CERTIFICATE OF BOARD

Houston Independent School District

Harris County

101-912-IV

We, the undersigned, certify that the attached auditors' reports of the above-named school district were reviewed and approved for the fiscal year ended June 30, 2020, at a meeting of the Board of Education of such school district on the 12th day of November 2020.

A handwritten signature in cursive script that reads "Patricia K. Allen".

Patricia K. Allen
Secretary, Board of Education
Houston Independent School District

A handwritten signature in cursive script that reads "Sue Deigaard".

Sue Deigaard
President, Board of Education
Houston Independent School District

November 12, 2020

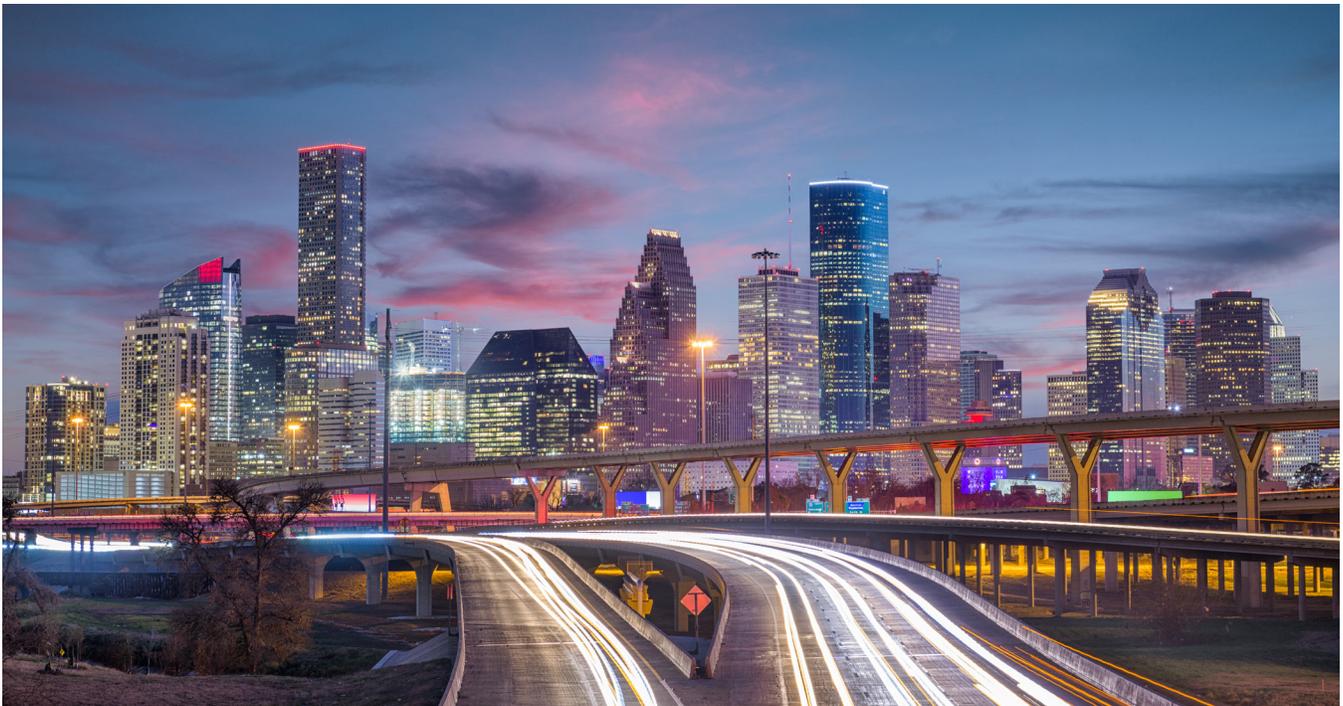

Members of the Board of Trustees and Citizens of the Houston Independent School District:

The Comprehensive Annual Financial Report (CAFR) of the Houston Independent School District (the "District" or "HISD") for the fiscal year ended June 30, 2020 is hereby submitted. This document is management's report of financial operations to the Board of Education (the "Board"), taxpayers, grantor agencies, employees, the Texas Education Agency, and other interested parties.

The Texas Education Code requires that all school districts file an annual report with the Texas Education Agency (TEA) within 150 days of the close of each fiscal year. The annual report must be prepared in accordance with generally accepted accounting principles (GAAP) as applicable to governmental entities and must be audited by a firm of independent licensed certified public accountants. This Comprehensive Annual Financial Report is submitted in fulfillment of that requirement. An audit was conducted in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States and the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The financial statements of the District have been audited by Weaver and Tidwell, L.L.P.

To the best of our knowledge and belief, the enclosed information is accurate in all material respects and is reported in a manner designed to fairly present the financial position as well as the financial condition of the District. Disclosures necessary to enable the reader to gain understanding of such financial operations have been included. Responsibility for the accuracy and completeness of the data presented, as well as the presentation of this report, rests with District management.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE HOUSTON INDEPENDENT SCHOOL DISTRICT

The District was created and incorporated by an act of the Thirty-Eighth Legislature of the State of Texas in 1923. As an independent school district, a nine-member board of trustees elected from single-member districts constitutes the governing body. Based on legislative authority codified in the Texas Education Code, the trustees (1) have exclusive power and duty to govern and oversee the District; (2) can acquire and hold real and personal property, sue and be sued, and hold all rights and titles to school property; (3) shall have power to levy and collect taxes and to issue bonds; (4) can contract for appointed officers, teachers, and other personnel as well as for goods and services; and (5) have the right of eminent domain to acquire real property.

HISD, with an enrollment of over 210,000 students, is the seventh-largest public school system in the nation and the largest in Texas. The District encompasses 332 square miles within Harris County, Texas including 51% of the current geographic area of the City of Houston and all or part of four other cities or villages. HISD is an ethnically diverse district as 61.8 percent of all students are Hispanic, 24.0 percent are African American, 8.7 percent are White, 4.0 percent are Asian and 1.5 percent are of other ethnicities.

Houston Independent School District provides services through 280 schools, of which 8 are early childhood centers (pre-kindergarten for four year old students), 160 elementary schools (grades K-5), 38 middle schools (grades 6-8), 37 high schools (grades 9-12) and 37 combination/alternative sites. The average age of the District's schools is 42.56 years. A list of school buildings with year of construction can be found in the Statistical Data Section.

The District offers many education programs in addition to general education including special education services, gifted and talented programs, career and technical education, dual language programs, and various magnet programs. HISD contracted for the operation of 9 charter schools which are funded with state tier one funds that flow through the District.

ECONOMIC OUTLOOK

Houston is the largest city in Texas and the fourth largest city in the United States with a population of 2.3 million and 7.1 million people in the Houston metro area. The region's largest industries are energy, life science, and manufacturing. Employment in the Houston-Woodlands-Sugar Land Metropolitan Statistical Area stood at 3.0 million people in June 2020 per the U.S. Bureau of Labor Statistics, down 5.8 percent from one year earlier. Employment losses incurred in March and April due to the effects of the COVID-19 pandemic were partially reversed in subsequent months; however, like the rest of the country, Houston's recovery remains uneven due to uncertainty of the virus' containment.

LONG-TERM FINANCIAL PLANNING

The District is subject to a target revenue formula for school district funding. Under the target revenue methodology, the District's maintenance and operations revenue from property taxes and state aid is capped. As collections from property taxes increase, state aid is reduced by the same amount. The District is challenged with providing salary increases and other inflationary fixed costs within a capped budget. Therefore, the District is constantly adjusting future projections as costs in the market shift and as changes are proposed or adopted by the Texas Legislature.

Due to the COVID-19 pandemic, students attended school virtually for the first six weeks and will choose either virtual or in-person instruction for the remainder of the school year. After the first eight weeks, enrollment was down 10,633 students from projected enrollment of 207,809. TEA announced that districts would be held harmless from attendance and FTE based funding for the first half of the year. The District's certified net taxable value for the 2020 tax year increased by 7 percent over the 2019 value. The collection rate for fiscal year 2020 was 97 percent. The District expects to maintain a 97 percent collection rate.

With the 2017 fiscal year, the Houston Independent School District became a "Chapter 41" or "Robin Hood" district under the current state finance system, whereby the District is considered property rich and required to equalize its wealth by sending funds back to the state. As of June 30, 2020, the District's "Chapter 41" expense was \$81 million.

ACCOUNTING AND BUDGETARY CONTROLS

The diverse nature of the District's operations and the necessity of legal compliance preclude recording the financial transactions of the District in a single fund. The District's accounting system is organized and operated on a "fund basis." Each fund is a distinct, self-balancing accounting entity. The various funds are fully described in Note 1 of the "Notes to the Basic Financial Statements."

In developing, evaluating, and improving the District's accounting system, consideration is given to the adequacy of the internal control structure. Internal controls are designed to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition and those transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above-mentioned framework. We believe the District's internal control structure adequately safeguards assets and provides reasonable assurance of the proper recording of financial transactions.

As a recipient of federal, state, and local grants, the District is also responsible for an adequate internal control structure that ensures compliance with applicable laws and regulations related to these grants. All funded grants are subject to testing as part of the District's Single Audit as mandated by the Uniform Guidance. The internal control structure is subject to ongoing reviews by management. As a part of the District's Single Audit, tests are conducted to determine the adequacy of the internal control structure as related to state and federal award programs as well as compliance with applicable laws and regulations. The Single Audit reports are included in the compliance section of this report.

The District utilizes a line-item budget of proposed expenditures and the means of financing them. The emphasis of the budget process is to identify the activities requiring resources and to rank those activities according to the needs of the entire District. Budgetary control is maintained at the function level by organizational unit through the encumbrance of estimated purchase amounts to coincide with the execution of contracts, approval of personnel transactions, or release of purchase orders to vendors. The Board of Education approves budgets for the General Fund, Debt Service Fund, and Nutrition Services Fund.

Mission, Vision and Goals

The Board of Education's mission is to equitably educate the whole child so that every student graduates with the tools to reach their full potential.

HISD's vision is that every child shall have equitable opportunities and equal access to an effective and personalized education in a nurturing and safe environment. Our students will graduate as critical thinkers and problem solvers; they will know and understand how to be successful in a global society. HISD is a global district in a global city. We place an emphasis on ensuring our students graduate ready for the world – possessing the characteristics they need to be successful in college and to compete in today's global workforce.

The District's goals are:

- Increase Student Achievement in Reading and Writing
- Increase Number of Students Meeting Global Graduate Standards
- Increase Student Academic Growth
- Closing of Achievement Gaps

Major Initiatives

ACHIEVE 180 is a research-based action plan to support, strengthen, and empower underserved and underperforming HISD feeder pattern communities to increase student achievement.

Forty-one school support officers and lead principals report to six area superintendents. They provide leadership to principals, align resources and support for teachers, and ensure that the district is providing equitable and quality educational opportunities to students. HISD's organization is designed to emphasize teaching and learning, align school goals and programs for sustained improvement, eliminate duplication of services, and maintain compliance with both federal and state requirements.

The Wraparound Services Department was developed to assist in connecting the non-academic support needed to improve the well-being of all students in 140 schools across the district. These non-academic supports address critical issues such as mental health and physical needs, food in security, lack of stable housing, violence, incarceration of a parent, legal and crisis support, and many other challenges that can have adverse effects on a student's ability to learn.

The Ascending to Men (ATM) Project and the Resilient Outstanding Sisters Exemplifying Success (Roses works with cohorts of male and female students, respectively, at select schools to build out their future post-secondary educational and career aspects through academic, social-emotional, and workforce interventions.

AWARDS AND ACKNOWLEDGMENTS

Perhaps no responsibility is as great as that of educating our youth, and all of our efforts lead back to the classroom. Given that the District's academic advancements are dependent upon its fiscal successes, it is imperative that HISD continue to improve upon its reporting proficiencies. The following text cites awards received by the District for financial reporting excellence and the related acknowledgments in this regard.

GFOA Certificate of Achievement

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2019. This was the 47th consecutive year that the District has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a District must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ASBO Certificate of Excellence

The District received the Association of School Business Officials' ("ASBO") Certificate of Excellence in Financial Reporting for the fiscal year ended June 30, 2019. The District has received this award for 41 consecutive years. This award certifies that the Comprehensive Annual Financial Report substantially conforms to the principles and standards of financial reporting as recommended and adopted by the ASBO.

Acknowledgments

The preparation of this report on a timely basis could not be accomplished without the dedicated services of the entire staff of the District's Office of Finance. Also, we would like to express our appreciation to other departments, schools, and individuals who assisted in its preparation.

Moreover, we wish to thank and express appreciation to the administrators and other employees of the District for their interest and support in planning and conducting the financial affairs of the District in a responsible and progressive manner.

Respectfully submitted,

Independent Auditor's Report

To the Board of Trustees and Management of
Houston Independent School District

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Houston Independent School District (the District), as of and for the year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

CPAs AND ADVISORS | WEAVER.COM

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund, Schedule of the District's Proportionate Share of the Net Pension Liability – Teacher Retirement System, Schedule of the District's Contributions – Teacher Retirement System, Schedule of District's Proportionate Share of the Net OPEB Liability – Teacher Retirement System, and Schedule of the District's Contributions for Other Postemployment Benefits – Teacher Retirement System, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Introductory Section, Combining and Individual Fund Statements and Schedules, Other Supplementary Information and Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Other Supplementary Information and Individual and Combining Fund Statements and Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Other Supplementary Information and Individual and Combining Fund Statements and Schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Introductory and Statistical Section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

The Board of Trustees and Management of
Houston Independent School District

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 13, 2020 on our consideration of District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Houston Independent School District's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2020. It should be read in conjunction with the transmittal letter at the front of this report and the basic financial statements which follow this section.

The Management's Discussion and Analysis provides information on both government-wide financial statements and fund financial statements.

FINANCIAL HIGHLIGHTS

- The District's total net position as presented on the Government-wide *Statement of Net Position* is \$1.571 billion. For the fiscal year ended June 30, 2020, the net position of the District increased by \$174 million.
- The District's governmental funds financial statements reported a combined ending fund balance of \$1.427 billion. This balance consists of \$968 million in the General Fund of which \$252 million is assigned, \$15 million is nonspendable, \$46 million is committed, and \$655 million is unassigned and available for spending at the District's discretion. The total restricted fund balance of \$422 million consists of the Special Revenue Fund, the Debt Service Fund, the Capital Renovation Fund, and the Nonmajor Capital Renovation Fund – PFC. The Capital Renovation Fund's fund balance also includes \$38 million in assigned.
- For the fiscal year ended June 30, 2020, total revenue and transfers from governmental activities in the *Statement of Activities* was \$2.878 billion. Program revenues accounted for \$639 million. General revenues and transfers accounted for \$2.238 billion.
- The General Fund had \$1.982 billion in revenues of which \$1.715 billion is property taxes. General Fund expenditures and other financing sources were \$1.864 billion and \$30.7 million, respectively. This resulted in an increase to fund balance of \$148.9 million.
- The debt obligations of the District that receive credit ratings are rated without regard to credit enhancement and received ratings of "Aaa" by Moody's Investor Service Inc. and "AA+" by Standard and Poor's Financial Services LLC. Most general obligation debt receives an enhancement to "AAA" by virtue of a guarantee by the Texas Permanent School Fund Guarantee Program. Lease revenue debt issued by the Houston Independent School District's Public Facility Corporation received ratings of "Aa1" and "AA" by Moody's Investor Service Inc. and Standard and Poor's Financial Services LLC, respectively. Rating information referenced is as of the last rating reviews in November of 2019 for Moody's and May of 2020 for Standard and Poor's.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers a broad overview of the District's finances in a manner similar to a private-sector business and are comprised of the *Statement of Net Position* and the *Statement of Activities*. These statements provide information about the activities of the District as a whole and present both long-term and short-term information about the District's overall financial status. The District's

basic services are primarily financed by property taxes and include instruction, counseling services, instructional staff development, student transportation, food service, co-curricular/extracurricular activities, general administration, and plant maintenance and operations.

The *Statement of Net Position* presents information on all the District's assets, deferred outflows, liabilities, and deferred inflows with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the District's financial position is improving or deteriorating. The *Statement of Net Position* includes the District's non-fiduciary assets and liabilities.

