

# Fonwood Early Childhood Center

**“We’re Wild about Learning!”**

**Christina Jordan, Principal**

## **Shared Decision-Making Committee**

April 26, 2021

**Members Present:** Christina Jordan, Shanedra Burkhalter, Flora Henry-Smith

### **Topics of Discussion**

#### **Enrollment Projections/Budget**

- Ms. Jordan informed the committee that the average enrollment is around 540. This year the campus experienced a significant shortfall in enrollment due to the pandemic. The current enrollment is 361 students which caused a decrease in funding. Based on this year’s enrollment, the campus projection for the 2021-2022 school year is 500 students.
- The campus began enrolling new students on Monday, April 5<sup>th</sup>. The campus needs the community support in marketing ideas to gain additional awareness about PK enrollment.

#### **Interventions/EOY Projections**

- Teachers are facilitating after school interventions for Tier 2 and 3 students. MOY scores were overall below average. Teachers have completed a detailed data analysis of the class scores.
- Ms. Burkhalter has created a spiral review calendar to revisit the skills that need the most support. Additionally, teachers spiral lowest skills into their phonological awareness block. The campus goal is 80% - 85% or higher for four-year old students in each domain.

#### **New PK Adoption**

- The district has adopted SAVVAS as the new PK curriculum. Campuses have received access to informational videos and online planning tools.
- Teacher teams have been selected to plan out each theme for the upcoming school year. Initial planning will begin in the spring and continue throughout the course of the upcoming school year.
- This is the first curriculum change since the inception of Fonwood ECC.

#### **COVID updates**

- The district has provided campuses with updated policies regarding:
  - Recess and Playground Activities - Effective April 22<sup>nd</sup>, all HISD school playgrounds will be opened and recess permitted, with masks required for both.
  - EOY celebrations will currently be streamed for parents with students participating in-person. EOY plans may be modified if new information regarding hosting groups of people is received.
