#### **Superintendent's Response:**

Students receiving Special Education services exceeded the achievement target as measured by the Meets Grade Level Standard on the STAAR 3-8 Reading and STAAR EOC English I and II assessments.

The goal was exceeded by 4 points. As we continue to restructure Special Education and improve support provided to campuses, we will continue to see improvements to student achievement. Furthermore, we are continuing to explore broader implementation of co-teach classrooms and improved professional development for all teachers regarding high leverage instructional strategies for students with disabilities.