The *Statement of Activities* presents information for all the current fiscal year's revenues and expenses. This activity is reported as soon as the underlying event giving rise to the activity occurs, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges.

The government-wide financial statements include not only the District itself, but also a legally separate entity for which the District is financially accountable. Financial information for this component unit is reported separately in the fund financial statements as a nonmajor governmental fund.

Fund Financial Statements

The fund financial statements focus on individual parts of the government, reporting the District's operations in more detail than the government-wide statements. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by state law and by bond covenants. The Board of Trustees establishes other funds to control and manage resources and expenditures for particular purposes or to delineate the use of certain taxes and grants.

The District has three kinds of funds:

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the District's activities are included in governmental funds which focus on (1) how cash and other financial assets can readily be converted to cash flow in and out, and (2) the balances left at year end that are available. However, unlike the government-wide financial statements, governmental fund financial statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information on the subsequent page that explains the relationship (or differences) between them.

The District maintains five governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Special Revenue Fund, the Debt Service Fund, and the Capital Renovation Fund, all of which are considered to be major funds. Data from the Capital Renovation Fund - Public Facility Corporation (PFC) is presented as a nonmajor governmental fund on the same statements.

Proprietary funds are used to account for operations that are financed similar to those found in the private sector. These funds provide both long and short-term financial information. The District maintains two types of proprietary funds. Enterprise funds are used to report the same type of information as reported in the government-wide financial statements. The District uses enterprise funds to account for the employee cafeteria (MarketPlace), catering and Medicaid programs. The District uses internal service funds to report activities that provide services for the District's other programs and activities, i.e., health insurance, workers' compensation, print shop, and other internal services. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities within the government-wide financial statements.

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals and organizations. No fiduciary funds are used as clearing accounts to distribute financial resources to other funds. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District’s fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the District’s government-wide financial statements because the District cannot use these assets to finance its operations.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a complete understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further explains and supports the information in the financial statements. Immediately following the required supplementary information, combining statements are included for the nonmajor enterprise funds and the internal service funds.

Figure A-1 summarizes the major features of the District’s financial statements, including the portion of the District’s government they cover and the types of information they contain. The remainder of this overview section of the management’s discussion and analysis explains the structure and contents of each of the statements.

Figure A-1. Major Features of the District’s Government-wide and Fund Financial Statements				
Type of Statements	Government-wide	Governmental Funds	Proprietary Funds	Fiduciary Funds
<i>Scope</i>	All activities of the District (except fiduciary funds) and the District’s component unit	The activities of the District that are not proprietary or fiduciary	Activities the District operates similar to private businesses	Instances in which the District is the trustee or agent for someone else’s resources

<i>Type of asset/liability information</i>	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term
<i>Type of inflow/outflow information</i>	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	Not applicable to Agency Funds

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve as a useful indicator of the District's financial position. The District's combined net position increased \$174 million. The District's net investment in capital assets is \$1.773 billion and includes investments in capital assets (e.g. land, buildings and improvements, furniture, equipment, capital leases, and construction in progress) less any related debt used to acquire those assets that is still outstanding.

The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The District's restricted net position of \$128 million represents resources that are subject to external restrictions on how they may be used. The remaining (\$330 million) is unrestricted net position.

The District's total revenues were \$2.881 billion. A significant portion, approximately 70 percent, of the District's revenue is from property taxes. Operating grants and contributions provided 23 percent while another 4 percent is provided by state aid.

Total revenues decreased by \$134.4 million from the prior year due to an decrease in state aid, not restricted to specific programs.

Figure A-2 District Sources of Revenue

Governmental Activities

The net position of the District's governmental activities increased by \$178 million due primarily to an increase in operating grants and contributions. Funding for governmental activities is by specific program revenue or through general revenues such as property taxes and investment earnings. The following is a summary of the governmental activities:

- The cost of all *governmental activities* this year was \$2.7 billion.
- Some of the *governmental activities* cost was funded by program revenues directly attributable to specific activities. These program revenues amounted to \$634 million.
- The remaining cost of *governmental activities* not directly funded by program revenues was \$2.060 billion including \$2.004 billion funded by property taxes and \$128 million funded by state aid which is not restricted to specific programs.

Business-type Activities

The net position of the District's business-type activities decreased by \$4.1 million which is due to transfers out. Funding for business-type activities is by specific program revenue or through general revenues such as investment earnings and miscellaneous sources. The following is a summary of the business-type activities:

- The cost of all *business-type activities* this year was \$7.7 million.
- The specific program revenue directly attributable to specific activities was \$25.6 million.

The following table presents the cost of the District’s largest governmental functions as well as their related *net cost*. The net cost reflects what was funded by local tax dollars, state revenues, grants, and other miscellaneous general revenues.

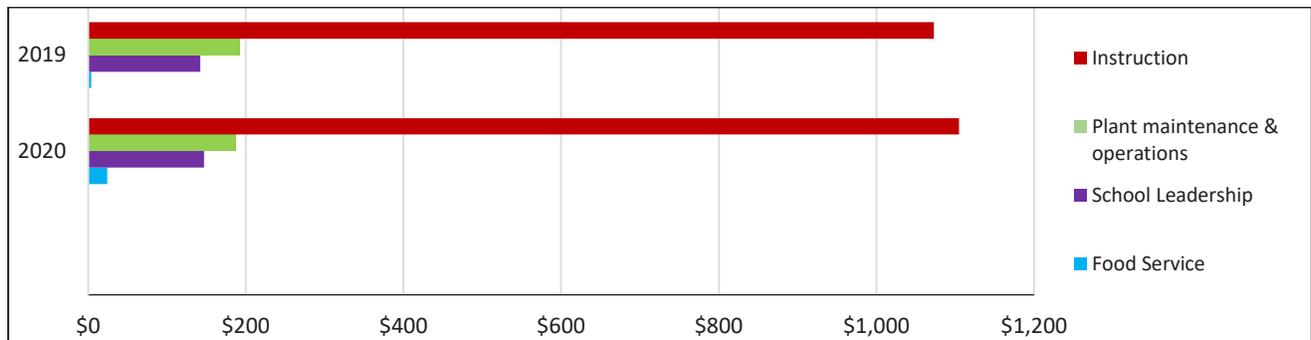

(in millions of dollars)

	<i>Total Cost of Services</i>		<i>Net Cost of Services</i>	
	2020	2019	2020	2019
Instruction	\$ 1,436	\$ 1,323	\$ 1,103	\$ 1,073
Plant maintenance & operations	203	203	187	192
School Leadership	169	156	147	142
Food Service	128	140	24	4

Total Cost of Services

Net Cost of Services

- Instruction and School Leadership costs increased by \$125 million due to salary increases and COVID-19 related purchases of online instructional devices and services.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Governmental Funds For the fiscal year ended June 30, 2020, the District's governmental funds reported ending fund balances of \$1.427 billion. Of this amount, \$655 million is unassigned and available for use in activities at the District's discretion. The remainder of the fund balance is designated as nonspendable, restricted, committed, or assigned, which indicates that it is not available for new spending because it has already been obligated for grants, debt service, bond projects and other purposes of the District.

The General Fund is the primary operating fund of the District. The fund balance of the General Fund increased \$149 million during the fiscal year primarily due to decreased spending during the last quarter of the fiscal year when campuses were closed as a result of the COVID-19 pandemic. At the end of the fiscal year, the unassigned fund balance of \$655 million represented 35 percent of the total General Fund expenditures, while total fund balance of \$968 million represented 52 percent of that same amount.

The Debt Service Fund has a total fund balance of \$113 million all of which is restricted for the payment of debt service. The net increase in fund balance during the fiscal year was \$8 million. The increase resulted primarily from a reduction in the amount of debt service principal expenditures than originally budgeted. The District makes semi-annual debt service payments in December/June, January/July, February/August and March/September of each year. Debt service payments for the fiscal year ended June 30, 2020 included all scheduled payments including payments due within 30 days of year end.

The Special Revenue Fund accounts for all grants received by the District from local, state, and federal sources. The fund balance decreased \$33 million primarily due to decreases in the Nutrition Services and Instructional Materials Allotment programs.

The Capital Renovation Fund has a total fund balance of \$287 million. The restricted fund balance at the end of the fiscal year totaled \$249 million and represents bond funds for facility construction projects. The assigned fund balance totaled \$38 million and represents funds for the Pay-As-You-Go Capital Program. The fund balance decreased by \$242 million due to expenditures for bond construction projects.

The Capital Renovation Fund – Public Facility Corporation has a total fund balance of \$3 million, all of which is restricted for construction of three projects.

Proprietary Funds The District maintains both enterprise funds and internal service funds. Information is presented separately in the proprietary funds statement of net position and in the proprietary funds statement of revenues, expenses, and changes in net position.

CAPITAL ASSETS AND DEBT ADMINISTRATION**CAPITAL ASSETS**

As of June 30, 2020, the District has invested \$4.612 billion, net of depreciation, in a broad range of capital assets, including land, buildings and improvements, furniture and equipment, capital leases, and vehicles. This amount represents a net increase of \$163 million over last year.

	Governmental		Business-Type		Total		Total
	Activities		Activities		Total		Percentage
	2020	2019	2020	2019	2020	2019	Change
							2019-2020
Land	\$ 294,143	293,032	\$ -	-	\$ 294,143	293,032	0.38%
Construction in Progress	338,934	232,854	-	-	338,934	232,854	45.56%
Buildings and Improvements	3,854,644	3,833,930	-	-	3,854,644	3,833,930	0.54%
Furniture and Equipment	33,431	34,557	30	73	33,461	34,630	-3.38%
Vehicles	31,650	36,435	-	-	31,650	36,435	-13.13%
Capital Leases	59,313	18,394	-	-	59,313	18,394	222.46%
Total	\$ 4,612,115	4,449,202	\$ 30	73	\$ 4,612,145	4,449,275	3.66%

As of June 30, 2020, the District had fully funded construction commitments of \$95 million. More detailed information about the District's capital assets is presented in Note 6 of the "Notes to the Basic Financial Statements."

Long Term Debt

As of June 30, 2020, the District had net bonded debt outstanding of \$2.8 billion. The District debt totals included \$385.7 million in Variable Rate Bonds outstanding at fiscal year end. The ratio of net general bonded debt to assessed valuation and the amount of bonded debt per student are useful indicators of the District's debt position. This data reflects a decrease in the ratio of net bonded debt to assessed value to 1.51 percent, as compared to 1.75 percent last year.

The Houston Independent School District Public Facility Corporation issued refunding bonds in the amount of \$29.7 million on October 22, 2019 for the purpose of reducing overall annual debt service costs. The proceeds along with a premium on the sale of the bonds were utilized to refund \$38.4 million of previously issued bonds.

On June 1, 2020 the District issued variable rate refunding debt with a par value of \$119.2 million in conjunction with the refunding and remarketing of existing variable rate debt at the end of term rate periods.

Outstanding variable rate debt decreased by \$58.8 million compared to prior year ending balances as a result of redemptions utilizing available debt service funds and the use of premiums on variable rate refundings. Variable rate debt as a percentage of net bonded debt outstanding as of June 30, 2020 is 13.8 percent.

The District did not issue any maintenance tax notes during the year ended June 30, 2020. The remaining balance of maintenance tax notes issued previously is \$178.9 million as of June 30, 2020.

The District did not issue any contractual obligations during the year ended June 30, 2020 and remaining obligations outstanding matured during the fiscal year.

Interest earnings on proceeds from debt issued since May 15, 1989, are subject to arbitrage regulations contained in the Federal Tax Reform Act of 1986. As of June 30, 2020 no arbitrage rebate liability is estimated to exist.

More detailed information about the District's long term debt is presented in Note 8 of the "Notes to the Basic Financial Statements."

General Fund Budgetary Highlights

Over the course of the year, the District revised its budget several times. Significant budget adjustments include:

- Increase of \$36.9 in Foundation School Program revenue due to a 2017 property value audit
- Carryover encumbrances of \$51 million
- Increase of \$27 million in Early Education Allotment expenditures to be compliant with HB3
- Increase of \$10 million in State Compensatory Education expenditures
- Increase of \$20 million in capital lease recognition
- Increase of \$19 million for various facility improvements

On May 21, 2020 TEA released the amounts that districts were allocated from the CARES Act funding. HISD was allocated \$81,721,075. District's received ADA funding through the first four-week periods, then ADA was adjusted for the historical change for the last two-week periods. TEA reduced the district's ADA to adjust the Foundation School Program (FSP) entitlement funding in the amount of the CARES Act Funding.

The CARES ACT Funding was used to hold district's harmless for the ADA impact due to the closure of campuses and virtual instruction. This is a net zero change to the budget, however, it does create a recapture payment, reduces Tier II revenue and increases indirect cost revenue (IDC). Budget amendments related to the CARES Act were:

- Decrease of \$76.8 million in payroll which was moved the CARES Act fund
- Decrease of \$6.3 million in Tier II revenue (FSP)
- Increase of \$75.4 in recapture payments
- Increase of \$4.9 million in IDC/Federal revenue

Total actual expenditures were \$188 million less than the final budget. Following were the key variances:

- \$102 million under budget in salaries and related due to vacancies not filled and overtime/extra pay not needed during COVID-19 pandemic closure of buildings.
- \$11 million under budget due to decrease in utilities and maintenance during COVID-19 pandemic closure of buildings.
- \$30 million in technology related expenditures including devices postponed to FY21.

The 2019-2020 final expenditure budget decreased by \$115 million over the prior year budget. The decrease was primarily driven by Chapter 41/WADA payments.

The final budgeted amount for revenues was \$1.948 billion. Actual revenues were over budget by \$34.1 million primarily due to state sources.

Budget amendments are presented to the Board of Education for consideration and approval throughout the year.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District's General Fund is funded primarily between local property taxes and state revenue. Through the state's funding formula, a school district receives a basic allotment for each student with weights added to that allotment if the student receives additional services such as special education, at-risk (state compensatory education) bilingual, dyslexia, early education, college, career or military readiness outcomes, career and technology and transportation.

The 2020-2021 general fund budget, adopted in June 2020, included projected increases of \$53.8 million in revenues and \$64.6 in expenditures. The state revenue projections are based on an estimated average daily attendance (ADA) of 188,244.477 or 265,559.429 based on a weighted average daily attendance (WADA).

Actions of the 86th Legislature in 2019:

House Bill 3 (HB3) which took effect on September 1, 2019 made sweeping changes to the school finance system. The bill amended the Education Code to transfer certain sections from Chapter 42 to Chapter 48 and certain sections from Chapter 41 to Chapter 49. It revised formulas used to determine entitlement under the Foundation School Program (FSP).

For 2020-21, the local share of Tier 1 was budgeted at a tax rate of \$0.9010 multiplied by the current year Comptroller value divided by 100. The district also budgeted for five Tier II “Golden Pennies” with a total Maintenance and Operations tax rate \$0.9510.

The bill repealed the cost of education index (CEI), the gifted and talented allotment, and the high school allotment. It added 10 new allotments and moved one previously authorized component into Tier 1. The numerous changes in school finance which impacted Houston Independent School District are described below:

Tier 1

Regular Program - \$6,160 basic allotment, CEI repealed, and no district size adjustment: the basic allotment is subject to reduction if the district adopts a tax rate which is less than the Tier I local share rate (the tax rate of \$1.00 multiplied by the compression percentage).

Special Education - There was an increase in the mainstream weight to 1.15 and the bill created a Special Education Allotment Advisory Committee.

Dyslexia allotment - New allotment, weight of 0.10 multiplied by the number of students served.

Compensatory Education Allotment - A new spectrum of weights from 0.225 to 0.275 are applied to counts of educationally disadvantaged students. The bill identified the criteria for the Texas Education Commissioner to use to assign weights to each census block.

Bilingual Education Allotment - HB3 maintained the current 0.1 weight for limited English proficient students in traditional bilingual and ESL programs. It created a new weight of 0.15 for limited English proficient students using dual language immersion, a new weight of 0.05 for a student that is not limited English proficient in a dual language immersion program.

