**Linda Holley, Assistant Principal**

James H. Law Elementary is committed to the goal of providing a quality education for every child in our school. At James H. Law we believe in cultivating every student to become global leaders of tomorrow. We will set high expectations, provide effective instructional practices and social emotional support within a safe environment.

Through the collaborative efforts of students, teachers, parents, and community, we will support our students to achieve success. James H. Law Elementary intends to include parents in all aspects of the school's Title I Program. That all stakeholder involvement will encourage all students at Law reach their highest potential and achieve academic success.

### **PARENT ENGAGEMENT**

James H. Law Elementary will host a minimum of four, flexible meetings. Open House is held within the first two weeks of September each school year during which we review with parents the Title 1 School requirements and the school's Parent/Family Engagement Policy. Additionally, the principal updates parents on school test data, adequate yearly progress status, and facilitates a review of the school's improvement plan.

At Open House, parents are provided the opportunity to formally visit their child's classroom to become better informed about grade level expectations and their student's academic progress. Parents will also be invited to participate in a parent-teacher conference at least twice a year to discuss their child's progress.

James H. Law Elementary annually invites parents to participate in review and revision meetings and are encouraged to examine and discuss our School Improvement Plan, the School Compact and the Parent/Family Engagement Policy.

An organized PTO has been established in our school to create a forum for parental input and involvement. Our PTO affiliation connects our school to parental involvement resources at the state and national level.

James H. Law Elementary communicates with parents in a timely manner regarding the state's curricular and assessment expectations, school wide requirements in relation to the delivery of instruction, the techniques utilized to evaluate student work, and individual classroom routines pertinent to the academic success of our students.

In order to communicate effectively with parents, James H. Law Elementary uses a variety of communicative techniques to encourage parent participation and deliver important information in
