SAT Scores

SAT Score Reports Now Available!

Dear Parents & Guardians,

SAT score reports for your student are now available! Students can view their scores by logging into their **College Board account**.

Why SAT Scores Matter

SAT scores are used by colleges and universities to assess a student's readiness for college-level coursework. The SAT also helps identify areas where students are excelling or may need additional support.

The College Board has established **College Readiness Benchmarks** that indicate whether a student is on track for success in college:

- **480 in Evidence-Based Reading and Writing (ERW)**

530 in Math

Students who meet or exceed these benchmarks are more likely to succeed in credit-bearing college courses without the need for remediation.

Encourage your student to review their scores carefully and use this information to help plan for the future—whether that means additional practice, retaking the SAT, or exploring college options.

If your student already has an account, they can log in here:

🔗 www.collegeboard.org

If your student has an account but forgot their login information, they can click "Forgot Username or Password" on the [College Board login page](#).

If they do **not** have an account yet, they can create one by following these steps:

How to Create a College Board Account:

Go to www.collegeboard.org

1. **Click** "Sign Up" (left side of the homepage)
2. **Select** "I am a Student"
3. **Create** a unique username and password
4. **Enter** your full name, email address, and date of birth
5. **Provide** your high school name and graduation year
6. **Review** and confirm your information
7. **Choose** a security question and answer
8. **Accept** the terms and conditions

Complete the process and you're done!
