Dear Kashmere Community,

I am happy to share that Kashmere High School will lead the way in adding a layer of security that will streamline entry and provide our students and staff with one less thing to worry about. During the week of March 24, 2025, we will be implementing a weapons detection system at our monitored entry points. This system will not function like the airport security requiring students to take off shoes or belts and will not require regular bag searches. We expect this to be a non-invasive entry system with little to no disruption to our main goal – learning. To ensure a seamless implementation we have a rollout plan ready and I have included an [FAQ](#) for your review.

Date: Monday, March 03, 2025 Time: 05:00 PM – 06:00 PM Location Kashmere High School Cafe	Family Meeting. Have questions or want more information? Join us!
Date: Friday, February 28, 2025	Share information about changes to entry procedures
Date: March 17, 2025	Begin mock entry procedures
Week of March 24, 2025	Equipment in place and students begin the new entry procedures

This new system does not replace the other commonsense layers of security to ensuring a secure and safe campus but rather enhances those in place. We will continue to secure doors not designated for entry, will continue to encourage students to refrain from propping doors, and will continue to develop relationships that encourage students to report things they see or know about that risk our safety.

I want to thank you in advance for your continued support and confidence in us at Kashmere High School.

Brandon Dickerson
