SDMC/CIP AGENDA JAN 15TH

Cole, Daniella E 10 minutes 57 seconds

Good. So option D&E are officially off of the table. So I would say that we're with AB and C and I'm just going to talk through it one more time.

Cole, Daniella E 11 minutes 9 seconds

I know Miss Johnson was processing and then that gives me an opportunity to catch Miss wells up.

Cole, Daniella E 11 minutes 16 seconds

So when looking at options AB and C.

Cole, Daniella E 11 minutes 20 seconds

A and B focuses 45% of the teacher evaluation.

Cole, Daniella E 11 minutes 25 seconds

We focus on the quality.

Cole, Daniella E 11 minutes 26 seconds

Give instruction. We do know that we use spot observation data as well as our formal observation data in order to score this area.

Cole, Daniella E 11 minutes 35 seconds

OK. Then in option a, 30% is focusing on student achievement.

Cole, Daniella E 11 minutes 43 seconds

So we know that that data typically is going to be our BOYMOYEYOY, right?

Cole, Daniella E 11 minutes 48 seconds

So they're going to use that data and 30% of their score will be calculated based on that data.

Cole, Daniella E 11 minutes 54 seconds

In option A.

Cole, Daniella E 11 minutes 54 seconds

Roderick Paige Elementary School

SDMC/CIP AGENDA JAN 15TH

And option B, 35% of that data will be considered when calculating the teacher evaluation

score.

Cole, Daniella E 12 minutes 5 seconds

The difference?

Cole, Daniella E 12 minutes 6 seconds

Another difference here is the weight of the campus action plan. In option a, the action plan is 10%.

Cole, Daniella E 12 minutes 17 seconds

Versus 5% in Option B and that is where Miss Johnson was still processing.

Cole, Daniella E 12 minutes 24 seconds

Whether excuse me, whether or not we wanted, you know, more weight on the campus action plan or less weight using the campus action plan.

Cole, Daniella E 12 minutes 34 seconds

So I guess that's the question.

Cole, Daniella E 12 minutes 35 seconds

Do we want more weight on the campus action plan or do we want less weight? Using the campus action plan when evaluating teachers?

Johnson, Nikia D

12 minutes 47 seconds

12:47

Johnson, Nikia D 12 minutes 47 seconds

And can you speak to option C?

Cole, Daniella E

12 minutes 50 seconds

12:50

Cole, Daniella E 12 minutes 50 seconds

Sorry. Thank you.

Cole, Daniella E 12 minutes 51 seconds

Option C is 40% is the quality of instruction, so it's 5% less. OK and then it is 35% student achievement. So they're almost equal.

Cole, Daniella E 13 minutes 6 seconds

It's just a 5% difference. The campus action plan is at 10%. Planning and professionalism is consistently at 15%.

Cole, Daniella E 13 minutes 17 seconds

In option AB and C.
