➤ **Welcome and Sharing**

➤ **Budget update**

Foreseeing more cuts: clerical and some retirees

➤ **MTADS**

New system, one 30-minute observation and one 10-minute observation per year.

Unanimous vote on requirements.

Will be in effect next year.

➤ **Questions and Concerns**

Students getting checked out early. High schools have a limit per students, can we do something similar?

Burbank does have a manual log, Knittle will send out email to remind teachers they must take attendance.

Too many students in the halls without hall passes, they are getting together and walking around skipping classes.

An email will be sent out to remind teachers that they must write hall passes.
