Student Laptop Switch Out

We received notice this week that Intel has a global manufacturing shortage of processors (CPU) and will not be able to deliver the processors to our HP laptop manufacturer. Due to the global shortage, we will not be able to deploy the new HP x360 devices as planned for January 2019.

Students will keep their current devices until we can make the transition in the 2019-2020 school year with the new devices.
