SDMC/Safety Minutes: March 26, 2018

1. School Budget

All purchase orders must be complete by April 6, 2018. The district will cut off the 2017-18 budget in June this year.

2. Instructional Focus

Fourth grade writing and fifth grade math and reading STAAR will be given April 10th and 11th. Third and fourth grade math and reading will be given May 14th and 15th. Science will be May 16th. Continue to prepare your students for these assessments.

3. Parent Communication

It is very important that you communicate with your parents. An administrator should not be the first line of communication. You should make every effort to communicate concerns and accomplishments about student behavior and progress to parents through email, by telephone or in person.

4. Student Attendance

Student attendance is below our goal for this school year. Our goal is 98% and we are currently at 96.4%. We are implementing incentives to help increase the rate.

5. Student Safety & Supervision

Students should be supervised 100% of the time. In order to reduce injuries and student misbehaviors, please make sure you are watching your students.

We will continue to practice our safety drills. We will have a lockdown next week.

6. Hope Stone

The last day for Hope Stone this year is April 6. There will be a mini performance in order for students to demonstrate what they have learned. Ms. Moten will be sending out detailed information on the performance.

Next Year:

First Semester-September 12-December 5

Second Semester-January 9-April 3
