**Absent:** B.Simon, A.Simon, C. Arizmendy

### **School Start Times Waiver:**

This start time is needed to be aligned with the hospitals for our students to go out on rotations. This waiver has been in place for many years. The school day at the campus would be 7:45 a.m. to 3:30 p.m.

### **Final Exam Exemptions:**

Students take several exams during the spring semester, which include EOC exams, AP exams, Industry Based Certifications and final exams.

For the 2022-23 school year a waiver was approved to allow students in all grade levels to be exempted from finals if they had a 90 for a semester average, S or E in conduct and had 3 or less days absent.

The recommendation from the SDMC members was to make the average at 85 to be the same as the AP classes exemption from the district.

Students would still be allowed to exempt form all spring finals for classes were they maintain an 85 average or higher, S or E in conduct and 3 or less absences.
