

My name is Terrell Simien, and I am a native of Lake Charles, Louisiana. I have been blessed to call Houston my home for over 37 years. Education has always been a passion of mine. After twenty-four years in business, I decided to work in education. I received a Bachelor of Science in Business Management from the University of Phoenix. I received a Master's in Education with a specialization in Instructional Technology and a second Master's in Early Childhood Education from Northcentral University.

I believe every child deserves a quality education, and all students thrive in a nurturing and safe learning environment. Education is essential and empowers children to have confidence and allows them to become productive members of society.

In my spare time I enjoy spending time with my family, traveling, listening to music, and movie-watching.

This year, I am so excited to serve in multiple roles as the Media Services Specialist, 6th grade ELA/R, and Dyslexia Interventionist here at BCMAR.

I know with the help of my BCMAR family, we will take our students to unbelievable heights. I look forward to our journey together.
