## Agenda

1. Title I Program Overview Hilda Alvarado
2. LEAD – Leadership Effectiveness and Development System  
Objectives
  - Articulate the importance and rationale of the LEAD (Leadership Effectiveness And Development) system.
  - Obtain a high-level understanding of the components of how principals are evaluated.
  - Participate in an informal question and answer to obtain additional clarity.
3. Review the Survey for key points
4. Present - Lead at a Glance Power Point
5. Question and Answers
6. Survey

Notes: There were no questions or concerns on the Title I overview. The LEAD system power point was presented by Ms. Llorens. Ms. Burris asked about the LSAE model. When the students leave the room, they should be engaged in challenging project-based learning. Ms. Llorens communicated that she had the same concern and asked about it at the trainings over the summer. She was told that the goal is to ensure that students understand when they leave the room that they will be engaged in work and then maybe by mid-year begin pairing the students for group work and projects.
