Shared Decision-Making Committee
January 15, 2021

Members Present: Tremeka Collins, Michelle Thomas, Catalina Mejia, Kaya Savannah, Clara Llerena, and Sherrial Lowe

Agenda

This meeting is being held in replacement of the December 10th meeting.

Middle of the Year Projections

The committee discussed the following SMART goals from the SIP in relation to middle of the year CIRCLE assessment and A4E data.

- ELA
  - By March 2021, 50% or more of 4-year-old students will demonstrate mastery of rapid letter naming, rapid vocabulary, syllabication, and words in a sentence. By March 2021, 20% or more of 4-year-old students will demonstrate mastery of alliteration, rhyming, onset rime. By March 2021, 40% or more of 3-year-old students will demonstrate mastery of rapid letter naming, rapid vocabulary, syllabication, and words in a sentence.
- Math
  - By March 2021, 50% or more of 4-year-old students will demonstrate mastery in all math skills excluding operations. By March 2021, 40% or more of 3-year-old students will demonstrate mastery in all math skills excluding operations. MOY goal for operations is 25% student mastery.
- Attendance
  - By February 2021, MLK ECC will have a 93% average weekly attendance rating.
- Discipline
  - The campus has met the end of year goal of student office referrals will be less than 5%. The campus will continue with SEL implementation to maintain this expectation.

The committee discussed closing academics gaps with small group instruction and workstations.

Small Group Instruction
- Teachers are beginning the third iteration of the progression of skills.
- Teachers will be laser focused on content specific small group instruction on designated days.
- Literacy focused – Mondays and Wednesdays
- Math focused – Tuesdays and Thursdays
- Fridays will be used for additional intervention and enrichment activities.

Workstations
- Teachers will have a two-week timeline to revamp their workstation implementation
  - Week of January 19th – Teachers will introduce or review the class revised workstation management system.
  - Week of January 25th – Teachers will create a tiered workstation guide.
  - February 1st – Teachers will implement tiered workstations with updated management system.
- Workstation expectations:
  - Students will practice skills independently with tiered level activities
  - Workstations will include writing, graphic organizers, and STEM
  - Workstation areas to be included in the rotation are word wall, bee bot, light table, and Legos.