Career and Technology allotment - HB3 extended current weighting to grades 7 and 8. The bill also created an allotment of \$50 for each student in attendance at a campus designated as a P-TECH school.

Early Education Allotment - HB3 created a new weight of 0.1 for each educationally disadvantaged student in ADA in grades K-3, and weight of 0.1 for each student in a bilingual program. Students can get both weights.

College, Career, or Military-Readiness Outcomes (CCMR) Bonus - HB3 created a funding bonus based on the number of graduates that meet criteria in numbers that exceed the 25th percentile threshold. Award amounts are \$5,000 for educationally disadvantaged, \$3,000 for those not educationally disadvantaged, and \$2,000 for students enrolled in special education programs.

Teacher Incentive Allotment - For classroom teachers with a designation of “master”, “exemplary”, or “recognized,” based on an optional, local appraisal system that qualifies, a district is entitled to an allotment that ranges from \$3,000 to \$32,000, based on the designation and place of work of the teacher. Higher amounts are awarded for teachers at “high needs” or “rural” schools. Each district must develop a local designation system which will be approved by TEA in partnership with Texas Tech University.

Mentor Program Allotment - The commissioner was authorized to establish a formula to distribute funds to support mentor teachers. Funding would support teachers with less than 2 years’ experience. Each district must have a mentor program.

Transportation Allotment - The bill directed that regular transportation be funded with a single mileage reimbursement rate instead of the multiple weights for linear density groupings.

Dropout Recovery School and Residential Placement Facility Allotment - The bill created an allotment of \$275 per ADA at qualifying schools.

College Preparation Assessment Reimbursement - HB3 created a new allocation to reimburse the cost of college preparation assessments such as SAT or ACT. The district is eligible for 1 test reimbursement per student.

Certification Examination Reimbursement - HB3 created a new allocation to reimburse exam fees.

At least 55% of the funds allocated for each of the following allotments must be used for the services for which the money is allotted:

- Special Education Allotment
- Bilingual Education Allotment
- Compensatory Education Allotment
- Career and Technology Education Allotment
- CCMR Outcomes Bonus

In FY2020-2021, HISD's total Tier I cost is estimated at \$1.65 billion.

Tier II

Tier II funding of the FSP is known as "enrichment" or "guaranteed yield" and is used to supplement the revenue received in Tier I. The yield is calculated as the greater of the basic allotment multiplied by 0.016, or the yield per penny of the district at the 96th percentile of property value per WADA (\$98.56 for 2020). The second level yield is stated as the basic allotment multiplied by 0.008 (\$49.28 for 2020). Level 1 yield is available for the first 9 cents above the compressed rate and Level 2 yield applies to any rates adopted above that.

WADA is defined to be the result of dividing a subset of the Tier I allotments by the basic allotment. For this purpose, the Tier I allotments excludes the Transportation Allotment, the New Instructional Facilities Allotment, the Dropout Recovery School and Residential Placement Facility Allotment, the College Preparation Assessment Reimbursement, and the Certification Examination Reimbursement.

WADA does include the Early Education Allotment, the College, Career, or Military-Readiness Outcomes Bonus, the Fast Growth Allotment, and the Teacher Incentive Allotment.

Level 1 yield is available for the first 8 cents above the compressed rate, and Level 2 yield applies to any rates adopted above that.

Teacher Pay

HB3 required all districts to allocate 30% of the total gain from the foundation school program to compensation increases. Of that amount, 75% must be used to increase the compensation paid to classroom teachers, full-time librarians, full-time school counselors, full-time nurses, prioritizing differentiated compensation for classroom teachers with more than 5 years of experience. The remaining 25% may be used as determined by the district to increase compensation paid to full-time district employees (Non-administrators).

Tax Compression

HB3 contains multiple levels of tax compression. In 2019-20, the first year of tax compression, the state's compressed rate went from \$1.00 to \$0.93. In 2020-2021, the \$0.93 was compressed to \$0.9164 with further reductions in the tax rate based on tax values in July 2020. At the time of budget adoption, it was projected that the tax year 2020 adopted M&O rate would be compressed to \$0.9010 and prescribed as the district's Tier 1 M&O tax rate.

Of the resulting compressed total M&O tax rate, the first 93 cents are assigned to Tier 1. The adopted rate up to 93 cents is used to compute the local share of Tier 1. The next 8 cents are assigned to Tier 2 Level 1 (\$98.56 yield, no recapture), and any remaining pennies are assigned to Tier 2 Level 2 (\$49.28 yield).

Beginning in 2020-21, there are two dynamic aspects of tax compression that will be applied.

First, the state compression percentage is adjusted based on Comptroller's projected property value growth for tax year 2020 and subsequent years. If projected growth exceeds 2.5, the state compression percentage is adjusted by the amount of excess.

The comptroller has forecast value growth of about 4.01% for tax year 2020, which will result in a compressed rate of about \$0.916498 in 2020-21.

Second, the bill calls for additional tax compression based on each district's tax base growth, starting in 2020-21. The Maximum Compressed Tax rate (MCR) is defined in formula to be the product of the prior year maximum compressed rate and the prior year Comptroller study taxable value plus any value exclusions expiring in the current tax year, multiplied by 1.025, then divided by the current year Comptroller study taxable value.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Chief Financial Officer at 4400 West 18th Street, Houston, Texas 77092, or call (713) 556-5500.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2020**

Total Fund Balances— Governmental Funds \$ 1,427,478,759

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources, and therefore, are not reported as assets in governmental funds. The cost of the assets is \$6,587,822,764 and the accumulated depreciation is \$1,996,956,521. 4,590,866,243

Property taxes and other receivables are not available soon enough to pay for the current period's expenditures, and therefore, are deferred in the funds. 18,746,647

Internal service funds are used by the District's management to charge the costs of workers' compensation, health insurance, and print shop activities to the funds. The assets and liabilities of the internal service funds are included with governmental activities. 81,893,713

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore, are not reported as liabilities in the funds. Long term liabilities at year-end consist of:

Bonds payable	\$	(2,676,821,528)	
Accretion of interest payable		(5,191,168)	
Notes payable		(162,970,000)	
Compensated absences payable		(49,346,917)	
Lease purchases payable		(34,277,832)	
Premium on bonds payable		<u>(184,647,567)</u>	
			(3,113,255,012)

Accrued interest is not due and payable in the current period and therefore is not reported as a liability in the governmental funds. (43,140,321)

Deferred gains and losses on the refunding of bonds are not reported in the funds but are considered deferred inflows and outflows in the statement of net position. 22,687,077

Included in the items related to debt is the recognition of the District's proportionate share of the pension liability:

Net pension liability	\$	(594,268,532)	
Deferred resource inflow related to TRS		(241,833,730)	
Deferred resource outflow related to TRS		<u>341,350,533</u>	
Decrease in Net Position			(494,751,729)

Included in the items related to debt is the recognition of the District's proportionate share of the OPEB liability:

Net OPEB liability	\$	(716,497,750)	
Deferred resource inflow related to TRS-OPEB		(349,711,223)	
Deferred resource outflow related to TRS-OPEB		<u>125,043,828</u>	
Decrease in Net Position			(941,165,145)

Total Net Position of Governmental Activities \$ 1,549,360,232

The notes to the basic financial statements are an integral part of this statement.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Total Net Change in Fund Balances—Governmental Funds \$ (131,979,309)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Facilities acquisition and construction and other acquisitions	309,724,573	
Disposals	(5,893,714)	
Depreciation expense	(162,631,533)	
Depreciation on disposals	<u>3,728,459</u>	144,927,785

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Proceeds from the sale of bonds is a source of financing in the governmental funds, but the statement of net position recognizes it as an increase in the long term liabilities. The changes in long term liabilities at year end consist of:

Bonds payable	211,421,219	
Notes payable	15,955,000	
Amortization of premium on bonds payable	24,313,151	
Arbitrage rebate payable	140,000	
Lease purchase payable, net	(20,679,504)	
Accretion payable, net	<u>2,210,254</u>	233,360,120

Deferred inflows of gains and losses on debt refunding are amortized over the term of the bonds in the statements but are expensed in the year incurred in governmental funds. (3,009,882)

Property taxes and other receivables, that will not be collected until after the District's fiscal year end, are not considered "available" revenues and are deferred in the governmental funds. Deferred tax revenues, net of allowance for bad debt, and other deferred revenues decreased by this amount. (3,847,134)

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus, requires the use of current financial resources. In the statement of activities, however interest expense is recognized as the interest accrues, regardless of when it is due. 2,600,045

In the statement of activities, compensated absences (sick pay, state personal leave, vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). This year the amounts earned exceeded the compensated absences used. (7,728,227)

Internal service funds are used by management to charge the costs of certain activities, such as workers' compensation, health insurance, and print shop activities, to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities. 16,096,628

The net change in net pension liability, deferred outflows, and deferred inflows is reported in the statement of activities but does not require the use of current financial resources and, therefore, is not reported as expenditures in the governmental funds. The net change consists of the following:

Deferred resource inflow related to TRS increased	(52,739,273)	
Deferred resource outflow related to TRS decreased	(90,386,921)	
Net pension liability decreased	<u>79,926,875</u>	(63,199,319)

The net change in net other postemployment benefit liability, deferred outflows, and deferred inflows is reported in the statement of activities but does not require the use of current financial resources and, therefore, is not reported as expenditures in the governmental funds. The net change consists of the following:

Deferred resource inflow related to TRS-OPEB increased	(99,129,575)	
Deferred resource outflow related to TRS-OPEB increased	14,008,071	
Net OPEB liability decreased	<u>75,820,785</u>	<u>(9,300,719)</u>

Change in Net Position of Governmental Activities \$ 177,919,988

The notes to the basic financial statements are an integral part of this statement.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

REPORTING ENTITY

The Houston Independent School District (“District”) is an independent school district created and incorporated through legislation enacted by the Thirty-Eighth Texas State Legislature in 1923. The District is the largest school district in Texas and is governed by the Board of Education, composed of nine Board Members, all of whom are elected officials.

In accordance with Governmental Accounting Standards, a financial reporting entity consists of the primary government and its component units. Component units are legally separate organizations for which the elected officials of the District are financially accountable, or for which the relationship to the District is such that exclusion would cause the District’s financial statements to be misleading or incomplete. Discretely presented component units are reported in a separate column in the basic financial statements to emphasize they are legally separate from the District. The District’s blended component unit, although a legally separate entity, is in substance a part of the District’s operations, and so data from this entity is combined with data of the primary government.

The criteria used to determine whether an organization is a component unit of the District includes: financial accountability of the District for the component unit, whether the District appoints a voting majority of the entity’s board, the ability to impose the District’s will on the component unit, fiscal dependency criterion, if it is a financial benefit to or burden to the District, and whether services are provided entirely or almost entirely to the District.

For financial reporting purposes, the Houston Independent School District Public Facility Corporation (“Public Facility Corporation” or “PFC”) is included as a blended component unit in the operations and activities of the District. The criteria used to include the Public Facility Corporation as a blended component unit of the District include: the District appoints a voting majority of the Public Facility Corporation’s governing body, the District is able to impose its will on the Public Facility Corporation, and the Public Facility Corporation serves the District exclusively as a financing vehicle for capital projects. The Public Facility Corporation’s data is reported in a separate column in the governmental funds financial statements.

For financial reporting purposes, the Houston Independent School District GEAR UP Trust (“GEAR UP Trust”) is included in the fiduciary activities of the District because of the financial accountability of the District, the appointment of a voting majority, and the fiscal dependency criteria whereby the GEAR UP Trust serves the District’s students exclusively. The GEAR UP Trust was incorporated to ensure that the scholarship funds are properly spent and to guarantee a college scholarship to the eligible students at participating schools of the GEAR UP program. The GEAR UP financial information is blended with that of the District in the Statement of Fiduciary Net Position for Private-Purpose Trust Funds. Separate financial statements for GEAR UP Trust are not issued.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities of the government-wide financial statements report information on all the nonfiduciary activities of the District and its blended component unit. The District eliminates from the Statement of Net Position and the Statement of Activities most interfund receivables, payables and transfers between funds. Interfund services provided and used are eliminated in the process of consolidation. Governmental activities, which

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Program revenues include (1) charges to customers or applicants for goods or services provided, and (2) grants and contributions that are restricted to meeting operational requirements of a particular function. Program revenues included in the Statement of Activities reduce the cost of the function to be financed from general revenues. Taxes and other items not restricted to specific programs are properly excluded from program revenues and reported instead as general revenues.

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those clearly identifiable with a function. Depreciation expense is specifically identified by function and is included in the direct expense to each function.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. In accordance with the provisions of GASB Statement No. 34, the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

Government-wide Financial Statements - The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place, regardless of the timing of the related cash flows. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from nonexchange transactions are recognized in accordance with GASB Statement No. 33. Property taxes are recognized as revenues in the year for which they are levied. Grants, and similar items, are recognized as revenue as soon as all eligibility requirements have been met and funds are available to meet current expenditures.

Fund Financial Statements - Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. State aid and miscellaneous revenues, other than property taxes and state and federal grants, are considered to be available if collected within the current period or within 90 days of the fiscal year end to pay liabilities of the current period. Property taxes are considered to be available if collected within 60 days of the fiscal year end. State and federal grants are considered to be available if collected within 120 days of the fiscal year end. Expenditures are generally recognized under the modified accrual basis of accounting in the accounting period in which the fund liability is incurred, if measurable. However, debt service expenditures are recognized in the current fiscal period for debt service principal and interest payments due within 30 days in the subsequent fiscal period as these funds have been set aside for that purpose. Compensated absences and claims and judgments are recorded only when payment is due. Proprietary fund statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Fiduciary fund statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

FUNDS

The District's accounting system is organized and operated with the use of funds, each of which is a separate accounting entity with a self-balancing set of accounts. The District's resources are allocated to and accounted for in individual funds based on the intended purposes for spending and the means by which spending activities are controlled. As required by the Texas Education Agency, the following fund types are included in the financial statements:

Governmental Funds

Governmental Funds are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources, and the related liabilities are accounted for through governmental funds. The following are the District's major governmental funds:

- *General Fund* - The General Fund is the general operating fund of the District and accounts for all revenues and expenditures of the District not encompassed within other funds.
- *Special Revenue Fund* - The Special Revenue Fund is used to account for Nutrition Service activities, federal and state financed programs, and other local programs.
- *Debt Service Fund* - The Debt Service Fund is used to account for the accumulation of resources for, and the retirement of, general long-term debt and related costs.
- *Capital Renovation Fund* - The Capital Renovation Fund is used to account for financial resources to be used for the acquisition, renovation or construction of capital facilities.

Proprietary Funds

Proprietary Funds are used to account for operations that are financed in a manner similar to those found in the private sector, where the determination of net income is appropriate for sound financial administration.

- *Enterprise Funds* - The Enterprise Funds are used to account for operations that are financed and operated similar to a private enterprise where the District's intent is to provide services financed primarily through user charges. The District's enterprise funds include Medicaid and the Marketplace activities.
- *Internal Service Funds* - The Internal Service Funds are used to account for operations related to the Print Shop, Alternative Certification Program, Athletics, University Interscholastic League ("UIL"), Shared Services, and risk financing activities of the District.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's proprietary funds are charges to customers and other funds for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Fiduciary Funds

Fiduciary Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations and/or other funds.

- *Private-Purpose Trust Funds* - Private-purpose trust funds are used to account for resources legally held in trust under which principal and income benefit individuals, private organizations or other governments. The District's private-purpose trust funds represent scholarship funds being held in trust for students.
- *Agency Funds* - Agency funds are custodial in nature. These funds have no equity. Assets are equal to liabilities and do not include revenues and expenditures for general operations of the District. Agency funds use the accrual basis of accounting to recognize assets and liabilities. The District's agency funds represent school class and club activity funds.

Management's Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Stewardship, Compliance, and Accountability

The District is required by law to prepare and file a budget with the Texas Education Agency (TEA). Activities of the General Fund, Nutrition Services Fund, and Debt Service Fund are included in the District's formally adopted budget. Budgets for the Special Revenue Fund (other than Nutrition Services) and Capital Projects Fund are approved on a project basis. The District is required to present the adopted and final amended budgeted revenues and expenditures and actual revenues and expenditures for the General Fund, Nutrition Services Fund and Debt Service Fund. These budgets are in the financial section of the Comprehensive Annual Financial Report.

Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB)

The fiduciary net position of the Teacher Retirement System of Texas (TRS) Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities, and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

ASSETS, LIABILITIES, AND DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

Cash and Cash Equivalents

The District's *Cash Management and Investment Policy* requires all deposits to be fully collateralized with depository insurance; obligations of the United States of America or its agencies and instrumentalities (excluding those mortgage backed securities prohibited by the Public Funds Investment Act); public funds investment pools; or in any other manner and amount provided by law for deposits of the District. At all times, such securities are to have a fair value sufficient to fully collateralize deposit balances as adjusted by the amount of applicable depository insurance pursuant to Texas Government Code Section 2257.022.

The District considers cash and cash equivalents to be cash on hand and demand deposits. All other monetary assets are treated as investments including certificates of deposit, investment pools, money market instruments, and other securities defined under the Public Funds Investment Act.

Investments

Investments are stated at fair value where applicable under the GASB statements, which is the amount at which the investment can be exchanged in a current transaction between willing parties. Management of the District believes that in the areas of investment practice, management reports, and establishment of appropriate policies, the District adhered to the requirements of the State of Texas Public Funds Investment Act. Additionally, management of the District believes that investment practices of the District were in accordance with local policies.

Receivables

All trade and property tax receivables are shown net of allowance for uncollectible balances. The property tax receivable allowance is 77.0 percent of outstanding property taxes at June 30, 2020.

Inventories

Under the moving average inventory method, the average cost of each inventory item in stock is recalculated after every inventory purchase. This method tends to yield inventory valuations and cost of goods sold that are in-between those derived under the first in, first out (FIFO) method and the last in, last out (LIFO) method. These materials and supplies are subsequently charged to expenditures when consumed. Inventories include instructional materials, plant maintenance operating supplies, as well as nutrition service food and supplies. Prepaids are charged to expenditures when consumed. Revenue for donated commodities is recognized when the commodities are received. Non-food inventories are offset at year end by non-spendable fund balance in the governmental fund financial statements.

Other Assets

Other assets include accrued interest, prepaid insurance, and prepaid travel. Prepaids are offset at year end by non-spendable fund balance in the governmental fund financial statements.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in the accounting system in order to reserve the portion of the applicable appropriation, is employed in the Governmental Fund Types on the governmental fund financial statements. Encumbrances outstanding at year end are reported as restricted or assigned, as appropriate.

At June 30, 2020, encumbrances included in governmental fund balances are as follows:

	Restricted Fund Balance	Assigned Fund Balance
General Fund	\$ -	\$ 57,112,528
Capital Renovation Fund	102,650,577	-
Special Revenue Fund	11,525,208	-
Total Encumbrances	\$ 114,175,785	\$ 57,112,528

The General Fund outstanding encumbrances in the amount of \$57,112,528 at June 30, 2020 were charged to the following functions:

Function 53 – Data processing services	\$ 21,316,131
Function 11 – Instruction	10,097,751
Function 51 – Facilities – Maintenance & Operations	14,483,339
Various other functions	11,215,307

Capital Assets

Capital assets, which include land, buildings and improvements, construction in progress, furniture and equipment, and vehicles are reported in the applicable governmental and business-type activities columns in the government-wide financial statements and proprietary fund financial statements. Capital acquisition and construction are reflected as expenditures in governmental funds. Land, buildings and improvements, furniture and equipment, and vehicles are recorded at historical cost if purchased or constructed. The capitalization threshold is a unit cost of \$5,000. Donated capital assets are recorded at estimated acquisition value at the date of donation. Depreciation on all depreciable capital assets begins on the date the asset is placed into service using the straight-line method of depreciation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Capital assets are depreciated over the following estimated useful lives:

<u>Asset Classification</u>	<u>Useful Life</u>
Buildings and improvements	40 years
Vehicles:	
Buses	12 years
Medium	7 years
Small	5 years
Furniture	5 years
Equipment	5 years
Capital leases	5 years

Interfund Transactions

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “due to/from other funds.” All other balances between funds are reported as transfers. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide statements as “internal balances.”

A description of the basic types of interfund transactions and the related accounting policies are as follows:

- Charges for services are reported as revenues for the performing fund and expenditures/expenses of the requesting fund.
- Transactions to reimburse a fund for expenditures made by it for the benefit of another fund are recorded as expenditures or expenses in the reimbursing fund and as a reduction of expenditures or expenses in the fund that is reimbursed.
- All other interfund transfers, such as legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended, are transfers. Transfers are classified as other financing sources or uses in the Statement of Revenues, Expenditures, and Changes in Fund Balances.

For reporting at the government-wide financial statement level, the District eliminates direct interfund charges for services and the balances created within the same activity categories (i.e. governmental vs. business-type). This process ensures neither governmental nor business-type activities report direct internal revenue/expenditures. Interfund activity and balances resulting from transactions with the fiduciary funds are not eliminated. Instead, the fiduciary interfund activity and balances are treated as transactions with an external party. The Internal Service Funds are essentially repositories for income, expenses, assets and liabilities of the District’s health insurance, worker’s compensation, print shop, alternative certification, athletics, shared services, and UIL activities.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Compensated Absences

The District's contract employees earn one day of personal leave per month for all months under contract, which may either be taken or accumulated with no limitation. Accumulated sick leave balances are paid upon termination from the District to employees meeting certain criteria and hired before October 10, 1972. In addition, the District may "buy-back" accrued but unused state leave in accordance with the "Attendance Incentive Plan."

Twelve-month employees earn vacation ranging from two to four weeks per year based on length of service. Beginning with FY 2021, vacation days may be carried over from one contract year to another with a maximum limit of 50 days compared to previous years when only 30 days could be carried over. For twelve-month employees, the contract runs from September 1st through August 31st.

The District accrues vacation, state personal leave, and eligible sick leave in the government-wide and proprietary fund financial statements. A liability and related expenditure for these amounts is reported in the governmental funds only if they have matured as a result of employee retirements or resignations and are due.

Long-term Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Gains and losses on refunds are amortized over the life of the bonds using the straight-line method. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources which represents a consumption of net position that applies to a future period(s) and therefore, will not be recognized as an outflow of resources (expenses/expenditures) until then. Included in this category are deferred losses on refunding, TRS pension costs, and TRS OPEB costs.

In addition to liabilities, the Statement of Net Position includes a separate section for deferred inflows of resources which represents an acquisition of net position that applies to a future period(s) and therefore, will not be recognized as an inflow of resources (revenue) until then. Included in this category are TRS pension and OPEB. The Governmental Funds Balance Sheet also includes a section for deferred inflows of resources. Unavailable revenue is reported as deferred inflows of resources only in the Governmental Funds Balance Sheet.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NET POSITION AND FUND BALANCES

Government-wide Financial Statements

The District's net position is composed of the following:

Net Investment in Capital Assets - the component of net position that reports capital assets less both the accumulated depreciation and the outstanding balance of debt that is directly attributable to the acquisition, construction, or improvement of these capital assets.

Restricted for Debt Service - the component of net position that reports the difference between assets and liabilities of the Debt Service Fund adjusted on a government-wide basis that consists of assets with constraints placed on their use by the bond covenants.

Restricted for Grants - the component of net position that reports the difference between assets and liabilities of the Special Revenue Fund that consists of assets with constraints placed on their use by the Department of Education, Department of Agriculture, TEA, and other grantor agencies and organizations.

Unrestricted - the difference between the assets and liabilities that are not reported in net position invested in capital assets, net position restricted for debt service, and net position restricted for grants.

The District applies restricted resources before unrestricted resources when an expense is incurred for which restricted net position is available.

Governmental Fund Financial Statements

In the fund financial statements, governmental funds report fund balances as either a non-spendable fund balance or a spendable fund balance.

Non-spendable Fund Balance

Non-spendable fund balance is that portion of fund balance that is not expendable (such as inventories) or is legally earmarked for a specific use. Non-spendable fund balance reserves include inventories and prepaid items.

Spendable Fund Balance

Spendable fund balance is the portion of fund balance that is comprised of restricted, committed, assigned, and unassigned fund balances.

Restricted Fund Balance -- the component of the spendable fund balance constrained to a specific purpose by the provider, such as a grantor. Restricted fund balance includes funds for the Nutrition Services program, funds restricted for construction programs, funds used to retire debt, and resources from other granting agencies.

Committed Fund Balance -- the component of the spendable fund balance constrained to a specific purpose by a resolution approved by the Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same action used to establish it. Committed fund balance includes funds for potential litigation, claims, and judgments.

Assigned Fund Balance -- the component of the spendable fund balance that is earmarked for a specific purpose by the Superintendent or Chief Financial Officer. The assigned amounts can only be removed by the Superintendent or Chief Financial Officer. Assigned fund balance includes

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

funds for encumbrances which are purchase orders, contracts, and other commitments for the expenditure of funds that are carried forward, insurance deductibles, specific program costs, and other legal issues.

Unassigned Fund Balance -- the component of the spendable fund balance within the General Fund which may be spent for any legal purpose. This portion of the total fund balance in the general fund is available to finance operating expenditures.

In general, it is the District's policy to consider restricted resources to have been spent first when an expenditure is incurred for purposes for which restricted and unrestricted (i.e. committed, assigned, or unassigned) fund balances are available, followed by committed and then assigned fund balances. Unassigned amounts are used only after the other resources have been used.

FUND BALANCES	General Fund	Special Revenue Fund	Debt Service Fund	Capital Renovation Fund	Capital Renovation Fund - PFC	Total Governmental Funds

NOTE 2: HISD PUBLIC FACILITY CORPORATION

The Houston Independent School District Public Facility Corporation is a public non-profit corporation, the creation of which was sponsored by the District pursuant to the Public Facility Corporation Act, Article 717s, Vernon's Texas Civil Statutes, as amended (the "Public Facility Corporation Act"). The Public Facility Corporation Act authorizes the creation and utilization by school districts of public facility corporations to issue bonds to provide for the acquisition, construction, rehabilitation, renovation, repair, equipping, furnishing and placing in service of public facilities of its governmental sponsor and further authorizes the governmental sponsor to incur lease purchase obligations in favor of the corporation to serve as security for the bonds issued by the Public Facility Corporation.

To accomplish the financings, the Public Facility Corporation and the District have entered into a number of "Leases With An Option to Purchase" pursuant to the terms of which the District will pay

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

to the Public Facility Corporation such lease payments at such times and in such amounts as will be required to pay the principal and premium, if any, and interest on the lease revenue bonds as they become due.

The Public Facility Corporation has utilized this structure to issue Lease Revenue Bonds for building two high schools in 1998, a food warehouse facility in 2006, four elementary schools in 2010 and three instructional facilities in 2015. The Public Facility Corporation refunded the Series 2006 (food warehouse) bonds in fiscal year 2017 for the purpose of decreasing debt service costs in future years. In fiscal year 2020 the Public Facility Corporation refunded the Series 2010B (BAB) bonds for the purpose of decreasing debt service costs in future years.

NOTE 3: CASH DEPOSITS AND INVESTMENTS

Statutes of the State of Texas and policies mandated by the District's Board of Education authorize the District to invest in obligations of the U.S. Government or its agencies, repurchase agreements, commercial paper, corporate bonds, public fund investment pools, mutual funds and money market accounts. All investments are held separately in each of the funds. With the exception of the Public Facility Corporation, all bank demand accounts are held within the General Fund.

Funds held at the depository bank were properly secured at all times during the fiscal year ended June 30, 2020. The following disclosure pertains to the date of highest deposit:

- a. Name of depository bank: JP Morgan Chase Bank
- b. The combined total of collateral pledged at the date of highest deposit on June 30, 2020 was \$35,700,917 and was comprised of \$30,000,917 in market value of pledged securities and a Federal Home Loan Bank (FHLB) Letter of Credit with a pledge value of \$5,700,000.
- c. Highest cash deposit account balances amounted to \$25,890,431 and occurred on June 30, 2020. The required amount of collateral was \$25,640,431.
- d. Total amount of Federal Deposit Insurance Corporation ("FDIC") coverage at the time of highest balance was \$250,000 for all accounts.

Cash, Demand and Time Deposits

As of June 30, 2020, the carrying amount of the District's demand deposits and cash on hand was \$14,837,052. The \$25,890,431 bank balance was fully covered on June 30, 2020 by a combination of federal deposit insurance through the FDIC, collateralization by securities held by the District's depository in joint safekeeping at the Federal Reserve Bank in the District's name, and a Federal Home Loan Bank Letter of Credit issue with the District as beneficiary. The HISD Public Facility Corporation's \$87,882 was held in money market accounts at the Bank of New York Mellon Trust Company, N. A.

The District purchased nonnegotiable certificates of deposit issued by East West Bank, Independent Bank, and Unity Bank, of \$140,000,000, \$70,000,000, and \$240,000, respectively, as of June 30, 2020, for a total of \$210,240,000, or 11.91 percent of the investment portfolio. The collateral for the East West Bank certificates is comprised of a Federal Home Loan Bank Letter of Credit in the amount of \$144,306,900 issued with the District as beneficiary. The collateral for the Independent

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Bank certificates of deposit is comprised of Federal Home Loan Bank Letter of Credits in the amount of \$84,000,000 issued with the District as beneficiary. Unity Bank's certificate of deposits are covered in full by the FDIC; therefore, require no additional collateral under the Public Funds Investment Act, Section 2257.022. Certificates of deposit are reported at cost by the District.

Investments

In accordance with the provisions of GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools* ("GASB Statement No. 31"), the District's investment securities have been recorded at fair value based upon quoted market prices as of June 30, 2020, with the increase or decrease in fair value being recorded as a component of earnings on investments. None of the District's investment securities have been reported at amortized cost.

The District's investments in public funds investment pools and money market mutual funds include those with the Lone Star Investment Pool ("LSIP"), TexSTAR, and TexPool. The fair value of the District's position in the above pools is the same as the value of the pool shares.

LSIP is a public funds investment pool created pursuant to the Interlocal Cooperation Act of the State of Texas, Article 4413(32c), Vernon's Texas Civil Statutes, as amended, and is designed to provide participating local governments with investment vehicles for local funds that may be required for immediate expenditure. The primary objective of the LSIP is to emphasize the importance of safety of principal and liquidity of pool assets. The administrator and distributor of LSIP is First Public, LLC, a Texas limited liability company. Investment advisory services are provided by American Beacon Advisors and Standish Mellon Asset Management Company. The custodial account is managed by State Street Bank and Trust while CAPTRUST Financial Advisors provides investment consulting services.

The Lone Star Government Overnight Fund is a stable net asset value fund rated AAAM by Standard & Poor's rating service, Lone Star Corporate Overnight Fund is a stable net asset value fund rated AAAM by Standard & Poor's, and the Lone Star Corporate Overnight Plus Fund is a stable net asset value rated AAAf/S1+ by Standard & Poor's. All of these funds seek to maintain a stable \$1.00 net asset value.

The District's investment in LSIP's Government Overnight Fund, Corporate Overnight Fund, and the Corporate Overnight Plus Fund, as of June 30, 2020 was \$135,280,314, \$141,855,062, and \$279,965,840, respectively, for a total of \$557,101,216 representing 31.56 percent of the total portfolio.

TexPool is a public funds investment pool operated by the Texas Treasury Safekeeping Trust Company, an entity of which the Texas Comptroller of Public Accounts is the sole officer, director, and shareholder. Administrative and investment services are provided by Federated Investors, Inc. TexPool and TexPool Prime funds are rated AAAM by Standard & Poor's.

As of June 30, 2020, the District's investment in TexPool and TexPool Prime was \$359,209,941 and \$260,468,369 respectively, for a total of \$619,678,310 representing 35.10 percent of the total portfolio.

