investigation. The report shall include a determination of whether prohibited conduct or bullying occurred. The report shall be filed with the District official overseeing the investigation.

Notification of Outcome

Notification of the outcome of the investigation shall be provided to both parties in compliance with FERPA.

District Action

Prohibited Conduct

If the results of an investigation indicate that prohibited conduct occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the Student Code of Conduct and may take corrective action reasonably calculated to address the conduct.

Corrective Action

Examples of corrective action may include a training program for those involved in the report, a comprehensive education program for the school community, counseling to the victim and the student who engaged in prohibited conduct, follow-up inquiries to determine if any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where prohibited conduct has occurred, and reaffirming the District's policy against discrimination, harassment, and retaliation.

Bullying

If the results of an investigation indicate that bullying occurred, as defined by FFI, the District official shall refer to FFI for appropriate notice to parents and District action. The District official shall refer to FDB for transfer provisions.

Improper Conduct

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take disciplinary action in accordance with the Student Code of Conduct or other corrective action reasonably calculated to address the conduct.

Court Orders

The District and each school shall, to the extent possible, enforce court-ordered protective orders resulting from dating violence and related issues, and, when deemed appropriate, shall implement school-based alternatives to protective orders, which shall include transferring an alleged victim or perpetrator under the safe school choice option or placing the alleged perpetrator in a District alternative educational program. [See FDE]

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

Appeal

A student or parent who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level. A student or parent has the right to file a complaint with the United States Department of Education Office for Civil Rights.

Response to Title IX Sexual Harassment

General Response

For purposes of the District's response to reports of harassment prohibited by Title IX, definitions can be found in FFH(LEGAL).

When the District receives notice or an allegation of conduct that, if proved, would meet the definition of sexual harassment under Title IX, the Title IX coordinator shall promptly contact the complainant to:

Discuss the availability of supportive measures and inform the complainant that they are available, with or without the filing of a formal complaint;

Consider the complainant's wishes with respect to supportive measures; and

Explain to the complainant the option and process for filing a formal complaint.

The District's response to sexual harassment shall treat complainants and respondents equitably by offering supportive measures to both parties, as appropriate, and by following the Title IX formal complaint process before imposing disciplinary sanctions or other actions that are not supportive measures against a respondent.

If a formal complaint is not filed or dismissed, the District reserves the right to investigate and respond to prohibited conduct in accordance with Board policies and the Student Code of Conduct. The Title IX coordinator also reserves the right to sign a formal complaint, initiating the Title IX grievance process, if it would be deliberately indifferent not to investigate and respond to the prohibited conduct in accordance with Board policies and the Student Code of Conduct.

Title IX Formal Complaint Process

To distinguish the process described below from the District's general grievance policies [see DGBA, FNG, and GF], this policy refers to the grievance process required by Title IX regulations for responding to formal complaints of sexual harassment as the District's "Title IX formal complaint process."

The Superintendent shall ensure the development of a Title IX formal complaint process that complies with legal requirements. [See FFH(LEGAL)] The formal complaint process shall be posted on the District's website. In compliance with Title IX regulations, the District's Title IX formal complaint process shall address the following basic requirements:

Equitable treatment of complainants and respondents;

An objective evaluation of all relevant evidence;

A requirement that the Title IX coordinator, investigator, decision-maker, or any person designated to facilitate an informal resolution process not have a conflict of interest or bias;

A presumption that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of the Title IX formal complaint process;

Time frames that provide for a reasonably prompt conclusion of the Title IX formal complaint process, including time frames for appeals and any informal resolution process, and that allow for temporary delays or the limited extension of time frames with good cause and written notice as required by law;

A description of the possible disciplinary sanctions and remedies that may be implemented following a determination of responsibility for the alleged sexual harassment;

A statement of the standard of evidence to be used to determine responsibility for all Title IX formal complaints of sexual harassment;

Procedures and permissible bases for the complainant and respondent to appeal a determination of responsibility or a dismissal of a Title IX formal complaint or any allegations therein;

A description of the supportive measures available to the complainant and respondent;

A prohibition on using or seeking information protected under a legally recognized privilege unless the individual holding the privilege has waived the privilege;

Additional formal complaint procedures in 34 C.F.R. 106.45(b), including written notice of a formal complaint, consolidation of formal complaints, recordkeeping, and investigation procedures; and

Other local procedures as determined by the Superintendent.

