

Quarter 2 SDMC Minutes

January 13, 2025

Attendees: Garrett, McMurrin, Rochon, Myers, Fisher, Barber, Benton, Clanton

3:15 Principal Garrett called the meeting to order and provided an overview of the expected outcomes.

Assistant Principal McMurrin played the slidedeck which included voiceover from Chief Murray.

The committee reviewed framework options.

Committee members asked questions about the 65%/35% allocations in the current framework.

Committee members provided their preferred options. The majority selected options A-C. One member selected option D.

Members provided their rationale.

Member 1: I selected option C due to its alignment with the percentage goals outlined in the campus action plan. This plan emphasizes targeted objectives for improving reading and math outcomes for our special education and English Learner (EL) populations. I also believe that achieving the goals outlined in the action plan will more effectively support student achievement.

Member 2: I chose C because i feel it is the best for our campus. I feel that our admin is very hands on and that they will be very objective and fair in what they observe and record in the classroom.

Member 3: I selected option C because I feel like elementary students would not fully understand the survey

Member 4: The campus action plan is out of our hands since teachers don't select the action items. If goals are not met, it is not a reflection of the individual.

Member 5: I feel it is important to hear the students' perspective.

Members voted: 3 members chose framework C, 2 members chose framework B and one member chose framework D. The framework selections for the campus are 1. Option C and 2. Option B.
