PURPOSE: Progress of the new building.

DISCUSSION:

- Exterior sheathing is installed.
- Waterproofing has started.
- Began installation of roof.
- 95% of the framing has been installed on the first floor.
- 50% of the framing has been installed on the second floor.
- Plumbing rough-in is on-going.
- Mechanical rough-in is on-going.
- Electrical rough-in is on-going.
- Fire sprinkler system is starting to be installed.
- The gas line was discussed. HCC needs to install their portion of the gas lines for the Work Force building so we can tap in the line and bring it down to our site. Everyone was informed that there are no delays at this time but if HCC does not have their gas line installed, it will cost delays. Rebecca with HCC has informed us that CenterPoint has scheduled their portion of the gas line and will be installed between 4 – 6 weeks.
- There will be no PAT meeting in December per Principal's request.