Standard of Evidence

The standard of evidence used to determine responsibility in a Title IX formal complaint of sexual harassment shall be the preponderance of the evidence.

Retaliation

The District prohibits retaliation by a student or District employee against a student alleged to have experienced discrimination or harassment, including dating violence, or another student who, in good faith, makes a report of harassment or discrimination, files a complaint of harassment or discrimination, serves as a witness, or participates in an investigation. The definition of prohibited retaliation under this policy also includes retaliation against a student who refuses to participate in any manner in an investigation under Title IX. In the absence of a formal Title IX complaint, allegations of retaliation shall be investigated under Investigation of Reports Other Than Title IX, above.

Examples

Examples of retaliation may include threats, intimidation, coercion, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim or offers false statements in a District investigation regarding discrimination or harassment, including dating violence, shall be subject to appropriate disciplinary action in accordance with law.

Records Retention

The District shall retain copies of allegations, investigation reports, and related records regarding any prohibited conduct in accordance with the District's records control schedules, but for no less than the minimum amount of time required by law. [See CPC]

[For Title IX recordkeeping and retention provisions, see FFH(LEGAL) and the District's Title IX formal complaint process.]

Access to Policy and Procedures

Information regarding this policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District's website, to the extent practicable, and readily available at each campus and the District's administrative offices.

STUDENT WELFARE   FFH
FREEDOM FROM DISCRIMINATION, HARASSMENT, AND RETALIATION   (REGULATION)

SEXUAL HARASSMENT PROHIBITIONS

General Responsibilities and Guidelines

To ensure compliance with federal and state regulations and Houston Independent School District (HISD) Board policy, District practice includes the following responsibilities and guidelines for sexual harassment of students. See References (a), (b), (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), (m), (n), (o), and (r). Employee complaints or claims of sexual harassment are addressed in Reference (p).

Implementation

All principals, assistant principals, teachers, work location supervisors, department heads, and other school District personnel are responsible for implementing References (a), (j), (k), and (l) throughout the District.

Supervision

HISD's Human Resources' Equal Employment Opportunity (EEO) office is responsible to the Superintendent for ensuring that the District adheres to References (a), (j), (k), and (l) and this regulation, including implementation of appropriate monitoring to ensure compliance. In addition, HISD's EEO Office oversees and monitors the prompt and thorough investigation of all sexual harassment complaints lodged by students or on behalf of students.

Immediate Action

Students, parents or guardians, HISD employees, or individuals with knowledge of an alleged act of sexual harassment are required to make their complaint(s) immediately following the alleged act. Employees are especially encouraged to immediately report all acts of sexual harassment of students, including sexual harassment of students by students.

School Record

Any HISD employee receiving a complaint of sexual harassment of a student must report it to the school principal or to the appropriate regional superintendent, or a designee.

Child Abuse

Acts of sexual harassment that constitute physical, emotional, or sexual abuse of a minor child will be reported to Harris County Department of Family and Protective Services (DFPS) by the principal. See Reference (q).

False Accusations

Students, parents or guardians, and employees must be aware that intentionally filing false accusations of sexual harassment may result in disciplinary or legal action (for employee's, disciplinary actions up to and including termination).

Retaliation

Retaliation against a students who makes a sexual harassment complaints or who assist the District in an investigation of a sexual harassment complaint is strictly prohibited. Acts of retaliation will result in disciplinary action that may include termination of employees or discipline of students.

Parent Notification of Interview

Parents or guardians should be notified in advance if their children will be interviewed during an investigation of sexual harassment.

Intimidation of Witness

Participants in an investigation will not interfere with the investigation by intimidating any potential witness or by withholding information.

Confidentiality

To the extent possible, every effort will be made to maintain confidentiality during an investigation.

Reporting and Investigating Complaints of Student Sexual Harassment by Another Student

Student misconduct alleged to be sexual harassment by one student toward another student should be reported to a campus teacher, counselor, principal, or other adult staff member. The adult who receives the report of student misconduct will follow the procedures in Reference (s) for reporting, investigating, and responding to student misconduct. Students found to have committed such misconduct will be disciplined according to the levels of student misconduct in Reference (s). Students and parents may follow the steps outlined in Reference (s) if they are not satisfied with the resolution reached at the school level.