TexSTAR was created in April 2003, also under the Interlocal Cooperation Act. Hilltop Securities, Inc. and J.P. Morgan Investment Management Inc. are co-administrators. JPMorgan Investment Management, Inc. provides investment management services while Hilltop Securities, Inc. provides participant services and marketing. The fund is rated AAAM by Standard & Poor's.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

As of June 30, 2020, the District's investment in TexSTAR was \$376,062,280, or 21.30 percent of the portfolio. As with all the investment pools, funds are readily available to support daily cash requirements. The balance includes the HISD Public Facility Corporation's \$641,675 invested in TexSTAR through its trustee, the Bank of New York Mellon Trust Company, N.A. These funds are restricted for use in the building of specific school projects as defined in bond issuance documents.

The District holds an investment in a U.S. Agency Security issued by the Federal Home Loan Mortgage Corporation ("FHLMC") as of June 30, 2020. The market value of the security is \$2,236,886 and represents 0.13 percent of the value of the total portfolio.

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, an amendment to GASB Statement No. 3, establishes and modifies disclosure requirements related to deposits and investment risks: credit risk (including custodial credit risk and concentrations of credit risk), interest rate risk, and foreign currency risk.

To ensure compliance with the various risk factors addressed in GASB Statement No. 40, the District's Investment Advisory Committee reviewed the *Cash Management and Investment Policy*. The *Cash Management and Investment Policy* is reviewed by the Investment Advisory Committee at least annually and presented to the Board of Education for approval. The Investment Officers submit a Quarterly Investment Report to the Board of Education certifying that all investments were purchased in compliance with the *Cash Management and Investment Policy*.

The District's *Cash Management and Investment Policy* contains the following objectives:

- (1) assure the safety of District's funds;
- (2) maintain sufficient liquidity to provide adequate and timely working funds;
- (3) maintenance of the public trust as custodians and managers responsible for the investing of funds subject to state and federal laws;
- (4) optimization of yield as expressed in terms of rate of return and interest earnings;
- (5) diversification of investments as relating to maturity, instruments, and issuers shall be considered a priority within the context of the overall investment policy; and
- (6) avoid investments for speculation.

All objectives are approached with the judgment and care, under the circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the capital, as well as the probable income to be derived. Preservation of District capital is of highest importance. All participants in the investment process seek to act responsibly as custodians of the public trust. Investment officials avoid any transaction that might impair public confidence in the District's ability to govern effectively.

Interest Rate Risk

As a means of limiting its exposure to fair value losses that could occur from rising interest rates, the District's investment policy limits the maturities of investments and prohibits any investment for speculative gains. The available funds in the General Fund may be invested for greater than one year provided that all cash flow requirements have been met. Available monies in all other funds, except for bond proceeds, can be invested for a period of up to ten years provided that cash flow needs are

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

met. Bond proceeds can be invested for a period up to five years provided that the drawdown schedules permit such maturities.

The District recognizes that investment risks can result from market price changes. Portfolio diversification is employed as a way to control risk. Investment officers are expected to display prudence in the selection of securities, as a way to minimize risk. No individual investment transaction shall be undertaken which jeopardizes the total capital position of the overall portfolio.

At June 30, 2020, the District's exposure to interest rate risk as measured by segmented time distribution by investment type is summarized as follows:

	6/30/2020 Fair Value	Issuer Concentration	Investment Maturities in Years	
			Less than 1	1-5
FHLMC	\$ 2,236,886	0.13%	\$ -	\$ 2,236,886
Total agency securities	2,236,886	0.13%	-	2,236,886
Lone Star Investment Pool	557,101,216	31.56%	557,101,216	-
TexPool	619,678,310	35.10%	619,678,310	-
TexStar	376,062,280	21.30%	376,062,280	-
Total Investment Pools	1,552,841,806	87.96%	1,552,841,806	-
Certificates of Deposit	210,240,000	11.91%	210,240,000	-
Total Investments	\$ 1,765,318,692	100.00%	\$ 1,763,081,806	\$ 2,236,886

As of June 30, 2020, the dollar weighted average maturity of the total portfolio, assuming investments are held to final maturity date and not call dates, was 13 days. The modified duration as of June 30, 2020 was 0.0346 years. As of June 30, 2020, there was one investment with a maturity greater than or equal to one year.

Credit Risk

The District's *Cash Management and Investment Policy* allows for investments in commercial paper provided it meets the following criteria:

1. the maximum maturity does not exceed 270 days from the date of issuance;
2. it is rated at least A1 or P1 by two nationally recognized credit rating agencies;
3. be issued for a specific face amount;
4. be issued either through a direct placement or through broker dealers;
5. the District will diversify its investment in commercial paper by issuer and by length of maturity; and
6. the maximum the District will have in commercial paper at any time is 30 percent of the District's portfolio.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

As of June 30, 2020, the District did not have any investments in commercial paper. The District's exposure to credit risk at June 30, 2020 is presented below by investment category as rated by Standard & Poor's along with the District's level of input hierarchy utilized to measure fair values:

	6/30/2020 Value	Fair Value Measurement Input Level	Rating
FHLMC	<u>2,236,886</u>	Level 2	AA+
Total U.S. Agency Investments	<u>2,236,886</u>

Total Investment Pools	<u>1,552,841,806</u>		
Certificates of Deposit	<u>210,240,000</u>	N/A	Not rated
Total Investments	<u>\$ 1,765,318,692</u>		

GASB Statement Number 72 established a hierarchy that prioritizes the inputs used to measure fair value. Certain investment types utilized by the District are not required to be fair valued. Debt securities classified as Level 2 have used a number of pricing methodologies including matrix pricing, Bloomberg Valuation and Interactive Data Corporation inputs. The District additionally chooses to utilize the average of three price inputs from separate providers. Since these are not prices quoted for identical securities quoted in active markets they are not classified as Level 1 inputs.

The District has investments in TexPool, including both TexPool and TexPool Prime, which maintain stable net asset values of \$1 per share and utilize the amortized cost method as allowed by GASB 79. The District has investments in TexSTAR which maintains a stable net asset value of \$1 and has chosen to utilize the amortized cost method as allowed by GASB 79. The District invests in the Lone Star Government Fund and Lone Star Corporate Overnight Fund which both maintain a stable net asset value of \$1 and the underlying pool investments are reported at amortized cost per GASB 79. The District invests in the Lone Star Corporate Overnight Plus Fund which maintains a stable net asset value of \$1.00 and the pool utilizes fair value reporting per GASB 72. The District has no unfunded commitments to these pools and may redeem investments at any time.

The Federal Home Loan Mortgage Corporation (FHLMC) is an instrumentality of the U.S. government; otherwise known as a government sponsored corporation. These instrumentalities are established by law to implement the Federal Government's various lending programs. These instrumentalities frequently do not have individual debt offerings rated therefore the credit rating disclosed is the overall long term rating of the entity.

Custodial Credit Risk - Funds on deposit with the depository bank are collateralized by pledged approved securities, surety bonds, or Federal Home Loan Bank Letters of Credit as specified by Section 45.208, Subchapter G, of Texas Education Code in order to adequately protect the funds of the District. Further, the District will require pledged securities at least equal to that set forth in Texas Government Code Chapter 2257.022, Subchapter B, Depository: Security For Deposit of Public Funds (currently 110 percent of the amount of the deposit if a reducing value security and equal to the deposit otherwise). The District has the right to designate the amount of approved securities and/or the aggregate amount of the bond to adequately protect the District. The District may not designate an amount less than the balance of school district funds on deposit with the depository bank from day to day, less any applicable FDIC insurance. The approved securities shall be valued

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

at market value for purposes of calculating the designated amount of collateral required. The bank shall have the right and privilege of substituting approved securities upon obtaining the approval of the District.

The FDIC provides deposit insurance limits of \$250,000 for all accounts in total.

Investments purchased for the District are made in the name of the Houston Independent School District. All investments are purchased with the delivery versus payment method and are recorded in the District's name on the Federal Reserve's book entry system and confirmed to the District via safekeeping receipt maintained on the books of the depository bank's safekeeping department.

Investments purchased for the Public Facility Corporation are purchased in the name of the Public Facility Corporation and held by the trustee, Bank of New York Mellon, as stipulated in related bond documents.

Concentration of Credit Risk - The investment portfolio is diversified to eliminate the risk of loss resulting from over concentration of assets in a specific maturity, a specific issue, or a specific class of securities. Within the cash flow requirement constraints, investment maturities are staggered in a way that avoids undue concentration of assets in a specific maturity sector.

As of June 30, 2020 no single investment security comprised more than 0.13 percent of the total investment portfolio. No investment securities by issuer comprised a concentration of 5.00 percent or greater of the total portfolio.

The maximum asset mix approved by the investment policy is as follows:

<u>Type</u>	<u>District Limit</u>	<u>Issuer Limit</u>
U.S. Government Securities	100%	100%
Investment Pools*	100%	40%
U.S. Agency Securities	80%	40%
Certificates of Deposit	50%	10%
Commercial Paper	30%	5%
Municipal Securities	20%	5%
Money Market Mutual Funds	15%	5%
Mutual Funds	15%	5%
Corporate Bonds	15%	5%
Repurchase Agreements	8%	8%
Money Market Accounts	7%	7%

*The District does not invest its portfolio in any single investment pool. Funds are subdivided between various pools for diversification and security reasons. Investments in any pool will be limited to 25 percent of the average Net Asset Value of that pool.

The District is prohibited from investing in the following types of investments:

- a. obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal;
- b. obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security collateral and bears no interest;

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

- c. collateralized mortgage obligations that have a stated final maturity date of greater than 10 years;
- d. collateralized mortgage obligations whose interest rate is determined by an index that adjusts opposite to the changes in a market index; and
- e. banker's acceptances.

The District neither enters into reverse repurchase agreements nor trades in options or future contracts. Additionally, the District does not participate in any securities lending program.

As of June 30, 2020, the following was the composition of the District's investment portfolio:

TexPool	35.10%
Lone Star Investment Pool	31.56%
TexSTAR	21.30%
Certificates of Deposit	11.91%
U.S. Agency Securities	0.13%
Total	100.00%

Foreign Currency Risk

The District does not engage in any deposit or investment transactions involving foreign currency.

NOTE 4: PROPERTY TAXES AND STATE AID REVENUE

PROPERTY TAXES

The appraisal of property within the District is the responsibility of the Harris County Appraisal District ("Appraisal District"). The District's ad valorem property tax is levied annually in October on the assessed value as of the prior January 1 for all real and business personal property located in the District. Taxes are due on receipt of the tax bill and are delinquent if not paid by January 31 of the next calendar year. Such taxes are applicable to the fiscal year in which they are levied and become delinquent with an enforceable lien on property after January 31 of the subsequent calendar year. Delinquent taxes receivable on the government-wide statement of net position and the governmental fund balance sheet is net of estimated uncollectible taxes.

For the current fiscal year, the Board of Education set a tax rate of \$1.1367 per \$100 of assessed valuation. The maintenance and debt service portions of such rate are \$0.97 and \$0.1667 respectively. The 2019 tax year assessed valuation was \$185,535,534,086 which resulted in a gross tax levy of \$2,108,982,416 for the current fiscal year. After deductions of all exemptions and reductions provided by law and those granted by the District, the 2019 tax year levy was \$2,048,599,091.

Property taxes which are measurable (quantifiable) and available (collectible within the current period or soon enough thereafter to finance expenditures of the current period, which the District has estimated to be collected in the two months after the fiscal year end) are recognized as revenue in the year of levy in the governmental fund financial statements. Property taxes, which are measurable but not available, are recorded net of estimated uncollectible amounts, as unavailable revenues in the year of the levy in the governmental financial statements. Such unavailable

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

revenues are recognized in the fund financial statements as revenue in the fiscal year in which they become available. In the government-wide financial statements, property taxes are recognized as revenues in the year for which the taxes are levied. Uncollectible property taxes in the current period increased the allowance for uncollectible property taxes in the government-wide and fund financial statements by \$16,060,065.

Delinquent taxes receivable and the related allowance for uncollectible taxes in the governmental fund financial statements as of June 30, 2020 are as follows:

	<u>Delinquent Taxes Receivables, Gross</u>	<u>Allowance for Uncollectible Taxes</u>	<u>Delinquent Taxes Receivable, Net</u>
General Fund	\$ 97,271,660	\$ 74,222,491	\$ 23,049,169
Debt Service Fund	<u>15,729,538</u>	<u>12,760,388</u>	<u>2,969,150</u>
Total	<u>\$ 113,001,198</u>	<u>\$ 86,982,879</u>	<u>\$ 26,018,319</u>

STATE AID REVENUE

The Texas Education Agency, through its application of state law, allocates state revenues to school districts by formula allocation. The District receives two allocations—a per capita allocation and a foundation program allocation. The District also recognizes revenues for the state's share of the contributions to the Teacher Retirement System of Texas (TRS). See Note 11 for additional information on the employees' retirement plan. Other state revenues are received through other state miscellaneous programs on an allocated basis. The components of state aid as shown in the governmental fund financial statements are as follows:

<u>Revenues</u>	<u>General Fund</u>	<u>Special Revenue Fund</u>	<u>Debt Service Fund</u>	<u>Total</u>
Per Capita Revenues	\$ 60,517,457	\$ -	\$ -	\$ 60,517,457
Foundation Fund Revenues	71,137,762	-	-	71,137,762
Other State	1,807,809	27,010,581	2,385,404	31,203,794

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Construction Commitments

The District has active construction projects as of June 30, 2020. These projects include new school construction, renovation of existing schools, safety and security projects, non-school facilities, middle school restrooms, and technology upgrades. At June 30, 2020, the District had fully funded commitments for the following categories:

<u>Project</u>	<u>Spent-To-Date</u>	<u>Remaining Commitment</u>
New Schools	\$ 207,684,391	\$ 89,823,497
Renovated Schools	10,307,952	1,150,951
Middle School Restrooms	48,548	-
Technology Upgrades	4,074,137	2,881,638
Safety and Security	<u>9,995,331</u>	<u>1,043,400</u>
Total	<u>\$ 232,110,359</u>	<u>\$ 94,899,486</u>

Impairments

GASB Statement No. 42, *Accounting and Financial Reporting for Impairments of Capital Assets and Insurance Recoveries*, requires the disclosure of impairment losses and associated insurance recoveries. In fiscal year 2020, the District did not have any significant impairments to be reported. The District received \$16.3 million in insurance recovery in connection with Hurricane Harvey.

	DUE FROM OTHER FUNDS	\$ 233,348
<u>OTHER INTERNAL SERVICE FUNDS</u>	General Fund	\$ (186,192)
	DUE TO OTHER FUNDS	\$ (186,192)

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments from funding agencies are received. The primary interfund transactions included amounts due from the Special Revenue Fund to the General Fund for remittances made by General

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Fund, for amounts due from the General Fund to the Health Insurance Fund, and for amounts due from the General Fund to the Debt Service Fund.

The following is a summary of the District's transfers for the fiscal year ended June 30, 2020:

\$ 35,079,875	From the General Fund to the Debt Service Fund for interest and principal debt payments
5,000,000	From the General Fund to the Capital Renovation Fund for a facilities assessment
7,637,546	From the Capital Renovation Fund to the Debt Service Fund for TIRZ High School and Elementary School debt payments
13,697,000	From the Capital Renovation Fund-PFC to the Debt Service Fund for debt service payments resulting from unspent bond proceeds and reserve release from a refunding transaction
282,067	From the General Fund to the Special Revenue Funds for pre-kindergarten tuition
2,647,890	From the General Fund to the Nutrition Services Fund for salary increase expenditures
190,000	From the General Fund to the Marketplace fund for operational support
22,500,000	From the Nonmajor Medicaid Enterprise Fund to the General Fund for use of unrestricted revenues
\$ 87,034,378	Total transfers

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and (4) use unrestricted revenues collected in an internal service fund to finance activities in another internal service fund.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 8: LONG-TERM LIABILITIES AND RELATED DEFERRED INFLOWS AND OUTFLOWS

The District's long-term liabilities consist of bond indebtedness, health insurance, workers' compensation, compensated absences, net pension liability and net OPEB liability. The current requirements for general obligation bonds principal and interest expenditures are accounted for in the debt service fund. Current funding requirements for health insurance, and workers' compensation are accounted for in the governmental and proprietary funds. Pension and OPEB long-term liabilities are generally liquidated with resources of the general fund.

