

Luther Burbank Middle School

"Achieving Success as a Team - 110%, No Excuses"

7 Star Distinction Campus

SDMC Meeting

Thursday, November 8, 2018 (Library at 4pm)

AGENDA

- **Welcome and Sharing**
- **Enrollment Update**
- **Budget Update**
- **Dress Code Modification Proposal**
- **Questions and Concerns**

1-Provide teachers with time to fill out new ELL Accommodations document. It is time consuming when one has to fill out one form at a time and find the information on Chancery for each student.

2-Teachers are stuck in traffic in the teacher parking lot because parents are picking up students in the parking lot and there is no admin assisting teachers getting out. Many teachers are in a hurry to pick up their kids.

3-To be able to fundraise can clusters and PTO stick to one special item to sell or can everyone stick to one location to sell. It's becoming difficult to sell due to many clusters having multiple points on selling venues. While some of us can't be traveling in carts to sell. It is frustrating when trying to plan for rewards, fieldtrips and activities for students because we will have to rely on the PTO to give us money for all our planned events.

4-Can we change the end of the year pep rally for another activity? It is time consuming and teacher will have to leave late since tutorials end at 4:55 pm.

5-Will you please discuss the fact that teachers aren't standing at their doors during passing period? This creates a safety issue and a burden on teachers who handle a whole hallway of students. Putting reminders in the weekly eagle isn't enough to hold teachers accountable and when teachers aren't held accountable it becomes a culture killer.

6-Also, the afternoon announcements are too long. It is difficult to conclude the lesson when the period becomes much shorter than your other periods. Then, if we hold them to finish up they are late for tutorials, parents and buses. Can't the bulk of the information be given in the morning?

Next Meeting Date: February 7, 2019
