Talked about data, highs, lows and quadrants that we are in. Our Quadrant was low achievement at the beginning but now we are at high growth. We are Steadily moving towards our goal, constantly Increasing student ownership on all aspects (grades, schedules, etc.). Mr Morgan asked what is different this year from last year. Mrs Jackson spoke about NES systems and her instructional leadership, on the spot coaching, one on one support and decreased behaviors. Ask for student specific data that is able to be found out so that we can do Chick-Fil-A awards for students that have shown growth. Ms. Carr and Mr. Jose will discuss a system.</p> |
|  | <p>Staffing</p>                     | <p>We will be full NES next school year (2024-2025), not many changes to procedures. No staffing model allocations yet, will be released at a later date. There have been 5 principals at Fondren MS in the last 5 years. Mrs. Jackson is working on</p>   |