The following is a summary of the District's long-term liabilities for the fiscal year ended June 30, 2020:

Governmental activities:	Balance July 1, 2019	Increases	Decreases	Balance June 30, 2020	Amortizable/ Payable Within One year

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Internal Service Funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year end, \$869,845 of Internal Service Funds' compensated absences payable and \$17,298,186 of claims payable is included in the above governmental activities amounts. For the governmental activities, claims and judgments, and compensated absences are generally liquidated by the General Fund.

Debt Payable-Governmental Activities

At June 30, 2020, the District had outstanding \$3,045,585,263 of general obligation and lease revenue bonds, public property finance contractual obligations, and maintenance tax notes. These debt obligations, whose original issuance value was \$4,011,816,108 were issued at various dates from May 1, 1998 through June 1, 2020, with interest rates ranging from 1.00 percent to 6.17 percent for the purpose of new construction and maintenance of facilities. All debt obligations fully mature at various dates through February 15, 2043. As of June 30, 2020, the District had no authorized but unissued debt.

Of the District's \$3,045,585,263 total debt payable outstanding at June 30, 2020, \$74,971,528 of bonds payable and \$5,191,568 of CAB accretions are attributable to lease revenue bonds issued by the Public Facility Corporation.

Lease Revenue Refunding Bonds, Series 2019 were issued on October 22, 2019 by the Houston Independent School District Public Facility Corporation in the amount of \$29,675,000 in order to lower the overall annual debt service costs of the Corporation and to pay for the issuance of the bonds. The issuance currently refunded Public Facility Corporation Lease Revenue Bonds, Series 2010B (BAB).

Proceeds from the sale of the refunding bonds were utilized in order to refund \$38,430,000 in par value of Lease Revenue Bonds, Series 2010B (BAB). As part of the refunding transaction \$38,800,269 was placed into an irrevocable escrow account until the redemption date of the bonds. Combined costs of issuance and underwriter's discount for the sale were \$494,024. The refunded bonds are considered defeased and no longer included in the debt schedules of the district.

The refunding transaction resulted in aggregate debt service cash flow savings of \$9,689,940 over the life of the refunding bond debt service compared to the refunded bond debt service. The economic gain on the refunding was \$4,661,940 with a net present value savings of 12.13%. The accounting loss on the transaction of (\$370,269) will be deferred and amortized over the life of the refunding bonds as a deferred outflow of resources.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

On June 1, 2020, the District issued \$37,115,000 of Variable Rate Limited Tax Refunding Bonds, Series 2012 in a remarketing and current refunding issuance transaction. The bonds were originally issued on June 1, 2012 with three tranches of initial rate periods expiring on the first day of June in 2013, 2014, and 2015 and were subsequently remarketed with the same three year tranche schedule. Bonds with a maturity date of June 1, 2029, yield of 1.45% and principal amount of \$40,420,000 were subject to remarketing. The scheduled remarketing amount of \$40,420,000 was reduced by utilizing a portion of the issuance premium of \$3,513,677 in order to extinguish \$3,305,000 in outstanding bonds.

The \$37,115,000 of bonds refunded and remarketed were issued as a single series in a three year term with a coupon rate of 4.00% and a yield of 0.80%. The final stated maturity of the bonds remained the same at June 1, 2029. Costs of issuance and underwriter's discount for the remarketing/refunding was \$202,337.

Variable Rate Limited Tax Schoolhouse Bonds, Series 2012

Maturity June 1st	Rate Period Ending June 1st	Principal	Rate	Yield
2028	2016	\$ Redeemed	0.00%	0.00%
2029	2023	37,115,000	4.00%	0.80%
2030	2021	57,470,000	2.40%	2.40%
		<u>\$ 94,585,000</u>		

* The 2030 maturity was not in a term subject to remarketing in the fiscal year ended June 30, 2020.

Variable Rate Limited Tax Refunding Bonds, Series 2013B for a par amount of \$48,030,000 were scheduled to be remarketed on June 1, 2020. The bonds were originally issued on February 14, 2013 with three tranches of initial rate periods expiring on the first day of June in 2014, 2015, and 2016 and have all been subsequently remarketed with the same three year tranche schedule. Bonds with a maturity date of June 1, 2035 were subject to remarketing. The District utilized available debt service funds to redeem the \$48,030,000 subject to remarketing.

		<u>\$ 98,475,000</u>		

* The 2036 and 2037 maturities were not in a term subject to remarketing in the fiscal year ended June 30, 2020.

On June 1, 2020, the District issued \$82,105,000 of Variable Rate Limited Tax Refunding Bonds, Series 2014A-1B in a remarketing and current refunding issuance transaction. The bonds were originally issued in 2014 and had been currently refunded creating two sub-series on June 1, 2016. Bonds with a maturity date of June 1, 2039, yield of 2.20% and principal amount of \$89,595,000 were subject to remarketing. The scheduled remarketing amount of \$89,595,000 was reduced by utilizing a portion of the issuance premium of \$7,772,880 in order to extinguish \$7,490,000 in outstanding bonds.

The \$82,105,000 of bonds refunded and remarketed were issued as a single series in a three year term with a coupon rate of 4.00% and a yield of 0.80%. The final stated maturity of the bonds remained the

2039	2022	\$ 110,520,000	2.25%	1.68%
		<u>\$ 110,520,000</u>		

The District issues variable rate debt for term periods and interest rate modes which may be changed should the District elect to do so at remarketing dates. The maximum rate of the variable rate debt cannot exceed the maximum net effective interest rate permitted under Chapter 1204 Texas Government Code, as amended. Following the new rate periods, the bonds will convert to and bear interest at a term rate to be determined by the remarketing agent. Subsequent to the new rate periods, the interest rate modes may be changed to a weekly rate, monthly rate, quarterly rate, semiannual rate, flexible rate or converted to a fixed rate until stated maturity. The Bonds are subject to mandatory tender at the end of the new rate period. In the event of a failed remarketing for any series, a step rate of 6.50 percent (Series 2012, 2013B, 2014A-2) or 7.00 percent (Series 2014A-1B) will be invoked until such time as the bonds are successfully remarketed. A failed remarketing will not be considered an event of default.

Contractual Obligations are issued for the purpose of acquiring personal property assets and are authorized pursuant to the laws of the State of Texas, including the Public Property Finance Act, Section 271.001 of the Texas Local Government Code. The District did not issue any contractual obligations in the fiscal year ended June 30, 2020.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Other long-term debt

Arbitrage - The Federal Tax Reform Act of 1986 requires issuers of tax-exempt debt to make payments to the United States Treasury of investment income received at yields that exceed the issuer's tax-exempt borrowing rates. The U.S. Treasury requires payment for each issue every five years. The District had no estimated arbitrage liability for tax-exempt debt subject to the Tax Reform Act as of the measurement period ended June 30, 2020. The estimated liability is updated annually for any tax-exempt issuances or changes in yields until such time payment of the calculated liability is due. Liabilities resulting from issuances in the General Fund are typically liquidated in the General Fund. Liabilities resulting from issuances in the Capital Renovation Fund are liquidated in the Capital Renovation Fund if unspent proceeds are remaining.

Compensated Absences - On retirement or death of certain employees hired before October 10, 1972, the District pays any accumulated unused sick leave. Additionally, the District may "buy back" any accrued but unused state leave from employees in accordance with the *Attendance Incentive Plan*. Also, certain employees are entitled to receive accrued vacation pay in a lump-sum cash payment upon termination of employment with the District. The General Fund has typically been used in prior years to liquidate compensated absences.

Capital Leases: Computers & Equipment - In 2020, the District entered into new capital lease agreements with HP Lease Financing for the amount of \$35,099,520. Further, the District has exercised the option of early termination of leases, which has resulted in the reduction of payments during the current year. The District entered into new capital lease agreements with Ricoh for an amount \$19,840,850. Each lease meets the criteria of a capital lease as defined by generally accepted accounting principles, which define a capital lease generally as one which transfers benefits and risks of ownership to the lessee.

Capital assets acquired by lease have been capitalized in an amount minimum principal lease payment at the time of acquisition. Principal and interest payments in fiscal year 2020 totaled \$15,934,702 and \$867,927 respectively. Capital assets acquired by lease have a net book value of \$59,312,931. The General Fund has typically been used in prior years to liquidate capital lease liabilities.

The future minimum lease obligations and the net present value of these minimum equipment lease payments as of June 30, 2020 were as follows:

Year Ending	Governmental
<u>June 30</u>	<u>Activities</u>
2021	19,575,775
2022	15,007,799
2023	13,677,722
2024	4,348,357
2025	2,541,051
Total minimum lease payment	55,150,704
Amount representing interest	2,546,709
Present Value of minimum lease payment	52,603,995

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

NOTE 9: OPERATING LEASES

The District leases temporary buildings, parking lots, an instructional educational facility, and communication towers under non-cancellable operating leases. Total cost for such leases was \$3,032,592 for the fiscal year ended June 30, 2020. The future minimum lease payments for these leases are as follows:

Year Ending June 30	Amount
2021	\$ 627,697
2022	152,400
2023	<u>25,400</u>
	<u>\$ 805,497</u>

NOTE 10: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. The District's risk management program encompasses various means of protecting the District against losses through policies with commercial insurance carriers or through self-insurance.

Workers' Compensation

The District maintains a self-insurance program for workers' compensation. Contributions are paid from all governmental and proprietary funds to the Workers' Compensation Internal Service Fund from which all claims and administrative expenses are paid. Claims administration, loss control, and consultant services are provided by a third-party administrator. The District maintains a catastrophic loss insurance policy for catastrophic losses exceeding \$1,000,000 per occurrence up to statutory limit of liability.

An accrual for incurred but not reported claims in the amount of \$4,206,186 (discounted at 2 percent), of which \$2,103,093 is the current portion, has been recorded in the fund as of June 30, 2020. Claims payable, including an estimate of claims incurred but not reported, was actuarially determined based on the District's historical claims experience and an estimate of the remaining liability on known claims.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

At June 30, 2020 the fund had net position of \$34,960,455. Changes in claims payable for the fiscal years ended June 30, 2019 and 2020 are as follows:

	<u>2020</u>	<u>2019</u>
Claims payable, beginning of fiscal year	\$ 5,598,797	\$ 6,112,307
Incurred claims and claim adjustment expenses for insured events of the current fiscal year	1,588,638	2,518,172
Increase (decrease) in provision for insured events of prior fiscal year	<u>51,973</u>	<u>3,292,309</u>
Total incurred claims and claim adjustment expense	<u>1,640,611</u>	<u>5,810,481</u>
<u>Payments:</u>		
Claims and claim adjustment expenses attributable to insured events of the current fiscal year	1,526,954	3,238,805
Claims and claim adjustment expenses attributable to insured events of the prior fiscal year	<u>1,506,268</u>	<u>3,085,186</u>
Total payments	<u>3,033,222</u>	<u>6,323,991</u>
Claims payable, end of fiscal year	<u>\$ 4,206,186</u>	<u>\$ 5,598,797</u>

Health Insurance

Effective January 1, 2002, the District established a self-insurance program for health insurance. Contributions are paid from all governmental and proprietary funds to the Health Insurance Internal Service Fund from which all claims and administrative expenses are paid. Claims administration and consultant services are provided by a third party administrator. The District maintains aggregate stop loss coverage for medical cost.

The District is insured for covered medical paid and incurred during the plan year by Cigna and Aetna under an annual aggregate insurance contract. The coverage provides that the insurer will reimburse the District for such paid claims that exceed an annual aggregate attachment point that is determined by a monthly amount per covered employee based on the tier of coverage enrolled.

An accrual for incurred but not reported claims in the amount of \$13,092,000, all of which is a current liability, has been recorded in the fund as of June 30, 2020. Claims payable, including an estimate of claims incurred but not reported, was actuarially determined based on an estimate of the remaining liability on known claims.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

At June 30, 2020, the fund had net position of \$39,136,679. Changes in claims payable for the fiscal years ended June 30, 2019 and 2020 are as follows:

	<u>2020</u>	<u>2019</u>
Claims payable, beginning of fiscal year	\$ 15,730,000	\$ 13,305,000
Incurred claims and claim adjustment expenses for insured events of the current fiscal year	139,710,546	142,477,719
Increase in provision for insured events of prior fiscal year	<u>16,869,063</u>	<u>27,909,543</u>
Total incurred claims and claim adjustment expenses	<u>156,579,609</u>	<u>170,387,262</u>
<u>Payments:</u>		
Claims and claim adjustment expenses attributable to insured events of the current fiscal year	126,725,125	148,553,927
Claims and claim adjustment expenses attributable to insured events of the prior fiscal year	<u>32,492,484</u>	<u>19,408,335</u>
Total payments	<u>159,217,609</u>	<u>167,962,262</u>
Claims payable, end of fiscal year	<u>\$ 13,092,000</u>	<u>\$ 15,730,000</u>

Property, Casualty, General and Professional Liability

The District purchases All-Risk Property Insurance with limits of \$250,000,000. The policies include sublimits of \$75,000,000 per occurrence for flood and quake and \$150,000,000 per occurrence for Named Storms. General and Professional Liability risks are insured with limits of \$9,750,000. Within these policy limits, the District's exposure for covered losses is limited to the policy deductibles and self-insured retentions. Automobile liability exposures are self-insured in Texas and insurance coverage is purchased for out of state risks with a \$1,000,000 limit. The District is self-insured for workers compensation and employer's liability risk exposure. The District has not had any claims in excess of its policy limits in the past three years.

NOTE 11: EMPLOYEES' RETIREMENT PLAN

Pensions

Plan Description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms. All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's Fiduciary Net Position is available in a separately-issued Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained by visiting <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to the TRS at 1000 Red River Street, Austin, Texas 78701-2698; or by calling (512) 542-6592. The information provided in the Notes to the Financial Statements in the 2019 Comprehensive Annual Financial Report for TRS provides the following information regarding the Pension Plan fiduciary net position for the year ending August 31, 2019:

<u>Net Pension Liability</u>	<u>Total</u>
Total Pension Liability	\$ 209,961,325,288
Less: Plan Fiduciary Net Position	157,978,199,075
Net Pension Liability	<u>\$ 51,983,126,213</u>
Net Position as % of Total Pension Liability	75.24%

Benefit Provisions and Service Requirements

TRS administers retirement and disability annuities and death and survivor benefits to employees and beneficiaries of employees of the public school system of Texas. It operates primarily under the provisions of the Texas Constitution Article XVI, Section 67 and the Texas Government Code, Title 8, Subtitle C, Chapter 803 and 805, respectively. Service requirements are as follows:

Normal -- Age 65 with 5 years of credited service, or when the sum of member's age and years of credit equals or exceeds 80.

Reduced -- Age 55 with at least 5 years of credited service, or earlier than 55 with 30 or more years of credited service.

Members are fully vested after five years of creditable service and are entitled to any benefit for which eligibility requirements have been met. For more detail about benefits see the Summary of Benefits section of TRS 2019 Comprehensive Annual Financial Report.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution of not less than 6 percent and not more than 10 percent of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements if, as a result of the particular actions, the time required to amortize TRS's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or if the amortization period exceeds 31 years, the period would be increased by such action.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

Contribution Rates

	<u>2019</u>	<u>2020</u>
Member	7.7%	7.7%
Non-Employer Contributing Entity (State)	6.8%	7.5%
Employers	6.8%	6.8%
District's 2020 District Contributions	\$	42,327,919
District's 2020 Member Contributions	\$	94,168,820
District's 2020 NECE On-Behalf Contributions	\$	62,929,417

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State contributes to the plan in accordance with state statutes and the GAA.

As the non-employer contributing entity for public education, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers including public schools are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding source, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public or charter school, the employer shall contribute 1.5% of covered payroll to the pension fund beginning in fiscal year 2020. This contribution rate called the Public Education Employer Contribution will replace the Non OASDI surcharge that was in effect in fiscal year 2019.

In addition to the employer contributions listed above, there are two additional surcharges an employer is subject to.

- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
- When a school district does not contribute to the Federal Old-Age, Survivors and Disability Insurance (OASDI) Program for certain employees, they must contribute 1.5% of the state contribution rate for certain instructional or administrative employees; and 100% of the state contribution rate for all other employees. This surcharge was in effect through fiscal year 2019 and was replaced with the Public Education Employer Contribution explained above.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Actuarial Assumptions

The total pension liability in the August 31, 2019 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2018 rolled forward to August 31, 2019
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Market Value
Single Discount Rate	7.25%
Long-term Expected Rate	7.25%
Municipal Bond Rate as of August 2019	2.63%. Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."
Last year ending August 31 in Projection period (100 years)	2116
Inflation	2.30%
Salary Increases	3.05% to 9.05%, including inflation
Ad hoc post-employment benefit changes	None

The actuarial methods and assumptions are used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2018.

Discount Rate

The single discount rate used to measure the total pension liability was 7.25 percent. The single discount rate was based on the expected rate of return on pension plan investments of 7.25 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020 gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

The long-term rate of return on pension plan investments is 7.25 percent. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2019 are summarized as follows:

Asset Class	Target Allocation ¹ %	New Target Allocation ² %	Long-Term Expected Geometric Real Rate of Return ³
Global Equity			
U.S.	18.0%	18.0%	6.4%
Non-U.S. Developed	13.0%	13.0%	6.3%
Emerging Markets	9.0%	9.0%	7.3%
Directional Hedge Funds	4.0%	-	-
Private Equity	13.0%	14.0%	8.4%
Stable Value			
U.S. Treasuries ⁴	11.0%	16.0%	3.1%
Stable Value Hedge Funds	4.0%	5.0%	4.5%
Absolute Return	0.0%	0.0%	0.0%
Real Return			
Global Inflation Linked Bonds ⁴	3.0%	-	-
Real Assets	14.0%	15.0%	8.5%
Energy, Natural Resources and Infrastructure	5.0%	6.0%	7.3%
Commodities	0.0%	0.0%	0.0%
Risk Parity			
Risk Parity	5.0%	8.0%	5.8%/6.5% ⁵
Leverage			
Cash	1.0%	2.0%	2.5%
Asset Allocation Leverage	-	-6.0%	2.7%
Expected Return	100.00%	100.00%	7.23%

¹ Target allocations are based on the Strategic Asset Allocation as of FY2019.

² New allocations are based on the Strategic Asset Allocation to be implemented FY2020

³ 10-Year annualized geometric nominal returns include the real rate of return and inflation

⁴ New Target Allocation groups Government Bonds within the stable value allocation. This includes global sovereign nominal and inflation-linked bonds

⁵ 5.8% (6.5%) return expectation corresponds to Risk Parity with a 10% (12%) volatility

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net Pension Liability if the discount rate used was 1 percent less than and 1 percent greater than the current discount rate that was used (7.25 percent) in measuring the Net Pension Liability.

	1% Decrease (6.25%)	Current Single Discount Rate (7.25%)	1% Increase (8.25%)
District's proportionate share of the net pension liability:	\$ 913,477,063	\$ 594,268,532	\$ 335,648,009

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the District reported a net pension liability of \$ 594,268,532 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 594,268,532
State's proportionate share that is associated with the District	807,327,463
Total	<u>\$ 1,401,595,995</u>

The net pension liability was measured as of August 31, 2018 and rolled forward to August 31, 2019 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that day. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2018 through August 31, 2019.

At August 31, 2019 the employer's proportion of the collective net pension liability was 0.011431950625 which was a decrease of 0.000816699064 from its proportion measured as of August 31, 2018.

Changes since the Prior Actuarial Valuation

- The single discount rate as of August 31, 2018 was a blended rate of 6.907 percent and that has changed to the long-term rate of return of 7.25 percent as of August 31, 2019.
- With the enactment of SB 3 by the 2019 Texas Legislature, an assumption has been made about how this would impact future salaries. It is assumed that eligible active members will each receive a \$2,700 increase in fiscal year 2020. This is in addition to the salary increase expected in the actuarial assumptions.
- The Texas legislature approved funding for a 13th check. All eligible members retired as of December 31, 2018 will receive an extra annuity check in September 2019 in either the matching amount of their monthly annuity payment or \$2,000 whichever is less.

For the year ended August 31, 2019, the District recognized total pension expense of \$232,346,999 and revenue of \$126,819,761 for support provided by the State.

At June 30, 2020, the District reported deferred outflows of resources for contributions made subsequent to the measurement date and its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual economic experience	\$ 2,496,460	\$ 20,633,946
Changes in actuarial assumptions	184,371,284	76,190,937
Difference between projected and actual investment earnings	5,967,142	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	111,259,059	145,008,847
Contributions paid to TRS subsequent to the measurement date	37,256,588	-
Total	\$ 341,350,533	\$ 241,833,730

Contributions of \$37,256,588 will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other net amounts of the employer's balances of deferred outflows and (inflows) of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	Pension Expense Amount
2021	\$ 19,796,731
2022	15,124,995
2023	33,355,812
2024	4,177,906
2025	(2,960,851)
Thereafter	(7,234,378)

Other Post-Employment Benefit Plans

Health Care Plan Description (TRS-Care)

The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan that has a special funding situation. The plan is administered through a trust by the Teacher Retirement System of Texas (TRS) Board of Trustees. It is established and administered in accordance with the Texas Insurance Code, Chapter 1575.

Employees of the system who retire with 10 or more years of eligible service credit and meet the Rule of 80 or are at least 65 years of age continue to receive health care and basic life insurance benefits through the Texas Employees Group Benefits Program (GBP) in accordance with Texas Insurance Code, Chapter 1551.

OPEB Plan Fiduciary Net Position

Detail information about the TRS-Care's fiduciary net position is available in a separately-issued TRS Comprehensive Annual Financial Report that includes financial statements and required supplementary information. That report may be obtained by visiting <http://www.trs.state.tx.us/about/documents/cafr.pdf#CAFR>; by writing to the TRS at 1000 Red River Street, Austin, Texas 78701-2698; or by calling (512) 542-6592.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

<u>Net OPEB Liability</u>	<u>Total</u>
Total OPEB Liability	\$ 48,583,247,239
Less: Plan Fiduciary Net Position	1,292,022,349
Net OPEB Liability	<u>\$ 47,291,224,890</u>
Net Position as % of Total OPEB Liability	2.66%

Benefit Provided

TRS-Care provides health insurance coverage to retirees from public schools who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. There are no automatic post-employment benefit changes, including automatic COLAs.

The premium rates for retirees are reflected in the following table.

TRS-Care Monthly Premium Rates

	<u>Medicare</u>	<u>Non-Medicare</u>
Retiree or Surviving Spouse	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree or Surviving Spouse and Children	468	408
Retiree and Family	1,020	999

Contributions

Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state's contribution rate which is 1.25 percent of the employee's salary. Section 1575.203 establishes the active employee's rate which is 0.65 percent of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

more than 0.75 percent of the salary of each active employee of the public. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

Contribution Rates		
	<u>2019</u>	<u>2020</u>
Active Employee	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding remitted by Employers	1.25%	1.25%
District's 2020 District Contributions	\$	10,608,341
District's 2020 Member Contributions	\$	7,931,291
District's 2020 NECE On-Behalf Contributions	\$	17,340,361

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to. When employers hire a TRS retiree, they are required to pay to TRS Care, a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$73.6 million in fiscal year 2019.

Actuarial Assumptions

The following assumptions and other inputs used for members of TRS-Care are identical to the assumptions used in the August 31, 2018 TRS pension actuarial valuation that was rolled forward to August 31, 2019:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Expected Payroll Growth
Rates of Disability Incidence	

The total OPEB liability in the August 31, 2018 was rolled forward to August 31, 2019. The actuarial valuation was determined using the following actuarial assumptions:

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Actuarial Methods and Assumptions:

Valuation Date	August 31, 2018 rolled forward to August 31, 2019
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	2.63% as of August 31, 2019.
Aging Factors	Based on plan specific experience
Election Rates	Normal Retirement: 65% participation prior to age 65 and 50% after age 65. 25% of pre-65 retirees are assumed to discontinue coverage at age 65
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Salary Increases	3.05% to 9.5%, including inflation
Ad hoc post-employment benefit changes	None

Other Information:

The impact of the Cadillac Tax that is returning in fiscal year 2023, has been calculated as a portion of the trend assumption. Assumptions and methods used to determine the impact of the Cadillac Tax include:

- 2018 thresholds of \$850/\$2,292 were indexed annually by 2.30 percent.
- Premium data submitted was not adjusted for permissible exclusions to the Cadillac Tax.
- There were no special adjustments to the dollar limit other than those permissible for non-Medicare retirees over 55.

Results indicate that the value of the excise tax would be reasonably represented by a 25 basis point addition to the long-term trend rate assumption.

Discount Rate

A single discount rate of 2.63 percent was used to measure the total OPEB liability. There was an decrease of 1.06 percent in the discount rate since the previous year. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was applied to all periods of projected benefit payments to determine the total OPEB liability.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used (2.63 percent) in measuring Net OPEB Liability.

	1% Decrease (1.63%)	Current Single Discount Rate (2.63%)	1% Increase (3.63%)
District's proportionate share of the Net OPEB liability:	\$ 865,042,688	\$ 716,497,750	\$ 600,290,909

Healthcare Cost Trend Rates Sensitivity Analysis

The following schedule shows the impact of the Net OPEB Liability if a healthcare trend rate that is 1 percent less than and 1 percent greater than the assumed rate.

	1% Decrease	Current Single Healthcare Trend Rate	1% Increase
District's proportionate share of the Net OPEB liability:	\$ 584,493,731	\$ 716,497,750	\$ 893,322,522

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At June 30, 2020, the District reported a liability of \$ 716,497,750 for its proportionate share of the TRS's Net OPEB liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's Proportionate share of the collective Net OPEB liability	\$ 716,497,750
State's proportionate share that is associated with the District	952,065,245
Total	<u>\$ 1,668,562,995</u>

The Net OPEB liability was measured as of August 31, 2018 and rolled forward to August 31, 2019 and the Total OPEB liability used to calculate the Net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the Net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2018 thru August 31, 2019.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

At June 30, 2020 the employer's proportion of the collective Net OPEB liability was 0.015150754746, compared to 0.015868295779 of August 31, 2019.

Changes since the Prior Actuarial Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period:

- The discount rate was changed from 3.69 percent as of August 31, 2018 to 2.63 percent as of August 31, 2019. This change increased the Total OPEB Liability.
- The health care trend rates were reset to better reflect the plan's anticipated experience. This change increased the Total OPEB Liability.
- The participation rate for pre-65 retirees was lowered from 70 percent to 65 percent. The participation rate for post-65 retirees was lowered from 75 percent to 50 percent. 25 percent of pre-65 retirees are assumed to discontinue their coverage at age 65. There was no lapse assumption in the prior valuation. These changes decreased the Total OPEB Liability.
- The percentage of retirees who are assumed to have two-person coverage was lowered from 20 percent to 15 percent. In addition, the participation assumption for the surviving spouses of employees that die while actively employed was lowered from 20 percent to 10 percent. These changes decreased the Total OPEB Liability.

For the measurement period August 31, 2019, the District recognized total OPEB expense of \$45,001,591 and revenue of \$25,092,531 for support provided by the State.

At June 30, 2020, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 35,150,305	\$ 117,247,258
Changes in actuarial assumptions	39,795,863	192,720,310
Difference between projected and actual investment earnings	77,299	-
Changes in proportion and difference between the employer's contributions and the proportionate share of contributions	40,932,469	39,743,655
Contributions paid to TRS subsequent to the measurement date	9,087,892	-
Total	\$ 125,043,828	\$ 349,711,223

Contributions paid subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2021.

The net amounts of the employer's balances of deferred outflows and (inflows) of resources related to OPEB will be recognized in OPEB expense as follows:

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Year ended June 30:	OPEB Expense Amount
2021	\$ (38,666,206)
2022	(38,666,206)
2023	(38,691,227)

2025	(38,701,619)
Thereafter	(40,324,492)

Medicare Part D

The Medicare Modernization Act of 2003 (MMA) created an outpatient prescription drug benefit program known as Medicare Part D. The Texas Public School Retired Employee Group Insurance Program (TRS-Care) is offering a Medicare Part D Plan and is participating in the Retiree Drug Subsidy plan for eligible TRS-Care participants. For the years ended August 30, 2020 and August 31, 2019, the subsidy payments received by TRS-Care on behalf of the District were \$5,427,482 and \$4,709,107, respectively. TRS issues a publicly available financial report. That report may be found by visiting the TRS Web site at www.trs.state.tx.us.

NOTE 12: COMMITMENTS AND CONTINGENCIES

The District received significant financial assistance from numerous federal and state governmental agencies in the form of grants. The disbursements of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies and the Texas Education Agency. Any disallowed claims resulting from such audits could become a liability of the General Fund.

The District is party to various other legal actions, none of which is believed by the administration or legal counsel to have a material effect on the financial condition of the District. Accordingly, no provision for losses has been recorded in the accompanying financial statements for such contingencies.

NOTE 13: NONMONETARY TRANSACTIONS

During fiscal year 2020, the District received goods purchased by the State of Texas for the benefit of the District through the Technology and Instructional Materials Allotment program. The instructional materials have been recorded in the amount \$9,262,779 in the special revenue fund as both state revenues and expenditures, which represent the amount of consideration given by the State of Texas.

Note 14: SUBSEQUENT EVENTS

In March 2020, the World Health Organization declared the novel coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. This contagious disease outbreak, which has continued to spread, and any related adverse public health developments, has adversely affected public education, workforces, economies, and financial markets globally, potentially leading to an economic downturn. It has also disrupted the normal operations of many businesses and organizations. It is not possible for management to predict the duration or magnitude of the adverse

***HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2020***

results of the outbreak and its disruptive effects on the District's operations and financial results at this time.

At the end of the first eight weeks in the 2020-21 school year, enrollment decreased by 10,633 students from projected enrollment primarily due to the COVID-19 pandemic. Students attended school virtually the first six weeks, then chose virtual or in-person classes for the remainder of the school year. The Texas Education Agency has announced that districts will be held harmless on attendance and FTE based funding for the first 18 weeks. Due to the uncertainty of enrollment and TEA actions regarding funding, management cannot estimate the financial implications as of the financial statement preparation date.

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

Note 1: Stewardship, Compliance, and Accountability

The District uses the following procedures in establishing the budgets reflected in the financial statements:

- Prior to June 30th of the preceding fiscal year, the District prepares a budget for the next succeeding fiscal year beginning July 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain citizens' comments. However, the final priorities and funding of projects are determined by the Board of Education that establishes a tax rate to support the approved budget.
- A meeting of the Board of Education is then called for the purpose of adopting the proposed budget.
- Budgets are approved on a fund-by-fund basis. The District can make amendments to the budget at any time during the year; however, amendments changing functional expenditure categories (as defined in the Texas Education Agency's *Financial Accountability System Resource Guide*) must be ratified by the Board of Education. The Board of Education formally reviews the budget twice during the fiscal year.
- Budgets are considered a management control and planning tool and, as such, are incorporated into the accounting system of the District.
- Annual budgets are legally adopted for the General Fund, the Debt Service Fund, and the Nutrition Services Fund. The budgets are prepared on a basis of accounting that is used for reporting in accordance with generally accepted accounting principles and are monitored by the Budget and Financial Planning Office. By state law, expenditures may not legally exceed budgeted appropriations, as amended, at the function level by fund. Unexpended appropriations lapse at the end of the fiscal year.
- Per TEA requirements, the expenditure in any functional category should not exceed the approved budget. For the year ended June 30, 2020:

Function 23, School Leadership exceeded budget due to TRS on-behalf higher than expected
Function 35, Food Services exceeded budget due to COVID-19 food distributions
Function 61, Community services exceeded budget due to COVID-19 related activities
Function 97, Tax reinvestment zone payments to the City of Houston higher than expected
Function 91, Chapter 41/Purchase of WADA obligation higher than expected due to year end ADA adjustment.