Reporting and Investigating Complaints of Student Sexual Harassment by an Adult

A student, parent or guardian, or other individual with knowledge of an alleged act of sexual harassment of a student by an adult is encouraged to report it to a teacher, counselor, nurse, school administrator, principal, or the principal's designee. At any time, including at the time of making the initial complaint, the student, parent or guardian, or other individual with knowledge of the alleged act of sexual harassment may complain directly to the appropriate regional superintendent or a designee, or HISD's EEO Office. Whenever a complaint of sexual harassment of a student by an adult is received, the following steps will be taken:

File Complaint Form

Efforts will be taken by the person receiving the complaint to obtain all of the facts from the student and to verify these facts. Such efforts may include requesting a written statement from the student, contacting the student's parents or guardian, and obtaining names of witnesses of the alleged acts of sexual harassment. The individual receiving the complaint will complete the Sexual Harassment Complaint Form and retain a copy in the school's files. See Reference (t). The completed complaint forms should be sent to HISD's EEO Office and the appropriate regional superintendent or a designee. Copies of this form are available from HISD's EEO Office and may be duplicated by the school administration.

Contact DFPS

DFPS must be contacted by the principal or by his or her designee.

Investigate

A prompt and thorough investigation must be conducted by the school, the appropriate regional superintendent or a designee, or by HISD's EEO Office. The investigation will begin within five school days of receiving the information from the student, parent or guardian, or other individual with knowledge of the alleged act of sexual harassment.

Interview the Accused Person

A thorough investigation includes an interview with the individual who allegedly committed the sexual harassment to inform the individual of the specific allegations and to provide an opportunity for a response.

Notify the Complainant of Resolution

Upon completion of the investigation, the student and parents or guardians should be informed of the resolution of the complaint.

Notify the Accused Person of Resolution

Upon completion of the investigation, the individual who allegedly committed the sexual harassment shall be informed of the resolution of the complaint. The individual may be accompanied by a representative of his or her choice to discuss the resolution of the complaint.

Complete Documentation

Upon completion of the investigation, the Sexual Harassment Response Form, along with documentation of the complaint, steps taken to investigate the complaint and the proposed resolution will be sent by the school administration to HISD's EEO Office and the appropriate regional superintendent or a designee. Copies of this form are available from HISD's EEO Office and may be duplicated by the school administration. See Reference (u).

Enforce Disciplinary Action

Any disciplinary action against an HISD employee will be proposed and implemented in accordance with References (a), (b), (c), (d), (e), (f), (g), (h), (i), (j), (k), (l), (m), (n), and (o).

BASIC INSTRUCTIONAL PROGRAM	EHAA
REQUIRED INSTRUCTION (ALL LEVELS)	(LOCAL)

Human Sexuality Instruction

The following process shall apply regarding the adoption of curriculum materials for the District's human sexuality instruction:

The Board shall adopt a resolution convening the District's school health advisory council (SHAC) to recommend curriculum materials for the instruction.

The SHAC shall hold at least two public meetings on the curriculum materials before adopting recommendations to present to the Board. The SHAC shall ensure the items on the Compliance Checklist (Education Code 28.004) are met.

The SHAC recommendations must comply with the instructional content requirements in law, be suitable for the subject and grade level for which the materials are intended, and be reviewed by academic experts in the subject and grade level for which the materials are intended.

The SHAC shall present its recommendations to the Board at a public meeting.

After the Board ensures the recommendations from the SHAC meet the standards in law, the Board shall take action on the recommendations by a record vote at a public meeting.

Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking

After the Board ensures the recommendations from the SHAC meet the standards in law, the Board shall take action on the recommendations by a record vote at a public meeting.

STUDENT WELFARE   FFG
CHILD ABUSE AND NEGLECT   (LOCAL)

Program to Address Child Sexual Abuse, Trafficking, and Maltreatment

The District's program to address child sexual abuse, trafficking, and other maltreatment of children, as included in the District Improvement Plan and the student handbook, shall include:

1. Methods for increasing staff, student, and parent awareness regarding these issues, including prevention techniques and knowledge of likely warning signs indicating that a child may be a victim;

2. Age-appropriate, research-based antivictimization programs for students;

3. Actions that a child who is a victim should take to obtain assistance and intervention; and

4. Available counseling options for affected students.

Training

The District shall provide training to employees as required by law and District policy. Training shall address techniques to prevent and recognize sexual abuse, trafficking, and all other maltreatment of children, including children with significant cognitive disabilities. [See DMA]

[See BBD for Board member training requirements and BJCB for Superintendent continuing education requirements.]

