

My name is Reuben Nicholas and I'm a native Houstonian. I'm a product of the HISD inner-city public-school system and I have been an educator for over 21 years. I served as a 6th grade Science teacher here at BCMAR since 2016 and at the start of the '24-'25 school year, I began teaching 6th grade math.

My career in education ranges from middle school, high school, and community college. My work experiences include serving as an Adjunct Math Professor at San Jacinto College, HISD ABRAZO mentor for new HISD teachers, middle and high school math and science teacher, selected as a member of the District Math Textbook Selection Committee and math tutor have allowed me to analyze the learning difficulties and unique learning styles of a diverse student population.

I'm an alumnus of Tulane University where I double majored in Mathematics and Cellular and Molecular Biology. I obtained a master's degree in educational management from the University of Houston at Clear Lake and my certifications include Principal EC-12, Grades 8-12 Mathematics, Grades 4-8 Math/Science, and an Academic Online Teaching Certification.

I have been involved in numerous middle and high school activities such as Walk for Success, 21st Century After School Programs, Prepared 4 Life, Motivating Minds Tutorial Program and have loved every minute of my educational journey.

As always, I look forward to working with everyone to produce the best and brightest students in the country!