Note 2: Notes to Schedules for the TRS Pension

Changes of Benefit Terms

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

Changes of Assumptions

- The single discount rate changed from a blended rate of 6.907 percent as of August 31, 2018 to the long-term rate of 7.25 percent as of August 31, 2019.
- An assumption has been made based on the enactment of SB 3 by the 2019 Texas Legislature that eligible active members will each receive a \$2,700 increase in fiscal year 2020. This is in addition to the salary increase expected based on the actuarial assumptions.

Note 3: Notes to Schedules for the TRS OPEB Plan*Changes of Benefit Terms*

There were no changes of benefit terms that affected measurement of the total OPEB liability during the measurement period.

Changes of Assumptions

The following assumptions, methods, and plan changes which are specific to TRS-Care were updated from the prior year's report:

- The discount rate changed from 3.69 percent as of August 31, 2018 to 2.63 percent, as of August 31, 2019. This change increased the Total OPEB liability.
- The participation rate for pre-65 retirees was lowered from 70 to 65 percent and post-65 retirees was lowered from 75 to 50 percent. 25 percent of pre-65 retirees are assumed to discontinue their coverage at age 65. There was no lapse assumption in the prior valuation. These changes decreased the Total OPEB Liability.
- The health care trend rates were reset to better reflect the plan's anticipated experience. This change increased the Total OPEB Liability.
- The percentage of retirees who are assumed to have two-person coverage was lowered from 20 to 15 percent. The participation assumption for the surviving spouses of employees that die while actively employed was lowered from 20 percent to 10 percent. These changes decreased the Total OPEB Liability.

NON-MAJOR ENTERPRISE FUNDS

The **Medicaid Fund** is used to account for the financial operations of special education reimbursement programs. The District participates in a Medicaid reimbursement program, which is a federal program to provide partial reimbursement for health care services provided to eligible children. In addition, the District currently provides Medicaid advisory services to over 500 schools in over 100 Texas school districts.

The **Marketplace Fund** is used to account for the financial operations of the restaurant-style cafeteria on the first level of the Hattie Mae White (HMW) Educational Support Center. The District established the Marketplace years ago as a benefit to employees working in the HMW building. Both breakfast and lunch are available to guests and the 600 employees at HMW. The Marketplace was re-named Hattie Mae's Café and expanded to include a Starbucks® coffee bar in 2017. The catering department was added to this fund to increase revenue to subsidize the Marketplace as well as to promote HISD catering activities. Branded in 2017 as "Houston Eats, A Taste of HISD", the catering department continues to provide fee-based catering for HISD school and departmental events as well as to the general public.

INTERNAL SERVICE FUNDS

The **Print Shop Fund** is used to account for all the printing and distribution activities of the District's two print shop facilities. Schools and departments are charged for the costs of printing and distribution requests. During non-peak times, the Print Shop contracts with other governmental agencies requiring assistance during their peak periods. In addition, the Print Shop handles the districtwide copier contract/services for all schools and departments.

The **Health Insurance Fund** is used to account for the health insurance plan administered by the District. The plan is a self-insured plan requiring the District and its employees to contribute the cost. The District contributes approximately 78.82 percent of the annual cost of the plan with employees paying for the remaining 21.18 percent. These contributions are paid from all governmental and proprietary funds to the Health Insurance Fund from which all claims and administrative expenses are paid.

The **Workers' Compensation Fund** is used to account for risk financing activities related to the self-insured workers' compensation program. All employees of the District are covered by this plan for injuries occurring on the job. The District contributes 100 percent of the funding for this program.

The **Internal Services Fund** is used to account for the fee-for-services offered by the District to serve the specific needs of schools and departments. The Alternative Certification, Athletics, UIL, and Shared Services programs are accounted for within this fund.

AGENCY FUNDS

The **Centralized Activity Fund** was created in 1977 for the purpose of providing centralized accounting for school activity funds. As of June 30, 2020, two hundred sixty-four schools are in the program. The program also includes accounting for activity funds of various administrative departments. Centralized accounting includes deposits to a central depository, funds invested by the Treasury Department for best utilization of cash balances, payments, ledger maintenance and reporting provided through the District's accounting system. Schools in the district are required to maintain uniform accounting records.

HOUSTON INDEPENDENT SCHOOL DISTRICT
STATISTICAL INFORMATION
(Unaudited)

The Statistical Section of the District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

CONTENTS

Financial Trends

These schedules contain information to help the reader understand how the District's financial performance has changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's major revenue sources.

Debt Capacity

These schedules contain information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the district's financial report relates to the services the District provides and activities it performs.

SOURCES

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

(2) Debt service as a percentage of non-capital expenditures including payments to escrow agent	19.10%	18.47%	12.85%	32.17%	20.39%	35.11%	13.62%	13.71%	19.44%	10.55%

NOTES: Governmental Funds expenditures include those made by the following funds: General, Special Revenue, Debt Service, Capital Renovation, and the nonmajor governmental fund (Public Facility Corporation).

(1) The current refundings in fiscal years 2012, 2015, 2016, 2017, 2019 and 2020 have been deducted from non-capital expenditures in order to insure comparability between years.

(2) The debt service ratio is calculated by dividing total debt service (principal, interest, and current refundings) by total noncapital expenditures. Noncapital expenditures are total expenditures less capital outlay (to the extent capitalized for the government-wide statement of net position) and expenditures for capitalized assets included within the functional expenditure categories. The calculation for the debt service ratio in the year reported is as follows: (222,246,235 + 136,657,894) / (3,072,937,960 - 309,724,573) where 309,724,573 is the portion of capital outlay capitalized in the government-wide statements. The ratio of 18.47% was restated from the original 19.59% published in fiscal year 2019.

Prior to fiscal year 2014, interest and fiscal charges were reported in aggregate.

Legal Debt Margin Calculation for Fiscal Year 2020:

Assessed Value	\$185,535,534,086
Maximum Tax Rate (1)	\$0.50
Number of Years (2)	40
Maximum Principal	\$ -
Outstanding Principal (3)	\$ 2,800,313,188

Notes:

- (1) Per Section 45.0031 of the Texas Education Code, the District has to have a projected ability to pay the principal and interest on the bonds from a tax at a rate not to exceed \$0.50 per \$100 valuation.
- (2) Per Section 45.001, the Bonds must mature serially or otherwise not more than 40 years from their date.
- (3) Outstanding principal of General Obligation and Lease Revenue Bonds net of premiums, accretions for capital appreciation bonds, and funds restricted for payment of principal on the related debt. Net debt applicable to the legal debt margin is equal to net bonded debt.

SUBTOTAL OVERLAPPING DEBT				<u><u>4,253,703,235</u></u>
Direct :				
Houston Independent School District				<u>3,098,189,258</u>
TOTAL DIRECT AND OVERLAPPING DEBT				<u><u>\$ 7,351,892,493</u></u>

Notes: Information furnished by Texas Municipal Advisory Council, except for the net debt of the Houston Independent School District.

The percentage of overlapping debt is estimated using property market values. Percentages were estimated by determining the portion of the overlapping taxing authority's market value contained within the District's boundaries and dividing it by the overlapping taxing authority's total market value.

Net debt for the Houston Independent School District includes the following:

Bonds	\$ 2,601,850,000
Notes	178,925,000
PFC debt	74,971,528
Accretion of PFC CABS	5,191,168
Premium/discount on debt	184,647,567
Capital leases payable	52,603,995
	<u><u>\$ 3,098,189,258</u></u>

Notes: (1) See assessed value and actual value of taxable property schedule. Ratio is per \$100 of assessed value.

(2) See student information schedule.

(3) See personal income of demographic information schedule.

(4) See population of demographic information schedule.

Increase in capital leases starting in 2014 is due to the District's "Power Up" program which provides a lap top to each high school student for use at school and at home. Starting in FY2020 increases in capital leases also include capitalization of new copier leases.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Trustees of
Houston Independent School District

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of Houston Independent School District (the District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 13, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2020-001 and 2020-002 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2020-003 and 2020-004 to be significant deficiencies.

Houston Independent School District

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Houston Independent School District's Response to Findings

The District's response to the findings identified in our audit are described in the accompanying schedule of findings and responses or schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Federal and State
Program and Report on Internal Control over Compliance
Required by the Uniform Guidance and Texas Uniform Grant Management Standards**

To the Board of Trustees of
Houston Independent School District

Report on Compliance for Each Major Federal Program and State Program

We have audited Houston Independent School District's (the District) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* and the *Texas Uniform Grant Management Standards* that could have a direct and material effect on each of the District's major federal and state programs for the year ended June 30, 2020. The District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Texas Uniform Grant Management Standards (UGMS). Those standards and the Uniform Guidance and UGMS require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2020.

Weaver and Tidwell, L.L.P.

Report on Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and UGMS, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and UGMS. Accordingly, this report is not suitable for any other purpose.

The Board of Trustees of
Houston Independent School District

Report on Schedule of Expenditures of Federal and State Awards Required by the Uniform Guidance and Texas Uniform Grant Management Standards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated November 12, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying schedule of expenditures of federal awards and schedule of expenditure of state awards are presented for purposes of additional analysis as required by the Uniform Guidance and UGMS and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

2020-001

Material Weakness in Internal Control over Financial Reporting: Capital Leases

Criteria

Management is responsible for the accuracy and completeness of all financial records and related information and for establishing and maintaining effective internal control over financial reporting. The existence of a material misstatement of an entity's financial statements is an indication of a material weakness in internal control.

Condition

During the year ended June 30, 2020, the District improperly recorded capital leases, resulting in the following adjustments:

1. In the Internal Service Funds, the District failed to record a capital lease entered into during the year, resulting in adjustments to capital lease assets of approximately \$19.8MM, capital leases payable of approximately \$18.3MM and adjustments to the related depreciation and interest expense.
2. In the General Fund, the District failed to record capital leases entered into during the year, resulting in material adjustments to other financing sources (proceeds from leases) and capital outlay expenditures of approximately \$35.1MM.

Cause

In the preparation of its financial records for the year ended June 30, 2020, the District failed to properly identify and record capital leases. Because these errors were not detected timely, there is an indication that internal controls surrounding the identification and recording of capital leases are not operating as intended.

Effect or Potential Effect

Material misstatement of the District's financial statements was not prevented, or detected and corrected, by the District's system of internal control. Failure to establish effective monitoring and closing procedures will allow for misstatements to exist and continue without notice.

Recommendation

We recommend that the District review its internal control procedures over financial reporting to ensure controls are in place to identify and record all transactions surrounding capital leases in a timely manner.

Views of Responsible Officials and Planned Corrective Actions

See corrective action plan

2020-002**Material Weakness in Internal Control over Financial Reporting: Goods Receipts**Criteria

Management is responsible for the accuracy and completeness of all financial records and related information and for establishing and maintaining effective internal control over financial reporting. The existence of a potential material misstatement of an entity's financial statements is an indication of a material weakness in internal control.

Condition

Goods and services on purchase orders were marked as received in the accounting and financial reporting system, triggering the recording of expenditures and the related liabilities, though the goods and services were not received. These items were not reviewed and reconciled in a timely manner against the invoices, resulting in overstated expenditures in prior periods, and understated expenditures during the year ended June 30, 2020 by approximately \$1.7MM. Because some of these items were capital outlay expenditures, capital assets were recorded at an incorrect cost basis in the government-wide statement of net position in prior years.

Cause

Departments are incorrectly identifying goods and services as received on purchase orders.

Effect or Potential Effect

Failure to accurately record goods receipts could result in material misstatement of the District's financial statements and payment of invoices for goods or services not received.

Recommendation

We recommend that the District provide additional training and guidance to employees to ensure processes over recording goods receipts are followed and reconciliations are completed accurately and timely.

Views of Responsible Officials and Planned Corrective Actions

See corrective action plan

2020-003**Significant Deficiency in Internal Control over Financial Reporting: Timely Deposit of Cash Receipts**Criteria

Due to the nature of checks held for deposit, an inherent risk of fraud is present. Therefore, it is critical that internal control processes are in place surrounding the custody and timely deposit of checks received by the District.

Condition

The Treasury department was not made aware of three checks received by other departments within the District, with one check being held for approximately six months prior to being deposited in the bank. Therefore, these items were not deposited in a timely manner. Additionally, prior to deposit, these items were not protected in a safe or similar manner, exposing the District to the potential for misappropriation of funds.

Cause

Lack of communication between departments caused checks to be improperly held for an extended period of time. This condition indicates ineffective control processes surrounding the custody of checks and timely communication and remittance to the Treasury department.

Effect or Potential Effect

If the Treasury department is not made aware of all checks received, the District is exposed to the potential for fraudulent activity surrounding checks on hand. Additionally, these cash receipts could fail to be recorded in the financial statements in the correct period, leading to inaccurate financial reporting.

Recommendation

We recommend that the District review its internal control procedures over financial reporting to ensure that processes are in place so all checks received by the District are remitted to the Treasury department in a timely manner and custody of checks is appropriately maintained until the date of deposit.

Views of Responsible Officials and Planned Corrective Actions

See corrective action plan

2020-004**Significant Deficiency in Internal Control over Financial Reporting: Collectability of Receivables**Criteria

Accounts receivable should be reported net of allowance for doubtful accounts to accurately reflect the collectability of the customer balance. Periodic evaluation and review of collectability of receivables, as well as other accounting estimates, is essential to ensure accurate financial reporting.

Condition

Receivables from other governments were not evaluated for collectability, resulting in an overstatement of accounts receivable and deferred inflows of resources by approximately \$3.1MM.

Cause

In the preparation of its financial records for the year ended June 30, 2020, the District failed to perform an evaluation of collectability of receivables from other governments and had not identified that funds were no longer available to pay the outstanding balance. This indicates an absence of effective internal controls over the determination of accurate accounts receivable balances and the allowance for doubtful accounts.

Effect or Potential Effect

If receivables are not evaluated for collectability on a timely basis, the District could be exposed to inaccurate financial reporting of receivables, revenue, and deferred inflows of resources.

Recommendation

We recommend that the District review its internal control procedures over financial reporting to ensure controls are in place to review all receivables for collectability and record allowances, as necessary.

Views of Responsible Officials and Planned Corrective Actions

**HOUSTON INDEPENDENT SCHOOL DISTRICT
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS
JUNE 30, 2020**

1. The Houston Independent School District (the "District") utilizes the funds specified in the Texas Education Agency Financial Accountability System Resource Guide. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance.

The Special Revenue Fund is used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund. Generally, unused balances are returned to the grantor at the close of specified project periods.

2. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current-financial-resources measurement focus. All federal grant funds are accounted for in the Special Revenue Fund, a component of the governmental funds. With this measurement focus, only current assets and current liabilities, generally, are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified-accrual basis of accounting is used for the governmental funds. This basis of accounting recognizes revenues in the accounting period in which they become both measurable and available and expenditures in the accounting period in which the fund liability is incurred, except that principal and interest on general long-term debt are recognized when due.

National School Lunch Program and Summer Food Service Program non-cash commodities are recorded at their estimated market value at the time of donation.

Federal grant funds are considered to be earned when all eligibility requirements have been met. Any excess of revenues or expenditures is recorded as unearned revenues or accounts receivable, respectively.

3. The period of availability for federal grant funds for the purpose of liquidating outstanding obligations made on or before the ending date of the federal project period extended 30 days beyond the federal project period ending date, in accordance with provisions in Section H, *Period of Availability of Federal Funds, Part 3, OMB Uniform Guidance*.
4. The disbursement of funds received under federal grant programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund. In the opinion of management, such disallowed claims, if any, will not have a material effect on any of the financial statements of the individual fund types or on the overall financial position of the District at June 30, 2020.

Total Expenditures of Federal Financial Assistance:	\$ 347,690,150
--	-----------------------

Additional federal revenues reported

Interest Subsidy on Build America & Qualified School Construction Bonds	4,953,738
School Health and Related Services (SHARS)	<u>22,821,331</u>

Total Federal Revenues Reported	<u>\$ 375,465,219</u>
--	------------------------------

5. The District has elected not to use the 10-percent de minimis indirect cost as allowed under the Uniform Guidance.
6. The expenditures reported for Disaster Grants (CFDA 97.036) were incurred in the prior year.