Reporting Child Abuse and Neglect

Any person who has reasonable cause to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect has a legal responsibility, under state law, to immediately report the suspected abuse or neglect to an appropriate authority.

As defined in state law, child abuse and neglect include both sex and labor trafficking of a child.

The following individuals have an additional legal obligation to submit a written or oral report within 48 hours of learning of the facts giving rise to the suspicion of abuse or neglect:

1. Any District employee, agent, or contractor who suspects a child's physical or mental health or welfare has been adversely affected by abuse or neglect.

2. A professional who has reasonable cause to believe that a child has been or may be abused or neglected or may have been a victim of indecency with a child. A professional is anyone licensed or certified by the state who has direct contact with children in the normal course of duties for which the

individual is licensed or certified. The report must be made within 48 hours of when the professional first had reasonable cause to believe the abuse or neglect may have occurred.

A person is required to make a report if the person has reasonable cause to believe that an adult was a victim of abuse or neglect as a child and the person determines in good faith that disclosure of the information is necessary to protect the health and safety of another child or an elderly or disabled person.

[For parental notification requirements regarding an allegation of educator misconduct with a student, see FFF.]

Restrictions on Reporting

In accordance with law, an employee is prohibited from using or threatening to use a parent's refusal to consent to administration of a psychotropic drug or to any other psychiatric or psychological testing or treatment of a child as the sole basis for making a report of neglect, unless the employee has cause to believe that the refusal:

1. Presents a substantial risk of death, disfigurement, or bodily injury to the child; or

2. Has resulted in an observable and material impairment to the growth, development, or functioning of the child.

Making a Report

Reports may be made to any of the following:

1. A state or local law enforcement agency;

2. The Child Protective Services (CPS) division of the Texas Department of Family and Protective Services (DFPS) at (800) 252-5400 or the Texas Abuse Hotline Website;

3. A local CPS office; or

4. If applicable, the state agency operating, licensing, certifying, or registering the facility in which the suspected abuse or neglect occurred.

However, if the suspected abuse or neglect involves a person responsible for the care, custody, or welfare of the child, the report must be made to DFPS, unless the report is to the state agency that operates, licenses, certifies, or registers the facility where the suspected abuse or neglect took place; or the report is to the Texas Juvenile Justice Department as a report of suspected abuse or neglect in a juvenile justice program or facility. As defined by law, a person responsible for the care, custody, or welfare of a child includes school personnel and volunteers and day-care workers. [See FFG(LEGAL)]

An individual does not fulfill his or her responsibilities under the law by only reporting suspicion of abuse or neglect to a campus principal, school counselor, or another District staff member. Furthermore, the District is prohibited from requiring an employee to first report his or her suspicion to a District or campus administrator.

Confidentiality

In accordance with state law, the identity of a person making a report of suspected child abuse or neglect shall be kept confidential and disclosed only in accordance with the rules of the investigating agency.

Immunity

A person who in good faith reports or assists in the investigation of a report of child abuse or neglect is immune from civil or criminal liability.

Failing to Report Suspected Child Abuse or Neglect

By failing to report suspicion of child abuse or neglect, an employee:

1. May be placing a child at risk of continued abuse or neglect;

2. Violates the law and may be subject to legal penalties, including criminal sanctions for knowingly failing to make a required report;

3. Violates Board policy and may be subject to disciplinary action, including possible termination of employment; and

4. May have his or her certification from the State Board for Educator Certification suspended, revoked, or canceled in accordance with 19 Administrative Code Chapter 249.

It is a criminal offense to coerce someone into suppressing or failing to report child abuse or neglect.

Responsibilities Regarding Investigations

In accordance with law, District officials shall be prohibited from:

1. Denying an investigator's request to interview a child at school in connection with an investigation of child abuse or neglect;

2. Requiring that a parent or school employee be present during the interview; or

3. Coercing someone into suppressing or failing to report child abuse or neglect.

District personnel shall cooperate fully and without parental consent, if necessary, with an investigation of reported child abuse or neglect. [See GKA]
