

Shared Decision-Making Committee

11/6/2019

3:30PM – 4:30PM

3:30-4:30 SPARK Park

Location – SDMC Voted to use half of the front parking lot for the SPARK park

- This will allow for easy access for the campus and neighborhood
- Ensure sound will not be an issue for the temporary buildings when they are utilized
- Will allow for students to play during STAAR testing because it is far enough removed from testing classrooms that noise will not disrupt playing
- Removed from the physical campus for after-hours neighborhood use

Potential Equipment/Layouts

- Requested Equipment: Basketball/Soccer Area, Obstacle Relay/Run (possible combination), Gaga Pit, Picnic Tables and Track

Next Steps

- Reach out to SPARK park to verify the new location will work and send the potential equipment list so they are able to create a rendering of the potential park
